ANSWER:—Our Rebersburg brother, who corresponds for the Millheim Journal, and who in the last week's issue, while the thick clouds of somnolism were hanging around his tender faculty of criticism, which faculty undoubtedly, had hardly yet bathed itself in the bordering atmosphere of primary development, considered it a favorable season to reap many jewels of honor, by attempting to pick at a flaw in our Rebersburg items, three weeks ago. The same flaw, however, had not left the printing house unnoticed. But, since the editor was pressed for time, as he had acknowledged in the next issue that the flaw was made in the printing house and not by the correspondent. So, brother correspondent, of the Millheim Journal, after this never attempt to criticize until your undeveloped faculty of criticism is, at least, partly developed, then the public will not again be ashamed to read your prominent blunders. And again, when we work for a person or when we promise to do a work, we can not clear ourselves by making reports in part, but when we start to do something we do it and not merely make an attempt, and let the reader imagine the rest.

For \$1.50.—You can get two weekly newspapers for a year—"The Centre Democrat" and either the "Pittsburg Post" or the "Cincinnati Enquirer." Our claim is to furnish the Most News for the Least Money.

The services in the new United Evangelical church, of this place, proved a grand success spiritually and financially. The meetings were attended by large crowds of people. The cost of the church was \$1400 of which \$500 remained to be raised on dedication day. Before the day was over \$592 were raised and the church was dedicated as the Mt. Tabor United Evangelical church of Linden Hall.

AN EXPERIENCE:—Our hospitable little town had a large number of visitors over Sunday; we cannot mention all but we can not refrain from making mention of a few young people with whose visit is connected quite a romance. Two young ladies from an eastern neighboring town arrived here on Saturday and put up at the home of one of our hospitable citizens, intending to attend the dedication. All went well until Sunday evening when the young ladies announced to their host that they would not accompany the family to church, as they had on the previous evening, stating that they had a way of their own to get to church. This was alright, but after the good people of the house had left the young ladies became very much afraid, and thinking that the house was haunted, were about to lock themselves in an upper room when they heard a rap at the door. On account of fear they asked who was out, whereupon the reply was, "The blackest man in the world." The ladies opened the door, when to their pleasant surprise it proved to be the young tobaccoist and confectioner, of Lemont, whom they were expecting. They at once went to church, after church in company with this young man they again returned to the home of their host. The young man belated himself and staid till the wee hours of the morning, when he at last went to get his horse ready to leave, to his chagrin found that his blankets, cushions, whip and umbrella had become tired waiting and disappeared. The young man soon made all known to the young ladies who procured a lantern for him and went out on a search. Luckily he succeeded in finding all his belongings but his umbrella. The young man was now in a sad plight indeed, as he had no top on his buggy and no umbrella and the rain was pouring down in torrents. The young lady in true affection and sympathy persuaded the young man to stay, in the hope that the rain would soon cease. Their hope however proved in vain as the storm only became worse. At last the young man had to start in a driving storm of rain and snow without umbrella or top. We suppose the young lady went to bed, but we do not blame her if she did not sleep, for how could she when poor little Bob had six miles to travel in the awful storm. Young man we advise you to get your horse and other property insured in an accident insurance company.
