Of Interest to Secret Orders.

JUST A STRAW.

An Act That Shows What Kind of a Man Heinle Is.

In the late Civil War, John Heinle, the only brother of Wm. C. Heinle, Esq., lost his leg in the battle of Coal Harbor, after being four years in the service, having enlisted in Company G, 51st R'gt P. V. in 1861, and re-enlisted in 1864—a good, brave soldier. A shell knocked his leg off at the knee and he lay on the battlefield a couple of days and gangrene set in, and most of the time he was an invalid as well as a cripple until the day of his death, which occurred in April, 1870. \$15 per month was the pension soldiers then got. This, in those times, all short in paying rent and keeping a family, much less looking after a sick man.

William looked after the comforts of his brother until he died. He buried him, paid his funeral expenses, all his bills and debts, saying that John was too good a soldier to have it said that debts and bills were standing against him.

William was then not 21 years old, and we are told by reliable parties, that in the summer of 1870 he took a large lot of stone to break on the turnpike, between Nittany and Brushvalley, in order to clear all his brother's indebtedness. Voters, judge for yourselves, what kind of a man you vote for when you vote for Heinle for Senator, regardless of politics.

The Grange Picnic.

Last week, the picnic at Grange Park, was in full blast at the time of going to press. The attendance this year seems to have fallen off considerably, despite the fact that there was more favorable weather than on former occasions. The exhibit of farm material was better than usual, and there was a splendid list of prominent speakers for the various sessions.

Probably the public are not as enthusiastic over picnics as formerly. As there were plentiful crops the past two seasons the farmers are not harder pressed for money. It may be that they have attended this popular gathering so often in the past that the novelty is all gone by this time. People want a change, something new, a bit of variety and more entertainment.

Big Picnic.

On Saturday a large excursion from Tyrone, consisting of twenty-one coaches, spent the day at Hunter's Park. The picnic was given by the Morrison & Cass Paper company of that place who furnished transportation for all their employees and families as has been their custom for some years. No stop was made at Bellefonte to allow any to visit the town during the day, and in this way they prevented any of the men from indulging in our famous spring water.

This firm does a prosperous business and they know how to retain the confidence and good will of their employees.

State S. S. A Convention.

The State convention of the Pennsylvania Sabbath School Association will meet at Johnstown October 18, 20 inclusive. Special rates will be given on railroads upon presentation of card orders which can be obtained from Secretary C. B. Roads, 1420 Chestnut street, Philadelphia. Johnstown people have generously offered to entertain all who attend. Hon. John Wanamaker and others high in Sunday school work will be there. A new and important feature will be a parade of all Sunday schools of the city and vicinity on Wednesday afternoon.

New Telephone Company.

Huntingdon County Telephone company, which proposes to operate and maintain a telephone system in the counties of Huntingdon, Bedford, Blair, Centre, Fulton, Mifflin, Juniata and Perry; and to connect with other lines, was chartered in Harrisburg last Friday.

WEDNESDAY'S RECEPTION.

Wednesday forenoon the citizens of Bellefonte and the county gave the soldier boys a formal "Welcome Home." It was a great outpouring of gratitude that truly impressed them that their labors and sacrifices were appreciated more than words or deeds could express.

Burgess Naginay and the town council took the affair in charge and carried it to a very successful completion.

First was a monster parade that moved at 10:30 through the principal streets. The following organizations participated in the following order:

Col. J. L. Spangler, chief marshal, with Col. Amos Mullen, Chief of staff, and aids. State College band. Burgess P. E. Naginay and Town Council in carriages. Drum corps. Company B, followed by Surgeon R. G. H. Hayes with a number of the convalescent members of the company in carriages, Gregg Post, and other members of G. A. R. Following these came the 60x90 foot flag carried by sixteen men which was raised at Pleasant Gap some time ago in honor of Company B, Coleville band at the head of the Logan Fire Company, with their ladder truck in line engine and the citizens No. 1 Hook & Ladder Company, of Milesburg with truck. Pleasant Gap band. K. G. E. Commandery, of Bellefonte. Undine band and company with engine. O. U. A. M. order, of Milesburg. P. O. S. of A., from Valentine Forge. Next came about sixty horsemen from Col. Reynolds's farms and others from Benner township, styled the "Rough Riders." The parade was concluded by a body of bicyclers with decorated wheels, in which Rev. James P. Hughes, Centre county's oldest wheelman, was the end of the parade.

It was a large parade and well organized. Thousands of people thronged the sidewalks and streets and cheers went up along the line as the boys passed.

The parade ended at the public school ground in front of the armory, where the various organizations formed in front of the speakers stand with Company B seated on the platform and the G. A. R. by their side.

Gen. Beaver was master of ceremonies. Exercises opened by singing "America" and a prayer by Dr. Stephens of the Methodist church. The address of Welcome was made by Gen. Beaver, who was followed by Hon. James Milliken, formerly of Bellefonte. "Star Spangled Banner" was sung after which the following gentlemen made brief and stirring addresses: Wm. C. Heinle, Esq., J. C. Meyer, Esq., and Rev. Holloway. Gen. Beaver proposed three rousing cheers for the next speaker, Capt. H. S. Taylor, and it was given with a vim. Capt. Taylor's remarks were attentively listened to in which he referred to the prompt and willing manner the boys performed every duty imposed. He said they generally had plenty to eat, and there was no particular cause for complaint in that line. In behalf of the company he thanked the public for this patriotic expression. Rev. Brown pronounced the benediction.

An exhibition drill was then given on the ground. It showed that the five months encampment had made them proficient in movements and handling of arms. At the conclusion they marched to the Armory and partook of an elaborate dinner prepared by Caterer Ceaders and assisted by the young ladies of the town in serving. The visiting organizations were extended a lunch on the grounds.

The demonstration was a fitting tribute to the gallant boys of Company B and they truly appreciated this Welcome Home reception.

Recital.

On Friday evening, September 30th, a musical recital will be given in the Presbyterian church, for the benefit of the parsonage fund, under the direction of Miss Newbaker, the organist. Among the special features of the programme will be Mr. Ernest Gamble the eminent basso, of Trinity church, New York. Miss Nellie Risher, a pianist of rare ability from the New England conservatory, of Boston, will also contribute to the programme. It will be a rare treat. Admission will be 35 and 20 cents.

Union County Fair at Lewisburg.

The Pennsylvania Railroad Co. will sell excursion tickets from all stations, Bellefonte to Lewisburg, Sept. 27, 28, 29 and 30th, good to return Oct. 1st at excursion rates.

On Thursday, Sept. 29th excursion tickets will be sold from Bellefonte to Coburn and intermediate stations, at a single fare for round trip, good only on day of issue. Will run special return train to Bellefonte leaving fair ground at 5:45 p. m.

Notice to Farmers.

The Phoenix Milling Co., preparatory to starting their new mills, is now receiving wheat and other grains. Their old policy of taking wheat, etc., at the owners risk, has been changed, so that now the farmers may place their crops in the steel tanks recently erected and the Milling Co. will be responsible for any loss that may occur to grain there stored.

Alter More Extensions.

The Beech Creek railroad is negotiating to extend its line through to Pittsburg so as to have a connecting line with some of the large trade centres.

FOR COUGH, asthma, bronchitis, or whooping cough, there is no remedy so sure and safe as Dr. Ayer's Cherry Pectoral. From the first dose its healing influence is manifest. The sufferer who has been kept awake by the cough falls into a restful sleep, and awakes strong and refreshed. Dr. Ayer's Cherry Pectoral is acknowledged to be a specific for all pulmonary complaints. Physicians praise and prescribe it. It is now put up in half size bottles at half price, 50c. "One of my children had croup. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Having a part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses at short intervals, and anxiously waited results. From the moment the Pectoral was given the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day. Ayer's Cherry Pectoral saved its life."—C. J. WOOLDRIDGE, Worthen, Texas. Ayer's Cherry Pectoral.

THE WHITE MILLERS. Scientist Tells Something of the Millers That Are Now With Us. A scientist has given the Williamsport Sun the following regarding the swarms of white millers that have been fluttering around the street lights for several nights past. The scientific name of the miller is zereze catenaria. We have them every fall, but they have been more plentiful for several years than formerly. It is a moth and belongs to the order known as geometrids, or magpie moths. A peculiarity of this moth is that the present visitors lay the eggs and in the spring they are hatched into ordinary caterpillars like measuring worms. These worms spend the summer feeding on huckleberry plants, sweet fern and the like. Then along about August the worms go into the pupa state, making lace-like cocoons that can be seen through, so transparent are they. These hatch out about Sept. 1 to Oct. 1, and you find thousands of the worms over on the mountain. When they hatch out into the miller the lights of the city attract them, they suddenly swoop down upon us in a cloud, and the oldest inhabitant is astonished for a night or two. Warm nights bring them out, and in the morning they are apparently lifeless, but revive with the appearance of the sun. The average life of this moth is about a week. Social at Howard. The Y. P. S. C. E., of the Christian church, will hold a social in Lucas' hall, at Howard, on Saturday evening, September 24th, 1898. All are invited to attend.

Does Baby Thrive? If your baby is delicate and sickly and its food does not nourish it, put fifteen or twenty drops of Scott's Emulsion in its bottle three or four times a day and you will see a marked change. We have had abundant proof that they will thrive on this emulsion when other food fails to nourish them. It is the same with larger children that are delicate. Scott's Emulsion seems to be the element lacking in their food. Do not fail to try it if your children do not thrive. It is as useful for them in summer as in winter. Ask your doctor if this is not true. SCOTT & BOWNE, Chemists, New York.
