WHAT ONE DID ANOTHER CAN DO.

What the democratic reform governor Robert E. Pattison, did for the state, the democratic reform governor, George A. Jenks, will do, if elected. Pattison saved the state millions in money, and his mere presence was a complete checkmate of a myriad of machine formulated steals. When Pattison was last governor, 1891-94, the revenues of the state were very large, much larger than ever before. The total for the four years was nearly \$50,000,000. The state got, to swell them, \$1,684,711 from the United States, a return of the direct taxes paid

by the state during the war, and close to city treasurer.

Had a machine governor been in office this money would have been stolen or squandered. The schemes were fully mapped out, but they were withheld from fear of the veto of Pattison, to be put through in 1895 to 1897.

Instead, they were used to increase the school appropriatian, for the first time, to the \$5,000,000 annual figure, to

redcem nearly a million and a half of the state's bonds, and to leave a real surplus of nearly \$4,000,000, which the Hastings-Quay administration has, in four years, changed into a \$2,000,000 deficit

ELI TOWNSEND is another Quay man.

HON. GEO. A. JENKS is able, and he is houest. That is what we want in the man who is to be governor. Stone is Quay's candidate and charged the State \$10,000 for making a \$3,000 collection. Take your choice from the lot.
