—Joseph Rightour has moved from his home with W. Galer Morrison, on Bishop street to Howard street. And Galer is going it alone at present. The occasion for this change about is rather unusual, but a reasonable explanation can be given for all. Coming events cast their shadows before them. As it is out of place to meddle in private affairs we have about said enough. Our bachelor friend Galer will be happy yet, you bet.

WAR NEWS.

The following is a brief summary of the news in the Thursday morning daily papers:

Another squadron of warships left Spain yesterday, consisting of two warships and one torpedo boat destroyer. Its destination is unknown.

The greatest secrecy is observed in the War and Navy Departments regarding the preparation for defense. In spite of this it is well known that preparations are proceeding with greater rapidity than heretofore, thus keeping pace with the hurry of events in diplomacy.

If Spain does not accept these propositions, and shows a belligerent spirit, President McKinley will make no further efforts at settling the questions by peaceful methods. He will put the entire affair in the hands of Congress and will stand with that body in all it does. War will then be certain.

Spain now has under consideration propositions made by this country looking to the independence of Cuba.

The Spanish cabinet will meet to-day and will pass upon these propositions. Until the cabinet meets no one can predict the outcome.

President McKinley believes that the Spaniards will accept the solution offered them. His advice is that way.

Stories of an armistice and the ultimate purchase of Cuba by the insurgents have been set at rest by the statement of Estrada Palma, who announces that the Cubans will not consider anything other than terms of independence. No money will be paid to free the island. Spain is whipped and will have to confess it.

Congress may declare war at anytime. Speaker Reed can not check the strong sentiment against the presidents dilatory course.

COMPANY B'S INSPECTION

The annual spring inspection, of Co. B. 5th Regiment National Guards of Pennsylvania, was held Tuesday evening in the Reynolds' armory.

The inspecting officer was Major John P. Penny, of Pittsburg, assisted by Sergeant William Moore, of the state arsenal at Pittsburg. The movements which the inspecting officer examined them in particularly were extended order, skirmish line, firing, platoon movements and manual of arms. This is one of the first inspections since the new manual of arms went into effect.

The Coleville band was present and rendered some delightful music.

Your Insurance.

Those who carry insurance upon their household goods and change their place of residence this spring, should not fail to promptly notify the agent and have the policy transferred to their new abode. Otherwise should a fire occur and the household goods be consumed, they cannot recover damages.

License Refused.

During the past week Judge Love disposed of the remaining license applications by refusing the following: Sam'l B. Schaeffer, tavern, Madisonburg; Edwin Rhule, tavern, Nittany; DuBois Brewing Co., wholesale, Phillipsburg; W. R. Charles, bottler, Phillipsburg.

Arbor Day.

Governor Hastings has issued his proclamation designating April 8 or 22 as Arbor days. In less than a month tree buds will be beginning to sprout, and those who intend setting out trees, shrubbery or vines, should lose no time in selecting suitable sorts.

The Up-To-Date Mary.

Mary had a little lamb; that time has passed away. No lamb could follow up the pace that Mary sets to-day. For now she rides an air-shod wheel in skirts too short by half. No lambkin shares her airy flight, but you can see her calf.

Shot a Black Eagle.

Nipponese News: David Bussler last week shot a black eagle on the north side mountains. It measured 7 feet 1 inch from tip to tip. The width of the claw outspread was 8 inches.

Lecture.

Rev. Miles O. Noll, former pastor of the Reformed church of this place, will lecture for the benefit of the ladies aid society of that denomination, on Friday evening, April 22nd. His subject will be "Hygiene of Cheerfulness or Pills for the Liver."

—Geo. Spicer, of East Logan street, left Thursday for Pittsburg, where he expects to work this summer.

—The senior class of Pennsylvania State College will hold their spring assembly, on Friday evening, April 15th, in the armory.

—Dr. Laurie was in Washington, D. C., last week to assist in securing the passage of a bill to increase the number of army chaplains, one for each post. Don't know whether the Dr. is seeking a new position or not. One thing is certain, he can preach a good discourse and if his pugnacious bump is aroused in a just cause there is no better fighter in the land. To fight and pray would suit the Dr. quite well, and next we expect to see him bound for Cuba with the boys in blue.

To cure a cough or cold in one day. Take Krumrine's Compound Syrup of tar. Money refunded if it fails to cure.

Gene to Tyrone.

This Thursday afternoon Mr. and Mrs. A. S. Garman and son Ira depart for Tyrone to take charge of the Empire House, in that city. Their departure was several weeks earlier than they had anticipated, as arrangements were perfected for Mr. Garman to secure possession on the 1st of April, instead of the 27th.

Mr. Garman expects to refurbish the hotel and make many needed improvements about the house so that it will be up to date in every particular. Al has been in the hotel business for many years and will know how to cater to the public. In his department, this town loses one of its most enterprising and useful citizens. He always took a live interest in all public matters and gave valuable assistance to any move in behalf of our town's development.

Al Garman leaves hosts of friends here who wish him well in his new venture.

DESTROYED BY FIRE.

This Thursday forenoon the Empire House was destroyed by fire. Mr. Garman carried \$4,000 insurance. Their household goods were in the Tyrone depot at the time. He left here on the noon train for Tyrone. It is his intention to rebuild at once.

Repairs For Church.

Rev. Cyrus Woodson, pastor of the A. M. E. church, of Bellefonte, finds it necessary to make some very much needed repairs about his church building. The interior is in a bad condition owing to a defective roof which should be repaired. The walls need plastering, papering and painting. The outside of the building needs a coat of paint to preserve it from the elements. At present the membership of the church can hardly bear the entire expense for this improvement. They are few and of limited means. On account of this condition, the Rev. will call on some of the citizens about town to assist him by small contributions. We think this would be a worthy object and the Rev. should receive a hearty greeting from all, when he comes for a small subscription.

LETTER FROM CORNELLY.

On Wednesday the following letter was received from James Cornelly, now in the Western Penitentiary. Thinking that some facts in it might be of interest, extracts are given:

Direct to Box "A-2270"
Allegheny City, Pa.,
March 26th, 1898.

DEAR FRIEND:—I wish to inform you that I arrived here alright and I am heartily glad the ordeal is over. I had a pleasant trip, and the sheriff treated me with great consideration. He showed that he still had the same confidence, that he had in me for the last ten months. His heart is bigger than some people give him credit, and I must admit that I was one of them. Well, I cannot tell you much about the place, anymore than this. It seems to be a wonderful penal institution. Everything seems to go by clock work. The officers that I have come in contact with, thus far, are courteous and obliging, and I will try to be the same to them. I was surprised when I came off the scales to find that I had lost twenty pounds. I am feeling much better and I hope I will soon be myself again.

I shall never forget the last ten minutes I spent in my old home, and the words of cheer I received from the citizens—young and old, rich and poor. Judge Love, himself, was caught by the tide. He came to me on train and bade me good-bye. It was not until I was refused a new trial that the people realized that a great wrong had been done. If my conduct merits it, I will be allowed to see a visiting friend once in three months, and to write one letter a month. I can receive papers. All papers must come direct from the publishers.

Tell the folks at home that I am well and remember me to all my friends. Tell them, to work in helping an innocent man will contaminate no one. With best wishes to all I will close for this time.

Your outraged friend,
JAMES CORNELLY.

LAW FIRM RETIRES.

This week the well known law firm of Fortney & Walker moved their office from the Woodring building to the Purst building and now occupy the office that for many years was held by Spangler & Hewes, Atty's., who have discontinued the practice in Centre county. The senior member Col. J. L. Spangler, devotes most of his time to the large coal interests in Cambria county, and Chas. P. Hewes, Esq., who had continued the firm practice for some years, will soon remove to Erie, Pa., where he will continue in his profession.

Messrs Spangler & Hewes, have transferred to Fortney & Walker all their cases in the courts, claims, office dockets and papers, and desire us to say to their clients and patrons that the business thus entrusted to them will be given prompt and careful attention.

Mr. Fortney's term, as postmaster, will soon expire, after which he will give his entire attention to the legal profession, at which he is an able and very successful practitioner. The junior member W. Harrison Walker has proven himself a thorough lawyer in the brief time he has been in the practice. This firm is one of the strongest at the Centre county bar and their business is increasing. Business left in their care will certainly receive prompt attention.

Healthy Baby When Born In Three Months Humor Spread Over His Forehead

Into His Eyes and All Over His Hands
Such Itching, Burning Torture—How It Ended.

When a child is cured of the itching torture and burning inflammation of eczema or salt rheum, it is no wonder that words fail to express the joy of the grateful parents, and that they gladly tell "in as strong terms as possible the plain story of suffering relieved and health restored. Many testimonials relate the wonderful success of Hood's Sarsaparilla in such cases, even after all other prescriptions and medicines fail. Here is one:

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs:—Our boy Harvey will remember the good Hood's Sarsaparilla did him as long as he lives. He was a healthy baby when he was born, but before he was three months old a breaking out appeared on both sides of his face. Physicians did him little good and said but for his strong constitution he could not have lived through his dreadful suffering. The humor spread over his forehead, into his eyes, and came out on his hands. It was indeed pitiful to witness the poor child's sufferings. It was very painful for him to open or shut his eyes, and we had to tie his little hands to prevent him from scratching the itching, burning skin. My mother urged us to try Hood's Sarsaparilla. We did so, and a short time after he began to take this medicine we saw a change for the better. We continued until we had given him five bottles, and then the eczema had entirely disappeared, and he has ever since been perfectly cured of this dreadful disease. His sufferings extended over two and a half years. People for miles around knew his dreadful condition and know that Hood's Sarsaparilla cured him. He is now a bright, boy, perfectly healthy and has the finest skin of any five children."
