

### CUBANS PAID PAYROLLS.

#### Dishonest Methods Used to Secure Uncle Sam's Gratuity.

### DEAD MEN PLACED ON THE LIST.

It is generally believed that the rolls were padded in expectancy of Cuban officers disbursing the money—Sanitary Conditions in Havana.

Havana, May 31.—Early yesterday morning Lieutenant Colonel George M. Randall, of the Eighth United States Infantry, accompanied by Paymaster Moses, his clerks, a doctor and a military escort, with nearly \$200,000, left by special train for Santiago de las Vegas, but owing to various delays the payment of Cuban soldiers did not begin until the afternoon. Many of the applicants, of whom there was a large number, were without guns. It was observed that a large proportion were from Marianno, from which point they were prevented from coming on Monday to Havana. One man, who had a Mauser, begged a ride on the special train carrying the pay car, and was the first man to be paid. Not a single officer would come forward to identify an applicant, a fact causing considerable annoyance and increasing the delay.

That the rolls are padded badly becomes more and more evident each day, and Colonel Randall says that from what he can learn every man, dead or alive, who ever has served in the ranks of the insurgents appears on the lists. Investigation has already shown that several officers gave certificates to men who had no guns. When Colonel Randall demanded the presence of these officers they refused to come forward. In one instance it was discovered that the name of a captain was enrolled who, to certain knowledge of one of the Cuban officials assisting the paymaster, had been dead two years.

It is generally believed by the officials making the disbursement that the rolls were padded in the expectation that the company commanders would have a personal hand in making payment. One man who was paid yesterday said he was glad the Americans were distributing the funds themselves, as otherwise he would not have received more than \$25.

The number paid yesterday afternoon was 45, but there were several applicants with arms entitled to payment who will receive it after identification.

Santiago de las Vegas itself is an extremely dirty town, with a population of 7,000. It is sadly in need of a sanitary inspector.

The sanitary department has just issued some interesting statistics regarding deaths from yellow fever during the last eight years. In the year 1899 there were only 4, in 1891 there were 316; in 1892, 325; in 1893, 391; in 1894, 328; in 1895, 419; in 1896, 1,517; in 1897, 1,058, and in 1898, 182. Thus far in the present year there have been only four deaths due to yellow fever. In 1896 and 1897 there were large numbers of Spanish soldiers in the province unacclimatized, and they succumbed often to doubtful diseases. In making up the statistics the preference was always given to yellow fever, owing to the larger pension that could be drawn in such cases by relatives of the deceased at home. From 1890 to 1898, inclusive, the total number of deaths in the city of Havana from all diseases was 29,703.

### NINE PERSONS KILLED

#### And Twenty-three Injured in Wreck Caused by a Washout.

Waterloo, Ia., May 29.—The through train from Chicago to Minneapolis over the Rock Island and Burlington, Cedar Rapids and Northern railways were wrecked at 1:15 yesterday morning at the crossing of Bing Creek, about four miles southeast of this place. The train consisted of six coaches, including mail and baggage car, smoking car, two passenger coaches and sleeper. Nine persons were killed and 23 injured.

The list of dead is as follows: E. L. Arnold, lumberman, Minneapolis; W. A. McLaughlin, Muskegon, Mich.; R. H. Schwette, Alton, Ill.; David Hano, Minneapolis; F. S. Carpenter, St. Louis; John Hawkins, Pullman conductor; George Wainwright, train conductor; Will Whollam, St. Louis; one unknown person. Mr. Schwette was on his way to Minneapolis, where he was to have been married yesterday.

A cloudburst had washed the sand and gravel roadbed, leaving the track unsupported for a stretch of 20 feet. The rails and ties held together, and there was nothing to indicate the insecurity of the road. The engine struck the washout and was derailed in the ditch beside the track, and behind it the cars were piled up in a confused heap. The mail car tipped over and was telescoped by the baggage car behind, while the rear end of the baggage car telescoped the smoker. The roof of the sleeper ploughed its way through the day coach, while the lower half of the latter crashed through the sleeper.

The engineer and fireman jumped from the train and escaped with slight injuries.

#### Urging Wheeler for Governor.

Birmingham, Ala., May 31.—The News-to-day says: "With almost one accord the newspapers in General Joe Wheeler's congressional district have united on a call for him to enter the race for governor and heal the disruption that now exists in the Democratic party in Alabama. The call has been taken up by other papers in central and southern Alabama and it is said that Wheeler might be induced to enter the field if he is not sent to the Philippines. If he ran he would be nominated and elected beyond a doubt. Even the Populists and Republicans will scarcely oppose him. Wheeler's election as governor would, it is believed, insure him an eventual seat in the United States senate."

#### No Big Army Needed.

Washington, May 31.—General Otis has informed the war department that he will be satisfied if the army under his command is kept at a maximum of 20,000. The president will give him this number.

#### Resumed After Eight Years' Idleness.

Reading, Pa., May 31.—The Leesport furnace was set in blast yesterday after an idleness of eight years. The capacity of the furnace is 600 tons.

### SPANISH MINISTER ARRIVES.

#### Fifty-seven Passengers of Stranded Steamer Paris Also Here.

New York, May 31.—Among those who arrived yesterday on the North German Lloyd steamer Kaiser Wilhelm der Grosse from Southampton were 57 passengers of the American line steamer Paris, which ran ashore on the coast of England May 21. Other passengers on board the Kaiser were the Duke De

DUKE DE ARCOS.

Arcos, Spanish minister to the United States, and the Duchess De Arcos, Miss Julia Dent Grant, Mr. and Mrs. Potter Palmer, W. G. Max Mueller, secretary of the British legation at Washington, Juan Kiano, secretary of the Spanish legation at Washington, General George B. Williams, Colonel James N. Wheelan, Eighth United States Cavalry, and Lieutenant C. H. Hazeltine.

### THE PEACE CONFERENCE.

#### The Arbitration Schemes Seem to be Gaining in Favor.

The Hague, May 31.—An important advance was made yesterday in the direction of a scheme of arbitration combining the Russian, British and American proposals. The representatives of these nations arrived at an agreement which seems to find general acceptance. Sir Julian Pauncefote conferred yesterday afternoon with Seth Low and Mr. Hollis, and both the British and American proposals were examined, with the result that the United States will support the Pauncefote scheme for a permanent tribunal. In all practical and essential features the British and American plans are identical.

A proposal will be submitted at the meeting of the drafting committee of the arbitration committee today, under which a nation which sees a danger of grave disagreement with another state may apply to some third state, not having an immediate interest in the case, to act on its behalf with a view to mediation. The other party to the dispute will then have an opportunity of taking a similar course, and the mediating states will investigate with a view of finding a pacific solution.

If, despite this, war should still break out, the mediating states shall continue to represent the belligerents, without affecting their rights and duties as neutrals, with a view of bringing about the speediest possible cessation of hostilities. It is said several delegates of the great powers are favorable to this proposal.

#### A Maryland Runaway Fatalities.

Frederick, Md., May 31.—A runaway accident occurred near Elberton, this county, yesterday resulting in the instant death of Guy Gaver and the serious injury of his father, Martin L. Gaver. The two were driving a team down South mountain. Mr. Gaver stopped the horses to get a drink of water. A moment later the team took fright and dashed down the mountain side at a frightful speed, with the boy on one of the horses. Mr. Gaver followed the runaway and caught up with him, knocking him down and rendering him unconscious. After he regained consciousness he found the lifeless body of his son in the road. The maddened horses disappeared over an embankment.

#### Severe Storms in Virginia.

Richmond, May 31.—Reports are coming in of severe storms Monday night in Piedmont, Va., and the valley. In Albemarle county several barns were blown down and trees uprooted, with the result of rendering the roads impassable in places. At Basic City several houses were unroofed, and a warehouse was demolished near Woodstock. In Shenandoah county great damage was done telegraph lines, and a farmer was killed by lightning. In Augusta county the electrical disturbance put the county telephone system out of service for several hours.

#### A Monument to Thomas Paine.

New York, May 31.—After 60 years the Thomas Paine monument, in New Rochelle, was finished yesterday by the crowning of the shaft, which was erected in 1839, with a colossal bust of the free thinker. About 300 admirers of the writings of Paine made the trip to the monument and participated in the exercises. It had been expected that Robert G. Ingersoll would speak, but he did not appear. The placing of the bust was under the auspices of the Liberal club of Manhattan and the Brooklyn Philosophical society.

#### Seven Killed by a Tornado.

Chamberlin, S. D., May 29.—Word has reached here of a disastrous and fatal tornado which passed over the country in the vicinity of Bijou Hills, 25 miles south of this city, Saturday afternoon, resulting in the death of seven persons and the serious injury of three others. The killed are Charles Peterson and his six children, ranging in age from 3 to 15 years. The wife and two remaining children were so badly injured they may also die.

#### No Big Army Needed.

Washington, May 31.—General Otis has informed the war department that he will be satisfied if the army under his command is kept at a maximum of 20,000. The president will give him this number.

### FILIPINO TREACHERY.

#### Captain Tilly Slain While Working Under a Flag of Truce.

### TWO PETTY OFFICERS MISSING.

#### Their Boat Afterward Found in Possession of Filipinos—Solemn Decoration Day Ceremonies at the Graves of Our Dead in the Philippines.

Manila, May 31.—Brigadier General South, who was sent with a detachment of troops on board a gunboat in search of Captain George H. Tilly, of the signal corps, reported missing at Escalante, on the island of Negros, sent the body of Captain Tilly to Iloilo yesterday on board a launch. The body was found floating in the river, and there were marks of violence on the head. Later in the day the body of Captain Tilly was buried with notable ceremony. English friends of the captain joined with his comrades of the signal corps in arranging for the funeral, and heaped wreaths of flowers upon the coffin of the dead soldier. General South remains at Escalante with his soldiers to search for the two missing men who were with Captain Tilly when he met his death.

It now appears that the attack on the men of the signal corps at Escalante, on the island of Negros, was the result of vilest treachery. Captain Tilly and his party landed to pick up and repair the cable. The natives had a white flag floating over the cable house when the party landed. The latter, however, were no sooner on shore than they were fired upon by the natives. They at once took to the water. All were picked up except Captain Tilly and two native men of the party.

Two petty officers of the United States hospital ship Relief went sailing in the harbor yesterday. Their boat was afterward found in the possession of natives near their Paranaque lines by the Monitor Monadnock. The men are supposed to have been killed or captured.

Memorial day was celebrated at Battery Knoll, where Scott's guns were planted against the Filipino trenches in the first day's fighting at Manila. Nearly 300 soldiers lie buried there on a bleak mound surrounded by rice fields, rough boards marking the graves, which are ranged in five unbroken rows. Beyond these are Spanish blockhouses and bamboo hedges, which were mown by shells from the American guns.

The few soldiers who could be spared from the trenches came to Battery Knoll, dusty and bronzed, bearing flowers with which to strew their comrades' graves. A silk flag was placed above each mound. The day was as mild as a New England spring day, when, just before sunset, a few hundred Americans gathered in a circle around Battery Knoll, in blue and brown uniforms. Among the soldiers were groups of American ladies, and brown faced natives peered curiously at the unwonted spectacle from points near by. The guns of the Monitor Monadnock, bombarding Paranaque, boomed a significant reminder of the nearness of war. Just as the Sixth artillery band began a dirge the thunder of the Monadnock's guns ceased, while taps sounded from the bugle.

Colonel Charles Denby, of the United States Philippine commission, presided at the exercises. He spoke briefly of the peculiar solemnity of the day to Manila. The chaplain of the British cruiser Powerful made an invocation. Chaplain Pierce, of the Twenty-third infantry, and Chaplain Cressey, of the Minnesota volunteers, delivered orations, and the soldiers sang appropriate hymns.

After taps had been sounded soldiers took the flags from the graves to send to relatives of the dead.

Similar services were held over the dead in the Paco cemetery in the afternoon. Colonel Denby was the orator on this occasion. The graves were decorated with a vast quantity of magnificent flowers.

High mass for the dead of the Roman Catholic communion was celebrated at the Paco cemetery in the morning. Orations were delivered by Fathers McKinnon and McQuade, Chaplain Stevenson, of the Idaho regiment, a Methodist, and Peter McQueen, a Congregational clergyman of Boston.

Most of the business places in Manila were closed in observance of the day. The American and many foreign flags were displayed at half mast. The graves of soldiers and sailors buried at Cavite and Iloilo were also decorated yesterday.

An order has been issued re-establishing the Philippine courts, which have been closed since the American occupation. It revives all the Spanish system not conflicting with the sovereignty of the United States. The chief justice is Cayetano Arrelano. The Filipino members are all prominent lawyers. Spanish will be the official language of the courts.

### THE FILIPINOS AGGRESSIVE.

#### They Hope For Victories During the Rainy Season.

Manila, May 29.—The approach of the wet season finds the insurrection seemingly taking a new lease of life. All along the American aggressive activity, in their guerrilla style, than at any time before since the fall of Malolos. They keep the United States troops in the trenches, sleeping in their clothing and constantly on the alert against dashes upon our outposts, and they make life warm for the American garrisons in the towns.

The bands of General Luna and General Mascardo, which retreated toward Tarlac when they feared they would be caught between General MacArthur and General Lawton, have returned in force to their old trenches around San Fernando, where there are daily collisions.

### CORNELL'S AQUATIC VICTORY.

#### Pennsylvania's Freshmen Crew Defeated by the Ithaca Students.

Ithaca, N. Y., May 31.—The Cornell-University of Pennsylvania freshman boat race, which was postponed from the scheduled time of 3:30 o'clock yesterday afternoon, was finally rowed at 7:30 o'clock last evening. The lake, which had been exceptionally rough all day, quieted down by 6 o'clock, so that Referee Mumford was able to call the Cascadilla-Cornwall race, which was scheduled to take place after the Cornell-Pennsylvania race. This contest was started at 6:55 p. m., and Cornwall won from Cascadilla by a length.

Cornell and Pennsylvania were ready for the contest immediately after the first race had been rowed. Pennsylvania chose the inside course. The Pennsylvanians had a slight advantage in catching the water first and gained nearly a third of a length after a dozen sharp strokes. Cornell did not attempt to spurt, but rowed a 32 stroke. Pennsylvania started with 34, and from time to time increased it to 36. Cornell began to gain at the quarter mile, and at the mile had more than made up the loss at the beginning. Pennsylvania had lost about half a length at the mile and a quarter, and began to put effort into their work. Cornell's rowing did not vary, and although Pennsylvania pushed the nose of her shell nearly even with the Ithacans at the mile and a half, Cornell did not let out until about 300 yards from the finish. The men in the Cornell boat then rowed a 33 stroke, while Pennsylvania's went up to 37. The Ithacans gained slightly, and at the end won by fully a length in 11 minutes 26 1/2 seconds. Pennsylvania's time was 11:26. Both crews finished strong and pulled to the boat house in good form.
