PRISONERS OF WAR.

The Nashville Brings Twenty Spanish Soldiers to Key West.

CAPTURED ON THE ARGONAUTA.

The Civilian Passengers Were Placed Ashore at Clenfuegos, Where Our Vessels Were Fired Upon and Returned the Fire.

Key West, Fla., May 3 .- One of the most important captures made since the outbreak of hostilities was that of the Spanish steamer Argonauta by the gunboat Nashville last Friday, news of which reached here last night when the warship arrived. The Arganaut had on board Colonel Corijo, of the Third Spanish cavalry, his first lieutenant, surgeon major, seven other lieutenants and ten privates and noncommissioned officers. The steamer also carried a large cargo of arms and Mauser ammunition. She was bound from Batnabano, Spain, for Cienfuegos, stopping at Port Louis, Trinidad and

The Nashville, the Marblehead and the Eagle left the station on the north coast last Monday to blockade Cienfuegos, arriving at the latter place on Thursday. They spent the day reconnoitering, and the next morning (Friday), in order to get better information, steamed close to the mouth of the harbor of Cienfuegos. All were cleared

At about 10 o'clock in the morning smoke was seen rising on the western horizon, and the Nashville, because of her position, put on all speed and steamed in that direction. Twentyfive minutes later she put two shots across the bow of the coming steamer. which promptly hove to. Ensign Kuenzli was sent with a prize crew of four, who took possession of the Spanlard. Learning that Spanish soldiers were on board word was given to send them to Nashville immediately as prisoners of war, and this was done.

Arrangements were then made to transfer the passengers and non-combatants to the shore. The women and children were placed in the first boat, and under cover of a flag of truce were soon bound toward the entrance to Cienfuegos. The second crew took | rid, M. Patenotre, has forwarded ofthe other passengers and landed them.

The Eagle hoisted a signal conveying the intelligence that she had been fired upon by Spanish boats coming out of the river. The Eagle immediately returned the fire and held her ground until the Marblehead came up. Both vessels then fired broadside after broadside up the entrance to the river. The boats coming down were two torpedo boats and one torpedo boat destroyer. After 20 minutes' firing by tha Eagle, the last two of which was participated in by the Marblehead, the Spanish boats ceased firing, and it is considered certain they were damaged.

Weyler's Brother-in-Law a Captive. Key West, May 4.-The Spanish mail steamerArgonauta, Captain Lage, was conveyed into Key West harbor by the United States cruiser Marblehead yesterday afternoon. It appears that Colonel Vicente de Cortijo, of the Third Spanish cavalry, who, with 19 other army officers, was taken on the prize, is a brother-in-law of Lieutenant General Valerino Weyler. Colonel Cortijo denies this, but it is learned from good sources that he sustains this relationship to the former governor general of His captors are measurably elated.

Suicide of a Sloux Indian.

Niobrara, Neb., May 4. - Samuel Campbell Chaska committed suicide yesterday. Chaska was a full blooded Sloux Indian. Ten years ago he graduated with high honors at Carlisle, and shortly after became famous by marrying Cora Belle Fellows, of Washington, D. C. In a few years he drifted back to the reservation and sunk to the level of a common blanket Indian. His wife left him years ago. Chaska was in jail at the time of his death, charged with stealing horses. This is the first instance in which a full blooded Slouz ever committed suicide.

PENNSYLVANIA'S MILITIA

Nobly Responds to the President's

Call For Volunteers. Mount Gretna, Pa., May 3 .- Yesterday was inspection day for the First brigade at Camp Hastings, but this was overshadowed by the enrollment of volunteers for the United States army, and, as has often been demonstrated before, the Pennsylvania National Guardsmen again showed the stuff of which they are made by nobly responding to the call to duty. Out of 2,680 officers and men who reported on the field 2,241 volunteered to go to war for the two years fixed by the president. In these numbers 32 officers done away with under the volunteer army bill are not included. Many of those who did not volunteer included men of old age or known to be unfit physically, musicians and men whose families sorely needed their support, and who had been advised by their officers not to volunteer. These numbered eight officers and 431 men, and those who will soon become United States volunteers numbered 152 regimental and company officers and 2,089 men. In some of the companies there are vacancies yet to be filled.

Mount Gretna, Pa., May 4 .- The soldiers of western Pennsylvania, who comprise the Second brigade of the State National Guard, were given their opportunity yesterday to enroll themselves in the volunteer service of the United States, and their response to the call was at once remarkable and inspiring. Three regiments and the light battery to a man said they would follow the fortunes of the flag as volunteers, and not one regimental or company officer in the entire brigade made a negative answer to Inspector General Morrell's question as to whether they desired a commission. The banner regiments yesterday were the Sixteenth, General Wiley's old command, and the Fifteenth and Eighteenth. The officers and enlisted men on the field numbered 3,073, and out of this number but 104 enlisted men declined to vol-

Two of the smaller Spanish ships, the dispatch states, were sunk in order to avoid falling into the hands of the enemy. The other Spanish ships were half destroyed and had taken refuge in Baker's bay.
