

Bellamy Storer Selected For United Capture of Santa Cruz Is Followed by Slight Skirmishes. States Minister to Spain.

DISCHARGE OF THE VOLUNTEERS.

Those in the Philippines Who Desire to Return May Now Demand Their Muster Out-Those Who Re-enlist Will Be Liberally Rewarded.

Washington, April 12 .- The condition of war which has existed between the United States and Spain since April 21, 1898, terminated yesterday, when the last formalities in the restoration of peace were performed by the exchange of ratifications of the peace treaty. Coincident with this President McKinley issued his proclamation declaring that the war was at an end and the appointment of Bellamy Storer was determined upon as United States minister to Spain. Mr. Storer is now United States minister to Belgium.

Bellamy Storer, who is a Catholic, is 52 years of age, having been born in Cincinnati in 1847. He was graduated from Harvard in 1867 and two years later from the law school of Cincinnati college. He entered public life as a member of the Fifty-first congress from the First Ohio district, was re-elected to the Fifty-third congress and was a member of the foreign affairs committee. He is a man of large private means.

It is assumed here that the Duc d'Arcos, late Spanish minister to Mexico, will be named as minister to Wash

ington, and the officials sincerely hope that this will be done, as a very favorable opinion of him is held here.

The effect of yesterday's action is to completely renew the peaceful relations, trade, official, diplomatic, consular, and in all other ways, between this country and Spain. Following the appointment of a United States minister to Madrid and a Spanish minister to Washington, it is expected that consuls will be sent to Barcelona and the other large places in Spain where our consular representatives were suspended by the war. At the same time Spanish consuls will be appointed throughout this country.

Law officers of the government are discussing, in the light of the president's proclamation, the question of

THE RESULT ALWAYS THE SAME. In Three Conflicts Our Loss Was Six

Killed and Twenty-two Wounded, While at the Same Time Over a Hundred Filipinos Lost Their Lives

Manila, April 12 .- At about midnight the rebels cut the telegraph line at several places between here and Malolos and signal nres were lighted and rockets sent up along the foothills to the right of the railroad. Later the enemy attacked the outposts of the Minnesota regiment between Bigan and Bocave, five miles south of Malolos, killing two men and wounding 14. Simultaneously the outposts of the

Oregon regiment at Marilao, the next station on the way to Manila, were attacked, with the result that three Americans were killed and two wounded. The loss of the enemy was ten men killed and six wounded. That Americans also captured two prisoners

It is supposed that many of the rebels who attacked General MacArthur's line of communication and who were repulsed by the troops commanded by General Wheaton were natives who entered that region in the guise of friendlies. They had seemingly secreted arms in several places, and fired on the Americans from the bushes at so close a range that they could be heard talking. One of the Filipinos yelled in English: "We will give you damned Americana enough of this before we are through

The rebels undermined the railroad at Marilao and unspiked the rails in an effort to wreck a train, while the railroad gang participated in the fight. The work of the rebels was discovered and repaired before the train arrived.

General Wheaton is preparing to punish the Filipinos.

The military gunboats Napidan and Laguna de Bay captured a small un armed Spanish gunboat and three launches in the Santa Cruz river.

The capture of Santa Cruz was effected on Monday after some sharp, quick fighting. About 1,500 picked men composed the American expedition. which was under General Lawton. In the battle only one American was kill ed and six wounded, while the Fili pincs left 93 dead and many wounded on the field.

Agonellio Talking Again.

Paris, April 12 .- In an interview printed in The Patrie yesterday Agoncillo is quoted as saying: "The Ameri-cans have fully realized that they will never subdue the Filipinos and that the policy of Major General Otis has completely failed. The Filipinos have resolved to defend themselves to the death. They have in their power 1,500 American prisoners. The wet season is arriving, and fever will soon attack the American troops and disorganize them. During this enforced truce we will increase the strength of our organization."

THIRTEEN VICTIMS OF FIRE.

EX-JUSTICE FIELD DEAD.

His Service the Longest in the Supreme Court's History.

Washington, April 10 .- Justice Stephen J. Field, of the United States supreme court, retired, died at his home on Capitol Hill, in this city, at 6:30 o'clock last evening of kidney complications.

Stephen Johnson Field, son of David Dudley Field, was born in Connecticut in 1816, and was one of four brothers who gained worldwide fame-

THE LATE STEPHEN J. FIELD. David Dudley, Cyrus W. and Henry M. being the other three. A graduate of Williams college, he went to California in early life, was elected to the first legislature of the state, became the state's chief justice, and in 1863 was appointed by President Lincoln to the United States supreme court. He served over 34 years, exceeding by a few months the long term of Chief Justice John Marshall.

SHAFTER SAYS BEEF WAS GOOD.

Pennsylvania Soldiers, However, De clare It Made Men Sick.

Washington, April 12 .- Major General Shafter, who conducted the campaign against Santiago, was the principal witness before the beef inquiry board yesterday. He said he ate canned roast beef cold and found it not disagreeable. The refrigerated beef was as fine as any he had ever eaten. The men who had suffered for lack of food had only themselves to blame. If there had been mistakes congress was responsible. He admitted that he had never heard of canned roast beef before the war. While it was not very palatable in the tropics, he thought it would be very good in the cold climate. A. A. Kirk, a cook of Philadelphia City Troop, testified that he saw refrigerated beef aboard the Massachu setts that had spoiled. In Porto Rico the troop bought its own beef on the hoof. One-third of the canned beef he saw was unfit for use. John W. Springer, of New Cumberland, Pa., who acted as commissary sergeant of the Governor's Troop of Pennsylvania, gave similar testimony, as did Arthur W. Feight, of Carlisle, Pa., also of the Governor's Troop. The latter declared maggots were found in the beef broth aboard the Mississippl. It made the men sick.

Lieutenant Alexander Frank, of Cincinnati, commissary and subsistence officer of the First Ohio, said canned ronst beef made the men sick. He had refused a considerable quantity of beef furnished by Armour. It was

tainted.

is agreed that the law will be construed to mean that the muster out of the troops shall be upon orders of the executive, and that necessarily there must be a delay of a month or so in the discharge of the volunteers. Meantime they will receive their pay and allowances.

In accordance with precedent, estab lished at the close of the civil war, a few of the volunteer organizations may be retained in the service for some time, although those who desire to return home will be permitted to do so. The law authorities hold that, in order that the volunteers in the Philippines may remain in the service in accordance with the provisions of the army law passed by the last congress they must re-enlist, not as organizations, but as individuals. The or ganizations and the individuals who choose to go with them must be mustered out of this country. Those individual volunteers who re-enlist in the Philippines will receive not only the two months' extra pay provided for on their discharge from the army, but also travel pay from this country to the Philippines and return, amounting to about \$500. The war officials have decided that it would be more desirable to take a trained soldier in the Philippines than to send that soldier home and return a raw recruit.

It is evident that many volunteers in the Philippines are not anxious to remain, and will take advantage of the law to demand their muster out.

The effect of the proclamation declaring peace will be felt by the enlisted men in the regular army to the extent of a reduction of 20 per cent in pay.

WORKMEN FELL TO DEATH.

Four Killed and Six Injured by the Collapse of a Bridge Superstructure. New York, April 12 .- The temporary superstructure of the big Willis ave nue bridge, now being built over the Harlem river, collapsed yesterday afternoon, killing four men and seriously injuring six, one of whom may die. Twelve or more other workmen also received injuries of a more or less serious nature. The dead are: William Delaney, 65 years old; Walter Delaney, son of the above, 22 years old; Thomas Grady, mason's helper; Lewis Beattie. Charles Pursley, 31 years, had his skull fractured and will probably die.

The accident was caused by too great a weight being put on the traveling derrick that crossed the superstructure. The superstructure connected the north shore sustaining wall with a pier, and was a flimsy affair, stretching 300 feet across deep water, built in three sections, one above another, to a height of about 60 feet. Over this a massive traveling crane, or carrier, was operated. Twenty-five to thirty men were employed on the structure when the collapse occurred. A heavy lead of steel beams was being sent out on the crane, when the timbers gave way and the entire structure went down with a crash. As it went down the upright crashed into the workmen, striking the Delaneys, Grady and Beattie and killing them instantly. Many of the men were carried down in the wreck, most of them falling into the water. There were several heroic rescues. James Headrick, who superintended the work, is under arrest.
