That is just as important. —Tomorrow morning, bright and early, a large force of men, boys and youngsters will be at work along Logans Branch and other streams about Bellefonte trying to tempt the speckled beauties with alluring bait. There will be some big fish stories. It is said that some of the fellows have their trout on hand already.

—A large portion of this issue contains the advertisement of land sales in the county. W. C. ARNOLD, M. C.

Lost Heavily in a Chicago Fire.

By a disastrous conflagration on Wabash avenue, in Chicago, on last Wednesday, a number of fine business houses were destroyed, causing a total loss of \$680,000. Among the long list of losers we find the name of Alfred Bierley, music publisher, whose loss is given at \$15,000, with an insurance of \$7,000. The professor's many friends in the East will regret to learn of his misfortune.

Pension Information.

Pensioners will shortly receive blanks from the department at Washington calling for information regarding their marriage relations. The data is to be filed at Washington and will be used when widows' and orphans' pensions are applied for after the soldiers' death. The object was simply to get the soldier's own statement regarding his social relations.

Planting a Peach Orchard.

Alfred Bitner planted, last week, on the Benjamin Frederick's estate in Bald Eagle township, Clinton county, 500 peach trees as the beginning of what is to be eventually a large orchard. If this lot of trees prove a success the Bald Eagle valley will no doubt become as great a peach growing section as Nittany valley now is.

Cows Worth Having.

John Nicely, known as "Saw Mill John," of Ligonier township, Westmoreland county, has three cows that gave birth to nine calves within a year. Eleven months ago they each gave birth to a calf, and last week they each had twins.

Good Material.

The assessors on Military enrollment in Centre county have returned 6,271 persons liable for military duty if called upon by the Government. There are almost enough in Centre county to drive the Spaniards out of Cuba.

APPOMATOX ANNIVERSARY.

On Saturday evening a large audience assembled in the Court House to attend anniversary exercises in memory of the surrender of Gen. Robt E. Lee and his vast army, at Appomattox, April 9, 1865. The exercises were under the direction of Gregg Post, who had all arrangements perfected. The Court House was appropriately decorated, a special train was run from Pine Grove Mills and consequently there was a large attendance.

Comrade Samuel B. Miller called the meeting to order and announced that Dr. Geo. W. Atherton, of Pa., State College, would preside at the meeting. The Dr. made a brief, but very interesting talk in which he pointed out some very good lessons upon our development as a nation and the success of self government with its attending responsibilities.

Hon. A. O. Furst was the next on the rostrum to talk about incidents attending Gen. Lee's surrender. It was carefully prepared and authentic and brought forth events not generally known, or forgotten by many. The closing remarks of Mr. Furst contained some beautiful sentiment and patriotic fervor. On this occasion Mr. Furst seemed to be at his best and his effort was highly appreciated.

D. F. Fortney, Esq., was assigned the subject of Jefferson Davis, capture and the assassination of President Lincoln. This subject likewise had received careful attention and research by the speaker. He brought forth many striking incidents that received the closest attention of the audience, while here and there an odd comparison, or ridiculous incident was cited that elicited much applause. Mr. Fortney spoke in his usual earnest and forcible manner and gave his hearers something that was interesting, and instructive as well. He has the faculty of saying something when he talks, and does it in his own original way.

"Sheridan Twenty Miles Away" was a pleasing diversion, a recitation by John Blanchard, Esq., that was admirably done.

Next on the programme was to be a Camp Fire and some of the boys who were at Appomattox were expected to speak. While Samuel Williams was talking the alarm of fire sounded and soon the meeting was abruptly adjourned.

It was decided to hold the reunion at Pine Grove on the 16th or 17th of June. The actual date will be fixed at a later meeting. Committees were appointed to make all arrangements for the reunion, and everything will be in good shape when the time comes for making it a big success.

Y. M. C. A. FIRE.

The Bellefonte Y. M. C. A. had a well equipped gymnasium and building at the rear of the building on High street. It was a frame structure erected several years ago and equipped with modern appliances, including bath rooms.

On Saturday evening about ten o'clock fire broke out in the corner of the roof, likely from a defective flue. The fire departments were soon on hand, but the building was completely destroyed. It was located in a nest of buildings and stables and required heroic work by the firemen to save the adjoining property. Never was the value of a well equipped fire department better demonstrated than on this occasion.

The property destroyed amounted to at least \$1,500 on which there was an insurance of \$600. It is not likely that the building will be replaced as the association is financially embarrassed.

NOT FOR EVERYTHING.

But if you have kidney, liver or bladder trouble you will find Swamp-Root just the remedy you need. People are not apt to get anxious about their health soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your sickness?

It is easy to tell by setting aside your urine for twenty-four hours; a sediment settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate, scanty supply, pain or dull ache in the back is also convincing proof that the kidneys and bladder need doctoring.

There is satisfaction in knowing that the great remedy Dr. Kilmer's Swamp-Root, fulfills every wish in relieving weak or diseased kidneys and all forms of bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys—the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution.

If you need a medicine you should have the best. Sold by druggists, price, fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention THE CENTRE DEMOCRAT and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

"The Post" Leads, as Usual.

It is a matter of general comment that "The Pittsburg Post" leads all its contemporaries in the printing of the news, and it has maintained its reputation in the past few weeks while the war news were gathering. "The Post" not only publishes the best and most accurate reports, but gives them in the most logical and attractive style.

In this respect, as in all others, "The Post" took the lead. Envious competitors have ridden up to the office and made a study of the original makeup, but one by one they are dropping into the procession and imitating "The Post" in typographical appearance. "The Post" is glad to see this, and will endeavor to set a livelier pace, as it always has done.

Not only has "The Pittsburg Post" led in the publishing of domestic news, but it has a large news source of Europe guarded by watchful, trained correspondents. The result is apparent.

Keep your eye on "The Post" when war breaks out. It will continue to the high standard already set up. All the news all the time, carefully edited and attractively printed. Ask your newsdealer for the daily "Post," or subscribe for it by mail, \$3.00 per year; with 28 page Sunday issue, \$5.00. Address: "THE POST," Pittsburg, Pa. Circulation department.
