

OUR DEMANDS ON SPAIN

The Dons Must Release All Claims to the Philippines

FOR A CASH CONSIDERATION.

Spaniards May Try to Get a Higher Offer Than the \$20,000,000 Proposed by the Americans, But in This They Will Be Disappointed.

Paris, Nov. 22.—The United States peace commissioners have undoubtedly made their final proposition here. When the conference opened yesterday afternoon Judge Day, addressing Senator...

That portion of the presentation setting forth the new proposal, the proposal that the United States must have possession of the entire Philippine archipelago, with a tender of \$20,000,000 for a treaty cession of the islands, was then read. Without betraying their mental attitude the Spanish commissioners suggested an adjournment until Wednesday.

The new proposition, with its collateral, was embodied toward the end of the American memorandum, which filled 29 typewritten sheets. Only this part was read in the joint session, the memorandum being then delivered to the Spaniards for translation by their own staff.

Spain's proposition to invoke the offices of a third power to construe the words "control, disposition and government of the Philippines" was rejected by the American commissioners on the ground that the dictation of the third article of the protocol, dealing with the Philippines, is so broad and clear as to afford no justification for arbitration as between the parties to the agreement.

An analysis of the American memorandum shows that all other suggestions and considerations in it hinge upon treaty cession, at the amount named by the United States, and within one week. In the event of cession Spain may enjoy for a term of 12 years rights of commerce in the Philippines equal to those of the United States. If the United States acquire the islands by conquest Spain may not enjoy such rights.

Should Spain refuse cession she would remain liable for indemnity claims, national and individual, since the outbreak of the last Cuban insurrection. Should she refuse she would also lose, probably, as further indemnity for the expenses of conquest one of the Carolines, which she may not now sell, and other cable privileges within Spanish jurisdiction might be taken by the United States without any return to Spain for them.

Today the Spaniards doubtless do not know whether they will accept or reject the American terms. They are telegraphing the substance of the American memorandum to Madrid, and they expect to reply at tomorrow's meeting. Possibly they may conclude that because one money offer is made another and a larger offer may follow pressure upon the American commissioners. But if this be their expectation it will not be realized. The American terms, submitted almost at the close of eight weeks of patient hearing and painstaking argument, are a practical ultimatum.

Peace Jubilee Too Premature.

Atlanta, Ga., Nov. 22.—The committee in charge of the Atlanta peace jubilee, for which Dec. 14 and 15 have been set, has received a telegram from the president requesting them to change the name of the celebration from peace jubilee to a demonstration over "our victorious arms." The telegram gives as the reason for the change the "uncertain outcome of the Paris conference, and the exigencies which may arise."

SENATOR QUAY INDICTED.

Five Other Former State Treasurers Named in One Bill. Philadelphia, Nov. 22.—United States Senator Quay, his son, Richard R. Quay, and former State Treasurer Benjamin J. Haywood were indicted by the grand jury yesterday on all five of the bills charging them with conspiracy in the misuse of state funds. No indictment was brought against Charles H. McKee, of Pittsburg, who was held in jail by Magistrate Jermon at the same time as Senator Quay and his son. District Attorney Graham refused to speak as to the reason of this. The finding of the jury was unanimous.

One of the indictments which aroused much comment included the names in a conspiracy charge with Quay and Haywood all the state treasurers who have served since 1884 up to the time of the close of Haywood's term with the end of 1897. Those mentioned in this indictment are William Livezey, whose whereabouts are unknown, and who served three terms as treasurer; William B. Hart, Henry K. Boyer, at present superintendent of the mint, John W. Morrison and Samuel M. Jackson. This particular bill alleges that all those mentioned conspired with Quay, Haywood and Charles H. McKee on the 24th of March, 1898, unlawfully to use, and did use to make profit, certain divers large sums of the money of the commonwealth.

Ten Thousand Japanese Starving. Tacoma, Wash., Nov. 22.—Late advices from Japan state that 10,000 or more fishermen living on Etrup Island, northern Japan, are on the verge of starvation. Some have nothing to eat, while others are existing on rats and petrifed herring. During this winter all means of transportation between Etrup Island and Hokkaido province are suspended, in consequence of which the island inhabitants are subjected to innumerable hardships in the event of a bad fishing season. Many dealers have failed, and famine prevails among the people.

FRANCO-ITALIAN TREATY.

It Grants Mutually Favored Treatment Except For Silk Goods.

Paris, Nov. 22.—It was quite unexpectedly announced last evening that a commercial treaty has been concluded between France and Italy, granting mutually favored treatment except for silk goods, which will remain subject to the maximum tax. A bill embodying the agreement will be submitted immediately to the chamber of deputies. The government also introduced a bill in the chamber yesterday modifying the wine duties favorably to Italy.

The negotiations that have culminated in these arrangements have been on foot for two years, but nobody believed that a definite agreement was pending. It is believed that the Fashoda affair was instrumental in inducing France to grant the necessary concessions, though it is noteworthy that the silk duties, which caused the breaking of the treaty in 1887, remain almost unchanged.

The negotiations have been conducted with the utmost secrecy. The exact effect of the concessions involved is not known yet, but it is expected that they will have an important political influence for the removal of a long standing friction between the two countries.

In the treaty, it is noticed, was concluded during the absence of Emperor William from Germany, and there is much speculation regarding its probable results upon the European alliances.

THE NORTHWEST STORM.

In Many Places It Reaches the Proportions of a Blizzard.

St. Paul, Nov. 22.—The first general snow storm of the winter has prevailed throughout the northwest during the past 36 hours, and it still continues without much abatement. The snow has been accompanied by a high wind, reaching in many places the proportions of a genuine blizzard. The fall of snow has not been great, but the wind has drifted it badly, and many places report considerable delay to railroad traffic. Specials from various points in North and South Dakota, Minnesota, Wisconsin and northern Iowa report the storm still prevailing and local business impeded. In the British northwest the temperature is 24 and 26 degrees below zero. In this city it has fallen to 10 below. The storm was especially severe on Lake Superior, Duluth reporting a 70 mile gale.

An Omaha dispatch says: Nebraska is in the grip of a norther. For 35 hours a strong wind from the northwest has swept the state, and during the most of that time it has driven a fine snow ahead of it. Considerable loss of stock, both cattle and sheep, is feared, owing to the fact that many thousands of herds have been brought in from the south for feeding and have not yet had time to become sufficiently acclimated to withstand the stress of the storm. One death from exposure is reported. F. H. Thompson, of Des Moines, Ia., was found dead on the street in South Omaha about 7 o'clock last evening.

GENERAL GARCIA ARRIVES.

"American Occupancy of Cuba a Necessity, But Not Forever."

New York, Nov. 22.—General Calixto Garcia and the other Cuban commissioners from the Cuban military assembly at Santa Cruz del Sur, who are en route to Washington for the purpose of laying before President McKinley a resolution recently adopted by the assembly as to the future of the island of Cuba, arrived here yesterday on the Ward line steamer Segurama.

General Garcia, when seen on the steamer, said he was delighted to be in New York again, and that he looked forward with pleasure to the commission's call on President McKinley. He continued: "The Cubans have no other feelings for the Americans than those of friendship and gratitude. I am for free Cuba, and so are all other Cubans. There is no sentiment on the island for annexation. The commission of which I am the head is not going to Washington with any propositions for the president's consideration. We are going to tell there of the country and to better the arrangements for the disbanding of the troops, collecting the customs duties and the establishment of a post-office system. American occupancy is a necessity—but not forever."

Fatal Fire in Cambridge, Mass.

Cambridge, Mass., Nov. 22.—A fire which started in the pork packing establishment of John P. Squire & Co., at East Cambridge, yesterday, resulted in the death of one man and the serious injury to seven others, four of whom may die. The watchman of the factory, John Ward, is believed to be buried in the ruins. When the fire was at its height the front wall, which rose to a height of six and a half stories on a narrow street in which the firemen were at work, fell. Seven men were buried in the wreck, all of whom were more or less seriously injured, Louis Fairbairn dying soon afterwards. A little later four others fell with a floor to the cellar. Rescuers freed them as quickly as possible and sent them to the hospitals.

Deadly Explosion of Blasting Powder

Portsmouth, O., Nov. 21.—By an accidental explosion of blasting powder yesterday George W. Ferguson, a quarryman, is dying, his daughters Cynthia and Ida, aged 11 and 6 years, are dead and his wife and two other daughters, one an infant, disfigured for life. Ferguson was hunting for wood to build a fire and found a powder can apparently full of coal. When he attempted to start a fire with this a loud explosion followed, which knocked on either side of the house out. At the time Ferguson and his family were grouped about the stove. It transpired that the can was partially filled with blasting powder.

Ex-Queen Liu's Claim.

San Francisco, Nov. 22.—On board the steamer Coptic, which arrived from the Orient via Honolulu yesterday, was ex-Queen Liliuokalani, of Hawaii. The ex-queen was very reticent regarding her mission to this country, but from passengers on the Coptic it was learned that she has come to make formal application for the restoration of the Hawaiian crown lands, valued, it is said, at \$6,000,000. It is claimed the crown lands are private property, and are not subject to confiscation.

STRICKEN SOLDIERS.

Deputy Surgeon General Smart Gives Comparative Figures

ON MORTALITY FROM SICKNESS.

In the War Between the States the Death List From Disease Far Exceeded That For the Same Period in the War Against Spain.

Washington, Nov. 22.—Colonel Charles Smart, deputy surgeon general of the army, has sent a communication to Surgeon General Sternberg, comparing the deaths from sickness in the war with Spain and in the civil war. He says in part:

"In reply to your inquiry I can very promptly state that the sickness and mortality during the war with Spain was not relatively so great as that from which our volunteer troops suffered during the civil war. In April, 1861, President Lincoln called for 75,000 volunteers, but it was not until July 22, when his call for 500,000 was made, that we had armies comparable in size with those recently in existence. Beginning then, with July, 1861, when we had medical reports from regiments aggregating only 69,118 men, and including August, September, October and November, five months, we find recorded a loss by death of 3,975 men in the reports sent by medical officers from an average strength present of 177,690 men, or 17.31 deaths out of every thousand men during that period of five months.

"In April, 1898, President McKinley called for 125,000 men, and later for 75,000, which, with an increase in the regular army and the immune and other special regiments, made a total of over 270,000 men. Beginning with May, 1898, for which month we have medical reports in the office of the surgeon general of the army from regiments aggregating 151,685 men, and including June, July, August and September, five months, we find on file a loss by death of only 1,715 men reported by medical officers, in an average strength of 167,168 men, or 10.31 deaths out of every thousand men during that period of five months.

"Mortality from disease reached its maximum in the camps of our civil war only at the end ten months, if we count from July, 1861, or at the end of 12 months if we count from May, 1861, when 47,556 men had been buried out of every thousand of strength present, or, to put it otherwise, the maximum monthly mortality was reached only after ten or twelve months of suffering, during six of which the mortality was greater than that of the disease which did so much harm in August last. In that month the country became excited over the hysteric utterances of yellow journalism, with 4.08 deaths per thousand, and the morale of the army became broken by making the volunteer believe that never in the history of armies had men suffered from disease as he and his companions had suffered. Yet 37 years ago the flower of the manhood of this country, after months of deadly losses, suffered in April, 1862, more than twice the loss incurred in August last, and instead of going home on sick furlough they girded up their loins for the attack on Richmond by way of the peninsula."

Augusta's Big Mill Strike.

Augusta, Ga., Nov. 22.—After threatening for some days, the local mill trouble culminated in an individual walkout yesterday. Over 3,000 employees are idle, three of the largest mills and one smaller mill being included in the trouble. The affair is styled an "individual walkout," while it is in reality a strike. The trouble began a month ago, when the Southern Manufacturers' association announced that in order to meet competition it was necessary to make a reduction of from 8 to 13 per cent in the wages of the employees. When the reduced scale was posted it was found that some of the highest paid workmen were not reduced. Then the others organized, and now declare that they will not accept the reduction. Both sides are determined.

Plague Riot in India.

London, Nov. 22.—A dispatch to The Times from Allahabad, capital of the northwest provinces of India, says: "Serious plague riots took place at Serinagapatam, on the island in the Cavery, Mysore, on Nov. 14. Ten thousand natives from the villages round about concentrated on Serinagapatam and made a desperate effort to enter the fort and rescue the prisoners there. Another mob from the Mysore side tried to rush the bridge. In each case the police fired volleys and succeeded in frustrating the attempt. Many persons were killed or injured. For 36 hours the police were kept under arms. Ultimately troops were dispatched to the scene."

Pana Under Martial Law.

Springfield, Ill., Nov. 22.—Governor Tanner last night issued a proclamation placing Pana under martial law. The commanding officer is ordered to take possession of all arms in the hands of miners or citizens in the district. Persons with arms in their hands will be arrested by the military authorities as if they intended a disturbance of the public peace.

The Evacuation of Havana.

Havana, Nov. 22.—The greatest activity prevails in Spanish military circles in the arrangements for evacuating the province of Havana, which it is believed can be effected before Christmas. The province of Pinar del Rio will probably be clear of Spanish soldiers before the end of the first week in December.

Troops Ordered to Havana.

Washington, Nov. 22.—The war department has ordered four companies of the Second volunteer engineers to embark at once from Savannah for Tampa, and sail thence to Havana, the amounting to Major General Greene, who commands one of the divisions of the Seventh army corps.

John W. Keeley Dead.

Philadelphia, Nov. 19.—John W. Keeley, the inventor of the Keeley motor, died yesterday at his home in this city of pneumonia. He was taken ill on Saturday last and continued to grow steadily worse until his death. Mr. Keeley was 61 years of age, and leaves a widow.

ITEMS OF STATE NEWS.

Wilkesbarre, Nov. 20.—At Malby today Andrew Grier and Anthony Minechams engaged in a quarrel over some trifling matter, when Grier, it is alleged, pulled a big knife and stabbed Minechams three times in the body. The wounded man will die. Grier was arrested and lodged in jail.

Lancaster, Nov. 20.—Today during the absence of the family of Mrs. Dr. Sarah Oberholzer her residence on New Holland avenue was robbed, the thieves entering by the front door. The house was ransacked from garret to cellar, and a considerable sum of money and a gold watch were taken, the thieves discarding a lot of valuable jewelry and silverware.

Easton, Pa., Nov. 20.—Capitalists are securing the right of way from Bethlehem to Nazareth, a distance of eight miles, with a view of extending the Easton-Bethlehem trolley line to that place. After this is completed it is proposed to run the line to Wind Gap, Pen Argyl and Bangor, and from there 22 miles over to Portland and the Delaware Water Gap.

Montrose, Pa., Nov. 21.—On Saturday the jury in the Pepper murder case returned their verdict, finding J. James Eagan guilty of murder in the first degree. Eagan heard the verdict with stoic indifference, and it was not until he had been returned to jail that he showed signs of any feeling. In saying farewell to his young wife he broke down, and the next afternoon frequently burst into paroxysms of nervous weeping.

Philadelphia, Nov. 21.—Mary Boeckh, aged 23 years, was shot and almost instantly killed yesterday, and several hours later Vincent Tortorelli, an Italian beer bootler, aged 59 years, was arrested on suspicion of having committed the murder. Tortorelli is married and has a family, and the dead woman is said to have been his mistress. When arrested Tortorelli said the girl had taken the revolver from a table where he had laid it and shot herself.

Scranton, Pa., Nov. 19.—A Polish couple living on the second floor of a building in Dunmore borough locked their two little girls, 6 and 4 years old, respectively, in a room yesterday and went out to pick coal. The children played with matches, which ignited the clothes of the younger one. When neighbors investigated the cause of the children's screams and broke in the door the younger one was found burned to death. The hands and arms of the older child were badly burned in trying to extinguish the flames.

Easton, Nov. 20.—The arrest of Mrs. Emily Winkelman, in New York, was upon a warrant issued here at the instance of James W. Fox, district attorney for Northampton county, charging her with being a fugitive from justice. Mrs. Winkelman is wanted here on a charge of performing a criminal operation on Jennie Hunter, aged 20 years, a young woman of Nazareth, daughter of Eugene Hunter, from the result of which she died. Her brother says the operation was done by Mrs. Winkelman.

Montrose, Pa., Nov. 22.—Cornelius N. Shaw, who with James J. Egan, was arrested last January for the murder of aged Andrew J. Pepper, of Rush Village, near here, was yesterday placed on trial. Egan's trial occupied all of last week and ended in a conviction of murder in the first degree. In statements made by Egan to several persons he charged Shaw with striking Pepper with a heavy club. Susie Graham, who was Egan's alleged mistress, and who testified at his trial that he and Shaw entered into a plan to rob Pepper, was arrested yesterday on a charge of conspiracy.

Philadelphia, Nov. 19.—While defending their mother from a murderous assault by their stepfather, James H. Clements, William Lindemayer, aged 14, and George Lindemayer, aged 21, were wounded yesterday by two shots fired by the enraged man, and the former dying in the German hospital. George escaped with a flesh wound in one of his hands. The tragic affair occurred in a grocery store at No. 2232 Montgomery avenue, kept by Mrs. Clements, while her husband was endeavoring to carry out an oft repeated threat to kill her. The shots were both intended for the woman, the first bullet hitting her elder son and the second entering the head of William, who rushed between his mother and stepfather. Clements was arrested and held without bail.

Reading, Nov. 20.—The Democrats have decided to make the local municipal campaign unusually short. They will hold their primaries on Saturday, Jan. 7, and their convention on the Tuesday following, just four weeks after the Republican candidates have been named. The convention will be composed of 45 delegates, one from each ward, and an additional one for every 200 Democratic votes cast at the last election. A new feature will be the collection of a fee from every candidate at least 30 days before the convention. The amounts fixed are as follows: Candidates for Mayor, \$15; for city treasurer, \$15; city controller, \$5; city assessor, \$5. No names will be allowed to go before the convention excepting those upon which the fees have been paid within the stipulated time.

Reading, Nov. 20.—James Clark, the 70-year-old owner of the partially constructed roadbed of the South Mountain railroad, is missing. He has not been seen in this vicinity since he left nearly a year ago, for Philadelphia, and it is feared he may be dead, as he was in feeble health when he left here. Mr. Clark owned the franchises for the proposed road, which he secured about 30 years ago by his own efforts, in order to construct a shorter route between New York and the west. After the abandonment of the work he remained idle a long time, and about five years ago returned with a number of men and set them to work between this city and Millersburg. At the end of six months, when nearly the entire route had been graded, work was again discontinued. All Mr. Clark's money had been invested in the project, but he still refused an offer of \$200,000 for his franchises, and lived mainly on the benevolence of the people of Millersburg until nearly a year ago.

BARGAINS, WANTS, ETC.

WANTED—The present address of William Raymond, formerly of Bellefonte, Pa., by The Centre Democrat.

WANTED—The present postoffice address of John Gifford, recently of Osceola Mills, Pa., by The Centre Democrat.

WANTED—The present address of L. B. Davis, formerly residing his mail at Mohanston, Pa., by The Centre Democrat.

WANTED—Any information of the present address of W. Smith, recently of Bellefonte, Pa., will be considered a favor if sent to this office.

All persons having claims against said estate will present them duly authenticated for settlement, and those indebted to the said estate will please make prompt payment. D. W. MILLER, Adm'r.

The FARQUHAR PATENT VARIABLE FECTION FEED SAW MILL & ENGINE. BEST WORK IN THE WORLD. Warranted the best made. Includes a small illustration of a saw mill.

THE DIETZ DRIVING LAMP. is about as near perfection as 50 years of Lamp-Making can attain. Burns kerosene, and gives a powerful, clear, white light, and will neither blow nor jar out. When out driving with it the darkness easily keeps about two hundred feet ahead of your smartest horse. When you want the very best Driving Lamp to be had, ask your dealer for the "Dietz."

R. E. DIETZ CO., 60 Laight St., New York. Established in 1840. 50 YEARS' EXPERIENCE. TRADE MARKS. PATENTS. Scientific American.
