

HAPPENINGS IN BELLEFONTE

—William Smith, the photographer, of East Logan street, is rejoicing over the arrival of a young daughter, which came to his home on Monday morning.

—The Brown property on Bishop street, which was badly damaged by fire some time ago, is being repaired again. This corner has been unoccupied for several years.

—On Saturday a-week, Oct. 15th, the hunting season opens. The scarcity of acorns and hickory nuts will make squirrels scarce. Quail, pheasants and turkey will be same as formerly.

—Fred, eldest son of Mr. and Mrs. Frank Blair, who came home recently from Pittsburg feeling unwell, is now confined to his bed with typhoid fever. He is quite sick, but not dangerously ill, at this writing.

—The ranks of the famous old Bucktail regiment are fast thinning out, and today but three survivors are living in Centre county. They are David Glenn and Isaac Freeze, of Bellefonte, and A. J. Graham, of Philipsburg.

—R. A. Bumiller, editor of the Millheim Journal, who has been confined to his bed with typhoid fever for the past three months, but was on a fair way to recovery, was stricken with paralysis recently. We regret to say his condition at present is not very encouraging.

—Of the 262 students now registered at the Penna. State College, 40 are from Centre county. Of these H. A. Blair, C. G. Harper, C. M. Harris, W. A. Ishler, J. C. Rodgers and W. P. VanTries are from Bellefonte and A. B. and C. N. Fisher are from Zion. Fifty-five counties of the State, nine other States, and Venezuela are represented.

—On Saturday last the State College football team played with the University of Penn., at Philadelphia. The score was against them. They were defeated 40 to 0. They had one of the strongest teams in the country to contend with. Everybody is anxiously waiting for the annual contest with Bucknell, which will be played at Williamsport this year, in November.

—Tuesday afternoon while Corn Garman and his little son Daniel were driving down Bishop street, in an open buggy, the harness broke at the brichban and the vehicle ran against the horse. It was a spirited young animal and it began to run down the street at a high speed. Little Daniel was thrown out but not injured and the horse kept on a run until the Academy hill was reached, where it was gotten under control. Owing to a sore mouth a bit had been used that was held by a strap over the nose, and for that reason could not be controlled. Corny will never use that contrivance again.

—Some special matter will be found on pages two and three of this issue. Read it carefully.

—The Ladies Bible Class of the Lutheran Sunday school will on Thursday evening hold a Pumpkin Pie social at the home of Mr. L. H. Wian Beaver farm. All usual refreshments will be served including oysters, ice cream, cake, fruits and pumpkin pie. All are cordially invited.

—On Sunday afternoon some boys found cans used for exploding dynamite at the old car shops, and as boys will do they began pounding one with a hatchet when it exploded and a piece of the brass covering penetrated little Alvin Fetter's throat and other pieces flew in his face. His injury proved painful and is serious.

Harvest Home Sociable.

A very pleasant and enjoyable "Harvest Home Sociable" was given at the home of Mr. and Mrs. Samuel Sheffer's, of Curtin street, assisted by Mrs. I. L. Kurtz, on last Saturday evening. The entertainment was given in recognition of the beautiful Harvest Moon which was then in its glory. The home was artistically decorated with grasses, corn, and other products of the abundant harvest of the past year. Upon entering the house the eye was greeted by a large mound made from vegetables and fruits of all kinds, which gave quite a rural and picturesque sight; baskets of fruits and flowers were distributed throughout the rooms, which left us to imagine that our good host was a full fledged farmer. When the guests were enjoying the novelty of the occasion, unseen voices arose with the beautiful hymn "What shall the Harvest be," after which came other music with recitations and abundant refreshments following, a liberal collection was given for the benefit of the W. C. T. U. This is the first of the parlor meetings in connection with the W. C. T. U. of the season and it is expected they will be continued throughout the winter.

The evening was made doubly pleasing when the guests departed to find the beautiful full moon to lighten their homeward pathway.

Pay Your Taxes.

After Saturday next no citizen who has not paid his State or county tax within the last two years, can qualify himself to vote at the November election. Those who do not pay taxes on property should qualify themselves as voters by paying the poll tax.

The only safe way is for the citizen to go in person, pay his tax and get his receipt, as under the act of July 15, 1897, it is not lawful for any committee or person to pay, or for any tax collector to receive, the poll tax of another citizen except on a written and signed order of such elector.

A Bachelor's Grewl.

The volunteers who went to war and put up with four months' cooking by a man who didn't know a stepman when he met it on the road will hereafter have some idea of the suffering of a man who marries a girl who can't cook and doesn't learn. Thoughts of having to put up with that kind of cooking till death steps in should make the returning soldiers very cautious in selecting wives. The law doesn't promise a mustering out process for a man who has no other reason for complaint than that his wife's meals don't suit him.

The Ballot This Year.

The ballot for the coming election is being discussed and the information obtainable is to the effect that it will not be as large as it was two years ago. The arrangement of the ballot is to be nearly in the following order: Republican, Democratic, Prohibition, People's Liberty, Honest Government, Citizen's and a blank column in which any names may be written of persons for whom the voter desires to vote who have not been formally nominated.

The Secret of Bad Roads.

Roads are bad because they are not properly graded and shaped; adequate drainage is not provided; repairs are too long delayed; unsuitable material is used in making them; too much material is put on at one time; the work is done at the wrong season; too much is spent for material; too little is spent for labor; the work is done by incompetent hands; constant supervision is not enforced.

Burglary at Howard.

On Saturday night burglars broke into the office of William H. Long, the Prohibition candidate for the legislature and manufacturer of granulated wheat, at Howard, Pa. They blew open the safe and stole valuable papers and about ten dollars in money. The loss was not discovered until Sunday morning. No clue as to the identity of the burglars has been obtained.

Running Railroad Lines.

A party of civil engineers are running lines for a narrow gauge railroad from Karthaus to a point near Frenchville on the timber lands of Graham & Porter. The road will be about 30 miles long and will follow the river nearly all the way.

Farmer's Day at Hecla.

The Nittany Rod and Gun club have issued invitations to the farmers of Centre county to meet at the club house at Hecla Saturday, October 8. Luncheon will be served and topics in which farmers are interested will be discussed.

Two Big Shows United.

Mr. John W. Vogel, manager of Darkest America, has consolidated his big organization with his celebrated Afro-American Mastodon Minstrels, forming as it does the greatest alliance of unique features known to the amusement world.

The two combined shows embrace nearly every known form of entertainment—minstrelsy, vaudeville, farce comedy and comic opera, together with many novelty acts as the principal features.

Manager Garman has booked this big organization to appear at the above house on Friday evening, Oct. 14, '98. There will be a big parade at noon and two free band concerts one at noon and the other at 7:15 p. m.

Only Case Tried.

The only jury case that was tried at the special term of court held here last week was that of David Rothrock, Adm. of Henry Rothrock, Dec'd, Thomas Rothrock, John and Alice R. Long vs Henry Rothrock Jr., with notice to John Woods, George Garbrick, Sara Kelley, William Kelley and David Kelley terra tenants. A scire facias on mortgage to recover balance of unpaid purchase money. Verdict for plaintiffs in the sum of \$5,345.94, of which amount \$5,048.42 is widow's dower interest. Judge Bell, of Holidaysburg, presided during the session, which ended Thursday morning last.

Lookout for Brimstone.

The following "stony" wedding announcement appears in an East Tennessee exchange: "Married at Flintstone, by Rev. Windstone, Mr. Nehemiah Whitestone and Miss Wilhemina Sandstone, both of Limestone." This is getting mighty "rocky" and there's bound to be a "blasting" of these "stony" hearts before many "pebbles" appear on the conjugal beach. The grindstone of domestic infelicity will sharpen the ax of discord and jealousy, and sooner or later one or the other of the pair will rest beneath a tombstone. Then lookout for brimstone.—Lexington Argonaut.

Leg Broken.

Sunday morning James F. Marstellar, Superintendent of the Lehigh Valley Coal Company's operation, at Snow Shoe, while riding up an incline on a car at one of the mines, had his leg caught against a projecting rod resulting in having it crushed and broken below the knee. Dr. Seibert was summoned and assisted in setting the broken limb, which will keep Mr. Marstellar confined for considerable time.

A New Business Firm

A new business firm was organized at this place on last Tuesday. The members of this firm are James Harris, J. H. Potter and Edward Hoy trading under the names of Harris, Potter & Hoy. The business of the firm is the handling of window glass as manufacturers agents. It is their intention to take the entire product of the Bellefonte Window Glass Company and market it.

Don't Do It.

Almost every week communications are sent to this office without the writers name. It is invariably thrown in the waste basket. If you don't want to comply with this rule, don't waste time and postage. To show that a communication is sent in good faith the writer's name is a guarantee, and will be insisted upon.

HOWARD'S BIG DAY.

All Howard was aglow with patriotic fervor on last Friday in its effort to pay a fitting tribute to the brave boys of Company B, of which that town furnished a goodly number. The town was profusely decorated with flags and bunting. For miles around people came to attend the exercises. Capt. Taylor with about forty men went down on the morning train accompanied by a large delegation of citizens.

Capt. S. H. Bennisson lead the procession followed by his aides, the chief bargess and members of town council, carriage with speakers, Uddine band, Gregg Post No. 382, G. A. R. of Howard; Gregg Post No. 95, of Bellefonte; George L. Potter Post No. 216 of Milesburg; Harteman Post No. 202, of Blanchard; Co. B, 5th Reg't Pa. Vols.; in the P. O. S. of A. with the Howard and Bellefonte drum corps; bicycle club of Howard with thirty-three members in line. A company of cavalrymen twenty five in number, and last but not least a gayly decorated wagon containing a number of Howard's most beautiful young ladies. They were Misses Clara Kline, impersonating "Miss Columbia," Sarah Lucas, Nellie Buras, Anna Weber, Mary Weber, Maude Schenck, Ada Heverly, Josie Kunes, Sallie Wistar, Betty Stitzer and Maude Hopkins.

Immediately after the parade a public meeting was held near the station. Rev. A. P. Wharton delivered the address of Welcome which was responded to by Capt. Taylor, and was followed by Hon. John G. Love. An elegant dinner was served on the school house grounds to the visiting organizations. After that interesting address were made by D. F. Fortney, Esq., and Rev. E. E. Manley. Company B gave an exhibition drill that proved quite interesting. In the evening the display of fireworks followed. This demonstration was a decided success and attracted an immense concourse of people.

The following committees were in charge: Committee on Arrangements—J. Norris Bogie, chairman; A. Weber, J. Will Mayes, H. A. Moore.

Committee on Provisions—D. R. Wilson, chairman; S. H. Bennisson, Hunter Thomas, Max Allison, H. C. Holter, Chas. Woodward and J. Grant Swires.

Committee on Finance—John S. Holter, chairman; Frank Holter, John Weber, Hayes Schenck, Will Weber, W. H. Long and John A. Daley.

Capt. S. H. Bennisson was chief Marshall of parade, and J. Norris Bogie chief of staff.

Opera House Attractions.

William Garman will manage Garman's opera house for the season of 1898-'99, and the list of his attractions already booked are as follows:

Oct. 14th, Vogel's Minstrels.
Oct. 18th, Rice & Barton's Vaudeville.
Nov. 14th, Martin's Uncle Tom's Cabin.
Dec. 2nd, Roger Bros. "Next Door."
Feb. 13th, Keller, the Magician.
Feb. 20, Rickett's Comedians.

Applications for dates from some other companies are being considered, and it is probable that a sufficient number will be selected to give Bellefonters amusement during the show season.

Fire Sunday Evening.

Fire broke out in the attic of Michael Kelly, on Beaver street, Sunday evening, and before extinguished ruined the building, and most of the furniture on the second floor was lost.

The conflagration is supposed to have been due to a defective flue, and when discovered the roof was in a blaze. By the time the fire departments reached the scene, the building was doomed and they directed their efforts to protecting adjoining property. It was a calm evening and the fire was easily controlled. Mr. Kelly's loss is estimated at about \$1000 with \$900 insurance.

The "funny man" at Market.

The "funny man" of an exchange was recently assigned to write up a market report and produced the following: "Butter is strong and is liable to hold its own. Yeast cakes are rising steadily. Bananas are slipping along at the old price with an occasional drop. Watermelons are going down more then they were a week ago. Cheese is more lively and stirring. Syrups are sticking at the prices and are about a pint more to the quart than they were last winter. Green apples are growing less since vacation. Dried apples are swelling the market. Chickens are picking up a little.

A Good Business.

Four years ago the citizens of Sunbury gave \$10,000 to a firm from Germany to purchase a site on which to build a silk mill in that place, and a factory 100x200, one floor was erected. This season the firm enlarged to double the capacity of the original building. Employment has been given to about 300 persons, at wages ranging from \$3 to \$10 per week, according to skill in the work. The people of Sunbury regard this silk mill as one of the best industries they have and find it a great help to the business interests of the town.

"THAT TERROR of MOTHERS." How it was overcome by a Nova Scotian mother

Who is well known as an author.

Of all the evils that attack children scarcely any other is more dreaded than croup. It so often comes in the night. The danger is so great. The climax is so sudden. It is no wonder that Mrs. W. J. Dickson (better known under her pen name of "Stanford Eveleth") calls it "the terror of mothers." Nor is it any wonder that she writes in terms of praise and gratitude for the relief which she has found both from her own anxieties, and for her children's ailments, in Dr. J. C. Ayer's Cherry Pectoral.

"Memory does not recall the time when Dr. Ayer's Cherry Pectoral was not used in our family, for throat and lung troubles. That terror of mothers—the startling, croupy cough—never alarmed me, so long as I had a bottle of Ayer's Cherry Pectoral in the house to supplement the hot-water bath. When suffering with whooping cough, in its worst form, and articulation was impossible on account of the choking, my children would point and gesture toward the bottle; for experience had taught them that relief was in its contents.—Mrs. W. J. Dickson (Stanford Eveleth), author of "Romance of the Provinces," Truro, N. S.

C. J. Woodrige, Wortham, Tex., writes: "One of my children had croup. One night I was startled by the child's hard breathing, and on going to it found it struggling. It had nearly ceased to breathe. Having a part of a bottle of Dr. Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved its life."—C. J. Woodrige, Wortham, Tex.

These statements make argument in favor of this remedy unnecessary. It is a family medicine that no home should be without. It is just as efficacious in bronchitis, asthma, whooping cough, and all other varieties of coughs, as it is in croup. To put it within everyone's reach, Dr. Ayer's Cherry Pectoral is now put up in half size bottles, at half price—50 cents. Send for Ayer's Curebook (free) and read of other cures effected by Dr. Ayer's Cherry Pectoral. Address the J. C. Ayer Co., Lowell, Mass.

Nurses Needed.

The Associate Society of the Red Cross of Philadelphia, is maintaining its hospital at Camp Meade. Patients too ill to be moved to city hospitals are taken there. Its capacity to receive all these cases is inadequate because of the Society's inability to secure experienced women nurses for the nominal sum of sixteen dollars per month. Nurses willing to make the sacrifice and to engage in this laudable work will kindly apply by letter or report to "The Committee on Nurses," 1501 Chestnut Street, Philadelphia. Funds are needed to meet the increasing demands made upon the Society.—Executive Committee.

SOME persons say it is natural for them to lose flesh during summer. But losing flesh is losing ground. Can you afford to approach another winter in this weakened condition? Coughs and colds, weak throats and lungs, come quickest to those who are thin in flesh, to those easily chilled, to those who have poor circulation and feeble digestion.

Scott's Emulsion

of cod liver oil with hypophosphites does just as much good in summer as in winter. It makes flesh in August as well as April. You certainly need as strong nerves in July as in January. And your weak throat and lungs should be healed and strengthened without delay.
