She expects to visit relatives in Illinois, before returning home.

Roy Bell and Harry Hartsock were held up by a tramp, on last Wednesday night, who wanted money, but they did not have any with them and hence could not help the man out.

"Stillwater" Gill started for West Virginia on last Monday morning. He expects to engage in the lumber business for a short time and later on will make a tour of the southern states.

The entertainment and sociable held in the Lutheran church on last Thursday night, was well patronized. The programme consisted of music and recitations, which were well rendered.

B. F. Boal is seriously thinking of organizing a secret society and if successful in his project he expects to have a meeting every night in Noll's store. Mr. Boal will announce the name of the society later.

Pains in the chest when a person has a cold indicates a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by F. Potts Green, druggist.

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kimer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at a 7c drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention (The Centre Democrat) and write to Dr. Kimer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by F. Potts Green, druggist.

GRAND GIFT DISTRIBUTION.
