Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the Ray? Oh I suppose she does not want dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

> A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor. When these symptoms are present, no time should be lost in removing the cause.

> Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble. Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so casy to get at any drug store that no one need suffer any

What does it do?

It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

ll Prevents and It **CUPES Baldness**

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Of Dainty Laces and Embroideries

The largest manufacturer of embroideries in the world made us an offer of 25,000 yards of this class of goods, emblacing Nainsooks, Cambric and Swiss Edgings and Insertings. They are 41/2 yard lengths and there are all widths going from ¾ of an inch very gradually to a 14-inch width.

Now these embroideries, if you were to buy them in a regular way would cost you for the pieces of 41/2 yards, from 25c to \$5.00 each. As the manufacturer was quite liberal with us, we share our advantage with you by naming the prices toe to \$2.00 each per piece of 41/2 yards.

So if you are out for embroideries we should like to hear from you.

Relating to Fine Laces.

We have just received an exceptionally large invoice of Normandy or Platt. Val, Point de Paris and Round Mesh Val Laces from Nottingham. These are from 1 to 5-inch widths. The prices per yard vary from 3c to 25c. Another importation is that of Calais French Val aces. These are sold in pieces of a dozen yards each. The widths of this Lace go from 1/2 to 2 inches.

The price per piece of a dozen yards ranges from 25c to 4oc.

We should like to hear from you regarding these laces and embroid ries and will gladly answer any questions regarding them if you will write our Mail Order Department.
