tion of political bossism and the emancipation of her people from a galling political slavery; the overthrow of political corruption in high places; and the wiping out of the reproach and shame that has fallen upon the good name of our grand old commonwealth. For the accomplishment of these purposes we earnestly seek the aid of the people, irrespective of past affiliations.

The cry of the starving and oppressed Cuba for release from the tyranny, cruelty and misrule of the Spanish government having come up before the people of our beloved land, we rejoice that the Democratic party by force of public opinion compelled congress and the administration to assume the aggressive and demand that the murder, oppression, cruelties practiced upon, and the systematic starvation of the people of Cuba should cease and our government must in the interest of justice and humanity, interfere and use all its power to compel the Spanish government to acknowledge the freedom of Cuba. Spain having refused and our government having under perfect lawful authority interfered, and in consequence war exists between our government and that of Spain, we demand of the administration a vigorous prosecution of the war, pledging every needed support in both men and means to the end that the purpose for which the war was declared shall be speedily accomplished, freedom be given to Cuba, and peace be restored between us and Spain.

We commend the ticket this day nominated to the voters of Centre county as worthy of their support irrespective of past party affiliations and pledge to it our earnest and united support.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. "Hood's Catarrh Cure," manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O.

Take Conditions Coolly.

The constitutionally lazy man suffers most this hot weather. He can not find any temperature just right, so he frets, sweats and swears more while hunting shade and fighting flies than do the rest of us toilers who neither fret, sweat nor swear more than is consistent with existing surroundings. There are acres of comfort and gallons of satisfaction in being able to accept with a pretty good grace those unpleasant things we can not get away from.

Food Caused Pain

Catarrh of the Stomach Cured by Hood's Sarsaparilla.

"I was taken sick about a year ago with catarrh of the stomach. At times I would have a ravenous appetite and at other times could not eat. My food caused me excruciating pain. I was running down so fast I had to stop work. My friends urged me to take Hood's Sarsaparilla. I did so and soon began to feel better. The disagreeable symptoms of disease gradually passed away and flesh and strength returned. I owe it all to Hood's Sarsaparilla." MARY L. CUMMINGS, North Brookfield, Mass. Remember
