**A Thanksgiving Offering.**

The Children's Aid Society of Bellefonte have sent, within the past week, their second barrel of necessities, as a Thanksgiving offering to the Industrial Home at Indiana, Pa. This institution is a private home where incorrigible children are sent for reformation. It is still in its infancy, as it is only entering upon its second year. The building, which was at one time a private residence, was purchased by the ladies of the Children's Aid Society and remodelled at the cost of \$5,000.00. The home is now well equipped with beds, library, parlor, organ, and many articles attractive for the unfortunate little ones. All this was donated by the ladies, save a small sum from a few gentlemen. The superintendent and originator of this home has never asked for a penny. When asked how all this came, she answered: "The Lord did the work."

**Distinguished Visitor.**

Brigadier General Evan Miles arrived in Bellefonte on Tuesday evening, to spend a few days at this place, where he was born and reared. While here he was the guest of Harry Curtin. He is a son of Richard Miles, one of the early residents, and a nephew of Joseph Miles deceased, whose home was on east Bishop street, just opposite the Catholic church.

In 1861 Evan was commissioned as Second Lieutenant in the army by Simon Cameron, the secretary of war. He fought with distinction all through the rebellion and continued in the service afterwards. He has been a great Indian campaigner and did brilliant service in Cuba.

The General is on his way to San Francisco and will spend only a few days here. It is twenty years since he visited Bellefonte before.

**Price of Envelopes Advance.**

Evidence that the long threatened trust among the manufacturers of envelopes became a fact and has reached the paper stationery trade in the shape of circulars quoting an advance averaging twenty-five per cent. in all grades of envelopes. The trust is said to control ninety per cent. of the production.

**COMPANY B MUSTERED OUT.**

Last Thursday afternoon Company B, of 5th Regiment, U. S. Vol. Inf., was mustered out of the service. For a long time the boys were anxiously awaiting this event. During the past month they were held in Bellefonte, uncertain what would take place. They did not want to be held for garrison duty in any of the new provinces acquired during the war.

In the medical examination only two were found whose physical condition had been affected from the service. All the men were paid off, the amounts being from \$60 to \$50 apiece, except the commissioned officers. That required at least \$7000.

All the men were present to be mustered out except Frank T. Wallace, who is in bed at his home in Milesburg probably incurable from his fall from the train when on the road home from camp at Lexington; Clyde Z. Long, of Howard, who has lately suffered a relapse of typhoid fever; George B. Snyder, who is teaching at the Chester Springs soldier's orphans school, and will be discharged in Philadelphia; R. C. Daley, at home at Romola, still suffering with a diseased leg in which the attack of typhoid with which he suffered seems to have settled; and Samuel P. Bathurst, of Roland, who has suffered a relapse of typhoid fever.

Lieutenant Kilburn will be here in a few days to receive the government property.

**Pound Social.**

The Ladies Aid Society of the Reformed church, of Waiker, held a pound social at the home of Rev. Runkle, Hubersburg, on Wednesday of last week. About forty-five were present and each one brought something of value. The society presented the pastor and wife with a wheel quilt. Many baskets of refreshments were opened and in a few minutes the table was loaded with good things. After dinner the society was called to order by the president, Mrs. Fred Schenck. The pastor opened with a fervent prayer, then the reading of the minutes of the last meeting by Miss Mabel Yearick, was heard. Also a report of the treasurer, Mrs. G. D. Glosner. From the time the society was organized, Feb. 3, '97, until present date, the proceeds amounted to \$220, which the ladies used to beautify their church, by purchasing a new carpet and inside sliding blinds.

The Rev. then made an appropriate address. The president also made an address. After being entertained with some fine music for about one hour, Mr. Bergstresser, the photographer, called all inmates to front of the house and took a group of the party. It was a delightful gathering and all enjoyed themselves.

**"A FRIEND."**

**Uncle Tom Coming.**  
Al. W. Martin's big scenic and dramatic production, "Uncle Tom's Cabin," will be the attraction at the Garman Opera house next Tuesday evening 22nd. It is actually a \$10,000 production of this grand old historic play, and a magnificent scenic production. It requires a whole train of three sixty-foot palace cars to transport this mammoth spectacular; fifty people, including Milt G. Barlow, the famous minstrel star, as "Uncle Tom," twenty ponies, donkeys and burros, mules, oxen, horses, eight original jubilee singers, a pack of twelve man-eating Siberian and Cuban bloodhounds; Eva's golden chariot, "a thing of beauty," costing over \$3,000; three big bands of music; Uncle Tom and his typical ox-cart. The grand free street parade is the finest ever witnessed, will start from the theatre at noon.

**Public Sale.**

The personal property of Elizabeth Rupert, dec'd, of near Hecla Park, will be offered at public sale, on Saturday, November 19th.

# The hair

is like a plant. What makes the plant fade and wither? Usually lack of necessary nourishment. The reason why Dr. Ayer's Hair Vigor restores gray or faded hair to its normal color, stops hair from falling, and makes it grow, is because it supplies the nourishment the hair needs.

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald and, for a long time, I feared I should be permanently so. Friends urged me to use Dr. Ayer's Hair Vigor, and, on doing so, my hair immediately began to grow, and I now have as heavy and fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."—Mrs. J. H. HORNBYER, 152 Pacific Ave., Santa Cruz, Cal.

Thereon erected a frame house, large barn and all necessary outbuildings. Both well and cistern water; choice fruit of all kinds. This property contains one-fourth acre, is admirably located and will make a desirable home. Frank and Wm. Bohn, administrators.

**Takes Time.**  
Dr. Wright, President of Oberlin College, was recently petitioned by a student who wanted to shorten his college course. The President's answer was: "It depends on what you want to make of yourself. God takes a hundred years to make an oak; six months to make a squash."

# Persistent Coughs

## Swollen Neck

**Also Had Great Difficulty With Her Heart—How Cured.**  
"My daughter had a swollen neck and also heart trouble. After the least exertion she would breathe so hard she could be heard all over the room. She could not sweep the floor or even move her arms without affecting her heart. Her limbs were badly bloated. Her father insisted that she must take Hood's Sassa-parilla, and we gave her about six bottles, when she was cured, and there has been no return of her ailments."
