A FRIENDS ADVICE.

And what it led to.

It is not a common occurrence that a friendly word should be the means of giving nearly forty years of happiness and health to the person hearing the advice it carried. This was the case with Mary Lingoard. At twenty-five she was dragging out her days in misery. At sixty-one she finds herself so active and strong she can woman, and looks back at a younger life, full of health and vigor, and says, "I tell her her story: "Thirty-five years ago I had great trouble bilstered my side in an effort to give me relief. I was at that time earning my living as a tallorass, but for five years, between the pain in my side and the blisters, I was in constant misery, and work was a drag to me, with no prospect of relief; fortunately for me, however, a friend advised me to take Dr. Ayer's Sarsaparilla, and finally persuaded me to take a regular course of it. When I first commenced taking the Sarsaparilla my side was so painful that I could not fasten my dress, and for a time I did not get any relief. My friend advised me to persevere, and I did. This happened, as I say, troubled me since, and during the year I have passed through the most critical period of a woman's life without any further trouble, and to-day I am active and able to do a day's work that would upset

many a younger woman. Ever since my recovery I have taken a couple of bottles of Dr. Ayer's Sarsaparilla each spring, and am quite satisfied that I owe my good health to this treatment. I give this testimonial purely in the hope that it may meet the eye of some sufferer."—MARY LINGOARD, Woodstock, Ont. Dr. Ayer's Sarsaparilla has won its way to every corner of the world by the praise of its friends; those who have tried it and who know they were cured by the use of the remedy. There is nothing so strong as this personal testimony. It throws all theories and fancies to the winds, and stands solidly upon the rock of experience. It challenges every skeptic with a positive "I know." Ayer's Sarsaparilla, with its purifying and vitalizing action on the blood is a radical remedy for every form of disease that arises from impure blood. Hence tumors, sores, ulcers, boils, eruptions and similar diseases yield promptly to this medicine. Some cases are more stubborn than others, but persistence with Dr. Ayer's Sarsaparilla usually results in a complete cure. When a cure is effected, it is not a matter of course that Dr. Ayer's Sarsaparilla should be discontinued. It is a medicine that should be continued until a cure is effected, and a medicine that would cure a couple of months each spring and kept in perfect health. There are thousands of similar cases on record. Some of these are given in Dr. Ayer's Curebook, a little book of 200 pages which is free by mail to J. C. Ayer Co., Lowell, Mass. Write for it.

THE INFLUENCE

MOTHER'S FRIEND
