Miss Seine Potter is ill at this writing, but we were unable to hear the cause. Trust she will soon recover. Mrs. Hess left for Bethlehem on Thursday, to witness the graduation of Miss Freda, on Tuesday June 13th. Harry Bilger and Miss Alice Meese, of Pleasant Gap, were callers at the home of William Brooks on Sunday. Samuel Ripka has been confined to his bed for the past week. The attending physician has not yet handed down his opinion as to the cause. Miss Poorman and Mrs. Heidman, after paying the Wieland family a ten day visit returned to their home in Lebanon on Tuesday last. Children Day services will be observed next Sabbath, June 18th at 9:30 a. m. The school is putting forth every effort to get out an interesting program. J. Will Zeigler and lady, Lulu Lonerberger, and sister Dolly, Bruce Lonberger and Hattie Reitz drove to State College on Sunday to take in the baccalaureate sermon. Misses Lizzie and Winifred Wieland, accompanied by their visitor, Miss Martha Poorman, of Lebanon, drove to Penns cave on Saturday June 4th and said they had a pleasant time. Festival at Lemont, Saturday evening, June 10th. We are going, notwithstanding the fact of their young men lying in ambush (so our town lady says) for us. Will tell the people, through the columns of this paper next week, how we get flogged. There was a greatly disappointed congregation here on Sunday afternoon when Rev. Christine did not arrive to fill his appointment during Rev. Rhoads' absence. The people concluded that they had both gone on a fishing expedition. We hear so many people say "the Linden Hall items are all I am interested in." Now we are glad to know that our writing is appreciated as we always try to write so as to offend none; would rather by far give an account of some one's good qualities, than to tell their faults. The scribe is a great admirer of the Gazette's "That Column" and would say, we disagree with Mr. Speer in saying a young lady would not let a man kiss her, no matter how well she loves him, if he ate onions before going to call. We think if a young lady has become infatuated with a man and has gone far enough to give the term "love," she would kiss him if he ate garlic. Wonder if Francis got those ideas while calling on his lady at Rock Forge? On Saturday, June 4th, a number of young ladies decided to have a days outing at what is known as Big Rock on Nittany mountain. They filled baskets with good things and began climbing the steep before the heat of day. They returned in the evening greatly fatigued, yet pleased with the sociable time they had. It was impossible for all that received an invite to be present owing to some inconvenience. The following is a list of those who braved the thought of being snake bitten, and joined in the sport: Misses Lilly, Louella, Anna and Ella Ross; Sadie Felding, Daisy Brooks, Annie Long and Annie and Edith Carper. I might state also they were prepared for emergencies such as snakes, wild cats, etc., having onions along for the former and a dog for the latter.

The operator at Unionville, who came to Julian last Friday night to see the young lady who was visiting her aunt at this place and awakened the neighbors at five o'clock for his breakfast, evidently was afraid to go home alone or the young lady would not let him. Which was it, Forest?

Shaffer, was somewhat disappointed, nevertheless he is as loyal a democrat as ever, and may be the happy one in the future. MADISONBURG NO. 2. S. B. Shaffer is home visiting his family; he had been working at South Fork, at the carpenter trade. The marriage bells have pealed forth confederacy of another couple, known to be Mr. Loyd Miller and Miss Minnie Roush. We wish them joy, happiness and a pleasant life. Many others have testified to the prompt relief from pain which this liniment affords. For sale by F. POTTS GREEN, Druggist, Bellefonte, Pa. Look at the date after the name on the yellow label. Hettinger has taken a position as routeman, for the Centre Hall creamery, who will in the near future erect a branch at Spring Mills. Brown, of the United Evangelical church, preached a masterly sermon here on Sunday morning to a large and attentive audience, taking for his subject the 23rd Psalm, 1st to 4th verse inclusive. This discourse was plain and practical, and should ever remain fresh in the memories of his hearers. DO YOU KNOW. Consumption is preventable! Rebersburg.

Wm. Bair is improving his house with a new porch. The delegate meeting was fairly well attended on last Saturday. The carpenters are now working at Jared Kreamer's new house. The farmers of our vicinity are beginning to make plans for making hay. Merchant Henry Kreamer and wife, of Centre Hall, were among their relatives last week. Hello, boys! and we dare say, men! watch that wedding, if it will not take place before the issue of this paper. Edwin Zeigler, who is attending school at Franklin & Marshall college, came home to spend his summer vacation with his father and brother. Prof. H. Elmer Bierly, who is professor of biology and chemistry in one of the Florida State Colleges, located at Tallahassee, returned home for his summer vacation last Saturday. He is busily engaged in writing a series of articles on educational psychology for one of the Florida School Journals and in completing plans for child study which he is directing in the same state. He is very much in love with the Land of Flowers, and southern beauties. ANSWER.—Since Rebersburg is nearer to Kremerville than any other town, we have concluded to be that "brother" to whom the Kremerville correspondent must have reference to when he or she said in the last week's issue the following words: "We never like to criticize anybody, but we do dislike the idea that some people call this place Smoketown. Will our kind brother correspondent please call this Kremerville, and we shall be happier." We have concluded that the Kremerville correspondent has taken Scripture as his basis, since he addresses us with the word "brother." If so we shall do likewise. The following is our answer to the Kremerville correspondent, if he meant us, and this he did according to his language: We never called your village "Smoketown" in any one of our Rebersburg items. Secondly, if that correspondent is as polite as he or she evidently seems to be, we would advise him or her not to come to our burg and put, as a rule, stale Rebersburg news into the Kremerville items, and by so doing try to show shrewdness, or as we denominate it ignorance, to both the editor and the public. We always considered our work to be satisfactory, and always considered to be able to judge, at least in general, what should and what should not be written under the Rebersburg items. We would advise that correspondent to study the following passage: "Either thou canst thou say to thy brother, brother, let me pull out the mote that is in thine eye, when thou, thyself, beholdest not the beam that is in thine own eye? Thou hypocrite, cast out first the beam out of thine own eye, and then shalt thou see clearly to pull out the mote that is in thy brother's eye." Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting poorer. For sale by F. POTTS GREEN, Druggist, Bellefonte, Pa.

Romola.

The delegate election passed off very quietly here. William Berry, of Mifflinburg, was a business caller in our town on Thursday. B. F. Singer, who has been employed in Nittany valley for some time, spent Sunday at his home in this place. Wm. Harvey is setting out three acres of tobacco this week. This is the only tobacco that will be planted here this year. Miss Blanche Wentzel will go to Pittsburg this week where she expects to attend the wedding of one of her friends, Miss Anna Hormel. Wm. Wentzel is at present engaged in putting up the wall for his barn which he will build this summer. Mr. Sweitzer is doing the mason work. Mrs. Thomas McCloskey and daughter Hazel and Dean DeLong spent Saturday in Williamsport, where they visited Mrs. McCloskey's husband, who is in the hospital with a broken leg. Prof. H. P. Robb arrived home last week after finishing a term of school at Johnsburg, where he suffered a great deal of bad luck. He was forced to close his school on account of diphtheria and before he could again open it the building was destroyed by tramps and fire. About fifty dollars worth of his property was destroyed. He then taught in the opera house until a new house could be put up. After his term was ended he spent a few days at Lake Chataouqua for the benefit of his health. Penns Valley Crops. Our Penn Hall correspondent says: From present indications apples will be only half a crop, other fruit will be scarce. The corn and oats look promising, while the wheat crop will be short, owing to the extremely cold weather which prevailed in February, the prospects for hay are more favorable. Our Pine Grove Mills correspondent writes: If you wish to see fine crops, such as wheat, grasscorn, oats and barley, take a drive through the upper end of Spruce Creek Valley, known as the Glades, and you will see very fine crops this year. We have the farms and the farmers to produce good crops. The secret of it is liming and early planting.

CONSUMPTION

Kremerville.

Hello! Here we are again. We must buy our cigars ourselves now, since the candidates won't be around. Mamie Wolfe left for Lock Haven, on Friday, where she will spend some time visiting friends. C. H. Beirly is down again with rheumatism so badly that he has lost all control of his limbs. H. H. Stover will have an entertainment in the town hall, at Madisonburg, Saturday evening, June 17th, a good time promised. Come one and all. Someone lost a letter and it was found and read. Oh! what sympathy and tenderness it contained. Boys you must take better care of your letters. We have heard of a new industry for this village which will be a brewery in the gap, south of us, and paying \$5 a month for the managing of the same. No doubt it will be run by water power, or natural gas. Axemann. Frank Beck, of Fillmore, Sundayed at the home of his mother, Mrs. Beck. Quite a number of our people attended the festival at Pleasant Gap, on Saturday evening. Briton Steele, of Bellefonte, spent Sunday at the home of Newton Steele, of this town.
