# GOMEZ'S TRIPTO HAVANA

Cuban Leader Will Join General

Brooke at Once. THE MAINE DAY CEREMONIES.

Our Sallors Will Take Part in the Exercises-No Religious Services Will Be Held at the Cemetery, Owing to Objections of the Bishop of Havana.

Havana, Feb. 8.-Senator Porter has received a dispatch from General Maximo Gomez saying that he will leave Remedios today for Havana, traveling by way of Sagua and Matanzas City and arriving here tomorrow. Mr. Proctor left this morning for Matanzas, where he will confer with General Gomez, proceeding thence to Cienfuegos. General Gomez has not communicated to Governor General Brooke any suggestions regarding the plan for the payment of the Cuban troops, but the details of the arrangement will not be settled until after his arrival. Nothing has been done in the matter thus

Commodore Cromwell says he wili join cheerfully in the plans of the American women to decorate the graves of the victims of the Maine on the anniversary of the disaster. He explains that his delay in co-operating with them was due to the fact that he did not know whether Admiral Sampson's squadron would arrive before the 15th, and therefore could not say what warships would be here. It appears that his inaction has been entirely misunderstood. He conferred yesterday on the subject with Mrs. Estes G. Rathbone, president of the women's committee.

Detachments of marines and sailors from such warships as may be in the harbor will go to the Colon cemetery. The parts that Governor General Brooke, General Lee and General Ludlow are to take will be arranged later. Commodore Cromwell sent an officer yesterday to Mgr. Santander, bishop of Havana, to ask permission for the ceremony, which was readily granted. although the bishop said he could not allow a Protestant service in the cemetery without first referring the matter to Rome. As all the ship chaplains here are Protestants, no service will be held. Ropes of laurel and wreaths of immorteles will be hung spon the military mast of the wrecked Maine by sailors, in the presence of the women's committee.

#### THE PEACE TREATY RATIFIED.

It Goes Through the Senate by a Bare Majority.

Washington, Feb. 7 .- The treaty of peace negotiated between the commissioners of the United States and Spain at Paris was yesterday ratified by the United States senate, the vote being 57 ayes to 27 nays, or one vote more than the two-thirds majority necessary to secure senatorial concurrence in a treaty document.

Promptly at 3 o'clock the vice president interrupted Senator Money, who was then speaking, to announce that the hour had arrived for a vote. But one amendment was offered, that prepared by Senator Vest placing the Philippines on the same footing as Cuba in the treaty. In the temporary absence of Mr. Vest it was presented

by Mr. Gorman and promptly defeated. The vote was announced and pages were sent scurrying through the corridors to announce to the few senators who were not in their seats that the oulminating event had arrived. The call proceeded quietly until the name of Senator McLaurin was announced. He created the first stir by a speech in explanation of his vote for the treaty. This was the initial break in the ranks of the opposition. Mr. McLaurin made a brief statement in explanation of his change of position, giving the open hostilities in Manila as the reason for

He had hardly concluded when Senator McEnery approached him with a word of congratulation, saying that he had decided upon the same course.

Mr. Jones, of Nevada, did not vote in the first roll call, but came in from the cloak room before the vote was announced, and by unanimous consent made a brief and feeling speech. He said that he was against expanison, and if he thought the ratification of the treaty meant expansion he would not vote for it. The events in Manila during the past two or three days, in his judgment, were likely to do more to discourage expansion than anything that had happened.

## THE PENNSYLYANIA DEADLOCK.

Hugh B. Eastburn, a Doylestown Anti-Quayite, Gets Four Votes.

Harrisburg, Feb. 8 .- Hugh B. Eastburn, a Doylestown lawyer, was entered into the senatorial race yesterday by some of his anti-Quay friends. He was one of the five Pennsylvania delegates to the national Republican convention at St. Louis in 1896 who voted for President McKinley against Senator Quay for the presidency. Mr. Quay was again 13 votes short of the number necessary to elect. The deadlock seems no nearer a settlement than when the first ballot was taken.

The results of the joint ballots, from the thirteenth to the eighteenth, was as

# SNOWBOUND COLORADO.

Struggles of the Railroads in the Effort to Resume Traffic.

Denver, Colo., Feb. 8.-The great Grande railroad in the canon of the the railway company tens of thousands and great blankets of snow which filled the air for nearly a week past. Three rotaries and nearly 1,000 shovelers, assisted by a dozen powerful steam engines, were necessary to break through the avalanches and clear the tracks. The Denver and Rio Grande has known nothing to compare with this great storm since President Jeffrey assumed charge of the system. Three special trains were sent east from Glenwood Springs yesterday, bringing all the passengers that had been detained there, and they arrived in Denver last night.

## GENERAL EAGAN SUSPENDED.

But He Will Collect Pay Regularly, and Be Retired in 1905.

Washington, Feb. 8 .- The president yesterday caused to be promulgated the sentence in the case of General Charles P. Eagan. The court martial sentence was dismissal from the army, and the president has commuted this to six years' suspension from duty. In commuting the sentence the president extols General Eagan's "gallant conduct in battle and his long and honorable record of service," and declares there were mitigating circumstances

developed during the trial of the case. It was stated by the adjutant general that General Eagan's suspension carries him to within a few days of his retirement under the age limit. He will be reinstated in time to retire with the regular rank and pay provided in such

The sentence of suspension, according to the legal officers of the department, does not deprive General Eagan of any part of his pay, but as the sentence reads "without rank and duty" he loses his allowances, which include commutation of quarters, rations and fuel and his horse allowance. This is quite a large financial item.

For Twelve New Warships, Washington, Feb. 8 .- The naval committee of the house, after an extended session, yesterday reached a conclusion as to the important items. These are three seagoing battleships to cost, exclusive of armanent and armor, \$3,600,000 each: three armored cruisers to cost, exclusive of armor, etc., \$4,000,000 each; six cruisers to cost, exclusive of armor, \$1,141,800 each.
