

### NEW TRIAL FOR DREYFUS

#### Prisoner of Devil's Island Has a Chance For Liberty.

### VICTORY FOR PREMIER BRISSON.

The Head of the French Cabinet Literally Wrung Consent For a Revision, Being Vigorously Opposed by M. M. Sarrien, Viger and Maréjoul.

Paris, Sept. 27.—At a meeting of the cabinet yesterday, all the ministers being present, a decision was taken in favor of a revision of the trial of former Captain Dreyfus, and the documents in the case will be sent to the court of cassation.

The cabinet ordered the minister of justice, M. Sarrien, to lay before the court of cassation the petition of Mme. Dreyfus, wife of the prisoner of Devil's Island, for a revision of her husband's case. The court, therefore, will decide the legal question as to whether the first trial of Captain Dreyfus was vitiated by the forgery committed by the late Lieutenant Colonel Henry, who was a witness before the court martial, and who confessed to having forged a document in the case.

It is understood that M. Brisson literally wrung consent from the cabinet for a revision, after a remarkable display of eloquence and personal influence and the stormiest session. His strongest opponent was M. Sarrien, the minister of justice, who expressed a desire to resign and warned the other ministers that they were assuming a terrible responsibility. M. Viger and Maréjoul, respectively minister of agriculture and minister of commerce, supported M. Sarrien.

PREMIER BRISSON.

M. Brisson fell into a violent passion and declared tearfully that the ministers ought to credit him with understanding all the difficulties and the best way of meeting them. Should they abandon him now by refusing a revision it would be to face dishonor. As a final argument he pointed out that it would be an extremely grave matter to force a cabinet crisis while the chamber was not in session. The dissenting ministers then reluctantly yielded. M. Maréjoul said: "It is not worth while to resign when it is known that we shall be overturned in a fortnight."

General Chanoine, minister of war, remained neutral. President Faure hastily returned to Paris yesterday afternoon, but M. Brisson went to the Bois de Boulogne, probably to avoid presidential interference until the papers should have announced the decision in favor of a revision. M. Faure being still strongly against a revision.

The criminal chamber of the court of cassation, which will examine the dossier, consists of 15 judges and a president who happens to be a Jew.

### THE WAR INVESTIGATORS.

#### To Thoroughly Investigate Charges of Mismanagement.

Washington, Sept. 28.—The commission appointed by President McKinley to investigate the administration of the war department in relation to its conduct of the Hispano-American war began its labors formally today. The commission effected an organization on Saturday by electing General Grenville M. Dodge president, Mr. Richard Weightman secretary and Major Stephen C. Mills, of the regular army, recorder.

The full commission is as follows: Major General Grenville M. Dodge, of Iowa; Colonel J. A. Sexton, of Illinois; Captain E. P. Howell, of Georgia; Major General J. W. Wilson, chief of engineers of the United States army; Charles Denby, of Indiana, late minister to China; ex-Governor Urban A. Woodbury, of Vermont; ex-Governor James A. Beaver, of Pennsylvania; Major General A. McD. McCook, U. S. A. (retired); Dr. Phineas S. Conner, of Cincinnati.

That it is the president's desire that the inquiry should be rigid and searching was indicated by his statement to the commission when it assembled at the White House for a conference with him on Saturday. No limit is placed by the president upon the scope of the department of the army, and the president assures the commission in advance that he will afford every facility in his power for the prosecution of the most searching inquiry into every part of the administration of the war.

The sessions of the investigators will be secret until the report is ready for publication.

President to Visit St. Louis, Washington, Sept. 28.—Mr. Richard Kerns obtained a promise from the president yesterday to visit St. Louis on his western trip. The promise was coupled with the condition that the stop could be made either going or coming from Omaha, and that it should not interfere with the president's arrival at either Omaha or Chicago on schedule time.

Mrs. August Belmont Dead, New York, Sept. 28.—A private dispatch from Paris announces the death there Monday night of Mrs. August Belmont. Mrs. Belmont went abroad in poor health, accompanied by her husband and son, about two months ago, and was unable to leave with them when they returned several weeks ago. She was 56 years old.

### SANTIAGO GOVERNMENT.

#### General Wood's Method of Placing Reputable Cubans in Control.

Santiago de Cuba, Sept. 28.—The system of civil government established by General Wood is practically complete and in good working order. Major McCleary, formerly attorney general of Texas, and a Spanish scholar, has been appointed mayor, and the Spanish officials are giving place to Cubans. General Wood says he does not know the capabilities of the men taking office. They are chosen by a committee of 50 prominent Cubans, whom he believes to be honest and conscientious. This committee recommends men whom its members think would be efficient in the various offices to be filled. The choice of men by the committee must be unanimous and must be made over the signature of the entire 50 members. General Wood finds that the plan works admirably. Lieutenant Blount has been appointed to codify the Cuban laws. The Cubans earnestly request General Wood to send to Manzanillo food and clothing. They declare there is much suffering there, but private advices received by General Wood deny absolutely the stories of destitution and declare that work is obtainable, but that the Cubans will not work, and he has therefore refused to send the supplies asked for.

Senor Rigney, one of the largest sugar planters in Cuba, who has arrived here from Manzanillo reports the conditions there worse than ever. The insurgents, he asserts, refuse to grant permission for the carrying on of work on the plantations, and the Spanish officials decline to furnish protection to those desiring to work.

William Stakeman, before the war American consul at Manzanillo, arrived here yesterday and paid a visit to General Wood. He recounted many lawless acts on the part of the insurgents, who, he declares, demand tribute from every one, terrorize peaceful people and threaten the confiscation of the property of merchants and planters.

### BANK ROBBERS' BIG HAUL.

#### They Secure Close to \$12,000 and Escape—One Suspect Captured.

Flora, Ind., Sept. 28.—Between 2 and 3 o'clock in the morning the safe of the Farmers bank was blown open by robbers, who secured close to \$12,000 and made good their escape. Cashier William L. Schuch, who was aroused by the noise of the explosion and appeared on the scene while the robbers were still at work, was shot, but will probably recover. A posse of citizens followed the gang of robbers some distance, but they got away on a handcar. There were two terrific explosions, and the bank building was almost wrecked. Out of a mass of rumors regarding the capture of the robbers the most reliable is that only one man has been arrested, and he is in the county jail at Delphi. He had on his person two watches and \$250. Intense excitement prevails throughout Carroll county more because of the shooting of the cashier than of the robbery, and the guilty parties would probably be lynched if caught. It is said that of the amount taken at least \$5,000 was in gold.

Murderous Minister's Death Sentenced, Fort Worth, Tex., Sept. 28.—Rev. G. E. Morrison, pastor of the Methodist Episcopal church at Pan Handle City, who has been on trial at Vernon for a week on the charge of murdering his wife on Oct. 10, 1897, was yesterday found guilty and his punishment affixed at death. Morrison administered strychnine to his wife after returning from church. Before the death of his wife Morrison was engaged to wed Miss Annie Whittlesey, of Topeka, Kan., and when intercepted he was at her home. It developed in the trial that Morrison was infatuated with the Topeka young lady, and he chose to put his wife out of the way in order that he might marry Miss Whittlesey. An appeal will be taken.

#### Colombia Will Oppose Italy.

Kington, Jamaica, Sept. 27.—Advices from Cartagena, Colombia, state that the Colombian government has finally decided to decline to pay the Cerruti claim, on the ground that the republic is now able to produce ample evidence of Cerruti's complicity in the political troubles that occurred in the country in 1876 and 1885. The government, according to the advices received, has directed the president to urge Italy to agree to resubmit the case to arbitration, and will, in the event of failing in this attempt, oppose force with force to the last extreme.

### ROOSEVELT NOMINATED.

#### New York Republicans Name the Rough Rider For Governor.

### AN ENTHUSIASTIC CONVENTION.

#### Every Reference to Both Roosevelt and Black Was Generously Applauded, But the Vote on Nomination Was: Roosevelt, 753; Black, 218.

Saratoga, N. Y., Sept. 28.—The Republican state convention nominated the following ticket yesterday: For governor, Theodore Roosevelt of Oyster Bay; lieutenant governor, Timothy L. Woodruff of Kings; comptroller, William J. Morgan of Erie; secretary of state, John T. McDonough of Albany; state treasurer, John B. Jaekel of Cayuga; state engineer, Edward A. Bond of Jefferson; attorney general, John C. Davies of Onondaga.

The convention was a most enthusiastic one throughout. The opening session was confined to the naming of committees. Congressman Seno E. Payne, as temporary chairman, evoked the cheers of the delegates by his references to President McKinley and the conduct of the war.

After a recess Senator Horace White, of Syracuse, was chosen permanent chairman, and the credentials committee reported that there were no contests.

Senator White, on taking the chair, made an able address. In the course of which he paid a glowing tribute to the administration of Governor Black.

The mention of Governor Black's name by Chairman White was the occasion of thundering applause, which was followed by three cheers. The speaker was interrupted for fully two minutes. He was about to recommence when a voice in the gallery shouted, "We will have Black or no man," which expression called forth another storm of applause. Reference to the services of Senator Platt at Washington was also the occasion of an outburst.

At another period of his speech he was interrupted by a voice in the rear of the hall shouting: "We must have Black." The various war heroes came in for their share of the approbation of the convention when reference was made to them. A mention of the charge of the rough riders at San Juan Hill brought the convention to its feet with a great outburst of demonstrative expression. The delegates stood in their places and cheered. Senator Platt joined the other delegates.

As the committee on resolutions was not ready to report the convention decided to proceed

COL. THEODORE ROOSEVELT.

with the nominations, and J. Rider Cady, of Hudson, who nominated Governor Black two years ago, took the platform to perform the same service. Mr. Cady was frequently interrupted with applause. Judge Cady finished amid tremendous applause.

At 4:55 o'clock Chauncey M. Depew took the platform to nominate Theodore Roosevelt. For some minutes Mr. Depew could not begin his speech for the applause that ensued. Those portions of his speech relating to President McKinley were received with much applause, and there was a vigorous reception of the tribute to Governor Black. When Mr. Depew told of the famous charge of the rough riders and mentioned Colonel Roosevelt the audience went almost crazy. Every man was on his feet and vociferously cheering.

When Mr. Depew had reached the point in his speech where he alluded to the non-effect of Mauser bullets on Colonel Roosevelt two or three men rushed down the aisle bearing a big portrait of Roosevelt in rough rider uniform. There was a three minute interruption, and the picture was taken to the stage and set up.

Mr. Depew finished at 5:25, amid applause that was almost pandemonium. Then followed speeches seconding the nominations, and Ellihu Root, who had been substituted as a delegate in the convention, was called to the platform by the chairman, and made a statement as to the eligibility of Mr. Roosevelt to hold office. He said that Mr. Roosevelt had always voted in Oyster Bay and had merely removed personal property to Washington. He had always paid taxes in Oyster Bay and had merely refused to pay taxes on property he was using in Washington, and by his affidavit he merely said that he was not a resident of New York.

At 7:15 Secretary of State Palmer moved a roll call, and the motion was adopted. At 7:41 the roll call was completed, and the vote was announced as follows: Roosevelt, 753; Black, 218. Then the auditors and the delegates rose in a great mass and cheered. Judge Cady got the floor and moved the unanimous nomination. While the question was pending Senator Kram, who had supported Governor Black and his friends, I say that they will stand by Theodore Roosevelt as he stood by the country."

The nomination was made unanimous, and at 7:46 the convention took a recess until 9 o'clock. On reassembling the platform was presented and adopted, the ticket completed and the convention adjourned sine die.
