This is the second one which Mr. Robb bought during the last week. They now have four horses all in first-class condition.

Romola.

Many a Lover. Has turned with disgust from an otherwise lovable girl with an offensive breath. Karl's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on absolute guarantee. Price 25 cts. and 50 cts. For sale by Krumrine Bros., Bellefonte, Pa.

Boalsburg.

Robert Condo and Mary Brown, both of Boalsburg, were recently married. Holy communion was celebrated in the Presbyterian church, last Sunday morning. The Grange Hall, at Oak Hall, is being treated to a coat of paint by Fred Weber. The Boalsburg I. O. O. F. degree team visited the State College Lodge last Monday evening. Frank Fisher is still confined to the St. Agnes hospital, in Philadelphia, with the typhoid fever, however he is convalescent. Mr. Boal, of Denver, Col., recently purchased the old Boal farm above town, now occupied by John Boal, and will begin repairs at once upon the buildings. The Wieland's Carriage Works, of Boalsburg, have already sold a half dozen new buggies thus far this spring, which speaks well for our local builders. People appreciate the good work done by this firm, hence the patronage. Prof. Hower has a very large school, it numbers between forty and fifty advanced scholars and teachers. This is the largest summer school that has been at Boalsburg for twelve or more years. Mr. J. M. Garbrick is the assistant. Prof. Harry Rothrock, of Millheim, formerly of Boalsburg, a candidate for County Superintendent, was around looking after his interests in this section the first part of last week. He has been in every district in the county this spring, and thinks he will prove stronger than his opponents imagine. The Boalsburg water plant is not a dream, but a thing of reality. The reservoir is completed and all water pipes are laid and many taps have already been put in. We believe nearly every house will soon be plentifully supplied with water. The water too is excellent, cool, nearly like ice-water and sparkling. We have means to congratulate ourselves for we believe very few towns have water that can compare with the Boalsburg plant. Rheumatism Cured. My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. CULVER, Red Creek, N. Y. Mr. Culver is one of the leading merchants of this village and one of the most prominent men in this vicinity.—W. G. PHIPPIN, Editor Red Creek Herald. For sale by F. POTTS GREEN.

Coburn and wife, of Bellefonte, spent Sunday last at their home in this place. Sam Gettig and his sister Mollie, of Centre Mills, were Sunday visitors in our burg. Meyer has been confined to the house for several weeks, suffering with a severe cold, but at this writing is convalescing. Quite a number of our people attended Reed & Reeser's horse sale, at Millheim on Monday last, and report that all the horses were disposed of at fair prices. Miss Margaret Mayes had her Sunday School class (consisting of eleven little girls) to the mountain on Saturday for trailing arbutus. They all report having an enjoyable time. On account of increasing business Clymer Stover, our tinner, will shortly erect a twenty by sixteen foot addition to his store room and is busy getting things in shape for the carpenters. Mrs. Lila Crouse will shortly receive her spring stock of all kinds of millinery goods and respectfully invites all her friends and patrons to give her a call. She has engaged a trimmer from Northumberland, and is in position to please all the ladies. George Kister, of this place, democratic candidate for the nomination of sheriff of Centre county, is quite busy at present touring the county and presenting his reasons why he should receive the nomination. George would make a good sheriff and we hope he will be successful.

Port Matilda.

S. R. Pringle, at the Corner Store, is up to date with a large stock of spring goods. Simon Nearhood and wife, from Tyrone, made a visit among friends in and near this place. G. M. Walk is building and making preparations to embark in the mercantile business, at Hannah. W. S. Crain, son of our townsman, Wm. Crain, is opening a general merchandise store at Howard. The farmers are so busy putting in their spring crops that some of them don't take time to ask a blessing at their meals. Mrs. James Patton, who is at present in a Philadelphia hospital for treatment for a tumorous growth, has been operated on and is on a fair way to recovery. Charley Crain, at the Willow Tree store, with assistance, has given his store room a thorough renovating and is rapidly filling it with his spring stock of goods. George Woodring had a day at trout fishing recently. He claims to have caught eight dozen, but you know Dordie is not very good at counting. We will excuse him this time. Rev. Newell is resting for a short time after his successful revival labors. He is now taking recreation with a garden hoe. He is all right either in the pulpit or in the garden. Wm. H. Williams took advantage of the first day of the fishing season by making great preparations for a day at trout fishing. The whole day was put in at the profitable sport, and the profits were one 7/8 inch chub. Professor Moomaw is meeting with success teaching the Normal School in this place. The professor is a No. 1 scholar as well as a patient instructor, and in consequence our young teachers and others are greatly profited by their patronage. A few days since, while Harry Woodring was leading a spirited horse attached to a road cart, the animal became frightened, tearing loose from his hold it demolished the cart. In its mad fright it came dashing through our town, running its breast against the hind wheel of a wagon which was passing down the street, cutting a frightful gash in its shoulder and otherwise injuring it. It was a valuable beast, and will no doubt be a cripple for life. YOU TRY IT. If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cts., 50 cts. and \$1.00, does not cure take the bottle back and we will refund your money. He handles most anything needed, along with all eatables such as bread, fancy cakes of all description, bologna, cheese, canned goods, syrup, sugar, soft drinks, matches, spices and flavors. His ice cream parlor is one of the finest in the county. He reports his trade far beyond expectations. Wm. T. Leathers & Sons, our popular Excelsior roofers, began their extensive work on Monday. They are starting at Emporium. They report booming orders far beyond what they are able to fill. This time last year they did \$425 worth of painting for the Lock Haven Papermill Co. and have received orders this spring for several barrels more of the paint, from the same company; so it must have given satisfaction.

Mr. Shaffer is a gentleman and is deserving of the office. Messrs. G. W. Heaton and G. M. Fetter are retailing buggies out at the rate of two for \$5. The saw mill owned by Messrs Orwig & Kryder has about finished sawing and will move to Snyderstown, in the near future. Our supervisor is to be congratulated for the excellent work he and his workmen are doing in improving the roads. "Fawnee," let the good work go on. C. P. Hoy has opened a school for the summer, but the writer thinks there are quite a few children whose names are not on the roll who should be at school, instead of being on the streets. WHAT IS SHILOH? Regardless Of Age.

The kidneys are responsible for more sickness, suffering, and deaths than any other organs of the body. A majority of the ills afflicting people to-day is traceable to kidney trouble. It pervades all classes of society, in all climates, regardless of age, sex or condition. The symptoms of kidney trouble are unmistakable, such as rheumatism, neuralgia, sleeplessness, pain or dull ache in the back, a desire to urinate often day or night, profuse or scanty supply. Uric acid, or brick-dust deposit in urine are signs of clogged kidneys, causing poisoned and germ-filled blood. Sometimes the heart acts badly, and tube casts (wasting of the kidneys) are found in the urine, which if neglected will result in Bright's Disease, the most dangerous form of kidney trouble. All these symptoms and conditions are promptly removed under the influence of Dr. Kilmer's Swamp-Root. It has a world-wide reputation for its wonderful cures of the most distressing cases. No one need be long without it as it is so easy to get at any drug store at fifty cents or one dollar. You can have a sample bottle of this wonderful discovery, Swamp-Root, and a book telling all about it, both sent to you absolutely free by mail. Send your address to Dr. Kilmer & Co., Binghamton, N. Y. and kindly mention that you read this liberal offer in the Centre Democrat. 6 NEW SERIES—BUILDING AND LOAN. The Centre Building and Loan Association of Bellefonte has opened their books for Series No. 4. Subscriptions can be made at any time by calling at the office of the Treasurer, Geo. Fetter, in Eagle Block, or by applying to any of the directors personally.

George Kessinger went to Pittsburg a few weeks ago for work and succeeded in getting employment at good wages. Our farmers have been very busy the last few weeks putting out their spring crops, the weather being very favorable. Quite a number of our people were out on the Ridge, northeast of this place, on Sunday afternoon, to put out a large forest fire. D. A. Deitrich has improved the appearance of his home considerably by cutting down some old fruit trees around the house. SOCIAL.—The United Evangelical Sunday School will hold a social at the home of J. K. Kessinger on next Saturday evening, April 29th. Ice cream and cake will be served. Everybody is cordially invited. "A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.
