

UNJUST DISCRIMINATION

Charged Against Uncle Sam by Porto Rican Commissioners.

CAUSE OF THEIR COMPLAINT.

Though a Part of the United States. Say the Commissioners, the Citizens Are Denied the Rights and Privileges Extended to Other Citizens.

New York, June 21.—The commissioners from Porto Rico to the United States feel, according to Dr. E. Julio Henna, one of their number, that they and their adherents in Porto Rico have been treated scandalously by the United States government, and so they have prepared a protest, which Dr. Henna, after consultation with Dr. M. Zena Gandia, another commissioner, gave out. The protest says:

"Porto Rico finds itself at this moment in an extraordinary situation. The island is 'de facto' by virtue of actual occupation and 'de jure' by virtue of the treaty of peace between the United States and Spain an integral part of the territory of the United States. Nevertheless, its soil, its ports, its commerce and its inhabitants are not for any practical purpose considered American. The flag of the United States floats over Porto Rico, but it does not make American even the children who are born under its shade.

"Ships coming from United States ports and entering a port of Porto Rico do not enter an American, but a foreign port, and are subject to pay customs duties, tonnage duty, etc. The commerce of Porto Rico with the rest of the United States, instead of being free, as the commerce between Massachusetts and Florida, of New York and Louisiana, is burdened by a tariff, heavier and more onerous than that which was in force when Porto Rico was Spanish and its commerce was subject to the reciprocity arrangements which, under the inspiration of Mr. Blaine, were concluded in 1890 between the United States and Spain. And although Porto Rico is American and its government is vested in American officials, from the governor general to the health officer of the humblest port of the island, no protection is given to any Porto Rican except upon condition that he is carefully expressed that he is protected as a native Porto Rican, but not as an American.

"Of liberty and self government the Porto Rican people have not had as yet any taste. They are subject in all things to the supreme will of a military ruler; subject to on one else, though in time of peace, than the commander-in-chief of the army of the United States, through exclusively the channels of the war department."

WATSON AT MANILA.

Admiral Dewey's Successor in Command—Wheaton at Das Marinas. Manila, June 21.—Rear Admiral John C. Watson arrived here yesterday on board the United States transport Caffro from Hong Kong and raised his flag on the United States cruiser Baltimore. The commanders of all the warships called upon the admiral during the course of the day.

The troops commanded by General Wheaton entered Perez Das Marinas without opposition, except upon the part of small bodies of rebels, who inflicted no losses upon the Americans. The town is an unimportant place, surrounded by swamps, and General Wheaton will probably return to Imus. The latest list of the American casualties in Monday's fighting shows that five were killed and twenty-three wounded. The list includes no officers. The wounded were brought to Manila from Bacoor in cascos.

Fatal Fire at Fort Pickens.

Pensacola, Fla., June 21.—The smaller powder magazine at Fort Pickens, on Santa Rosa Island, blew up at 5:45 in the morning. The explosion wrecked the western corner of the old fort, demolished the new brick storehouse, the brick hake house and several wooden buildings used as quarters for the laborers on the new works. Flying fragments hit Private Wells, of Battery H, who was on sentry duty on the wharf, and almost instantly killed him. Four other men were badly injured. A fire, which reached the magazine before it could be checked, caused the explosion.

Murder and Suicide in Public.

Pittsburg, June 21.—James Armstrong, a steel worker, last night shot and killed Thomas Welch, a fellow workman, and immediately afterward shot himself, dying within a few moments. Armstrong had threatened to kill Welch several times before because of supposed intimacy with the former's wife. Last night the men met on Carson street and began quarreling. The double crime quickly followed before the gathering crowd attracted by the shots could realize what had happened.

A Boating Party of Six Drowned.

Rhineclander, Wis., June 21.—During a storm Monday a boating party at Dunbar, a station east of here, on the Soo line, was capsized and six were drowned. The dead are William Schubel, his daughter Vina, and two sons, aged 7 and 13 years, respectively. Gus Fredericksen and Charles Anderson, Schubel was a section foreman and the two last named were railroad laborers.

Kidnappers' Heavy Sentence.

New York, June 17.—George Beaurgard Barrow, the principal in the kidnapping of Marion Clark, the infant daughter of Arthur Clark, of this city, was yesterday sentenced to 14 years and ten months imprisonment. Bella Anderson, the nurse, was sentenced to four years. Mrs. Barrow's trial is set for June 26.

Dewey Home Fund Grows Slowly.

Washington, June 21.—The contributions to the Dewey home fund received yesterday by the national committee amount to \$209, which makes the total subscriptions to date \$9,350.

NELSON DINGLEY'S SUCCESSOR.

Charles E. Littlefield Will Represent the Second Maine District. Rockland, Me., June 20.—Charles E. Littlefield, Republican, has been elected to congress to succeed the late

CHARLES E. LITTLEFIELD. Nelson Dingley, defeating John Scott, of Bath, by an overwhelming majority. Scott polled a smaller vote than when he stood against Mr. Dingley in the 1898 elections.

CHICAGO POSTAL THIEVES.

Had Been Robbing the Mails Regularly Since June 1.

Chicago, June 21.—What is regarded by Postoffice Inspector James Stuart as one of the largest and boldest mail robberies in the history of the Chicago postoffice was detected yesterday, and the arrests of Walter Porter and John Newman, drivers of mail wagons, followed. Porter made a full confession, implicating Newman. A large amount of letters, money orders and packages taken by the men was found in their lodging house on South Halsted street. In the pile were letters, money orders and checks directed to all parts of the country and Europe. One check found in the pile was for \$20,000. The fact that the robbers had been in the employ of the Chicago postoffice since June 1, and that all the thefts were committed since that time, while the prisoners were driving their wagons, makes the scheme one of the boldest in the recollection of the police inspectors. The mail was all taken from pouches while being carried in the wagons and from railroad stations, and it has been admitted that three sacks were taken in one day. The prisoners will not admit that they secured much of value from their depredations, but declare that they would have been considerably richer had their scheme not been discovered so soon.

Savage Riots in India.

Bombay, June 21.—The riots in Southern India have spread to Travancore, where the police have been severely beaten and forced to retire. The rioters have seized a number of guns and a quantity of ammunition. They are cutting off the ears of their opponents in order to obtain their earnings more expeditiously. About 450 houses have been burned at Sambuvadagari. Troops are now patrolling the disturbed district. Over fifty small villages have been looted and burned in the Tinnevely district. At one town more than a hundred murders were committed. The victims in many cases were literally hacked to pieces and then thrown into the flames of their burning houses.

Standard Oil Leaves Ohio.

Cleveland, June 21.—The Standard Oil company is preparing to get out of Ohio. Its headquarters will be removed from this city to New York, and on July 1 its Ohio charter will be given up. The office force here will be reduced from about 60 men to less than one-tenth that number. The recent incorporation of the company in New Jersey, with a capital of \$10,000,000, was the first step in the abandonment of Ohio. An officer of the company today confirmed the report of the removal of the offices and said that Cleveland would hereafter be only a branch office like those maintained in several cities.

Defender Defeats the Navahoe.

Newport, June 21.—The Defender showed her heels to the crack cutter Navahoe in her first competitive trial of the season off this port yesterday. The distance was ten miles, and the brush was in response to a request from Butler Duncan to Royal Phelps Carroll. The wind was strong from the southwest, and the course was laid to windward. The Defender beat the Navahoe by nearly four minutes in the ten miles. Mr. Carroll sailed the Navahoe and Captain Rhodes the Defender.

Injured by Exploding Fireworks.

Baltimore, June 21.—Nine persons were injured last night by the accidental discharge of a lot of fireworks in the store of George R. Bassett, at 603 Sewell street. Lucy Bassett, 11 years old, had her hands and body burned and her leg broken. She was removed to the Maryland General hospital, where it was stated her injuries would prove fatal. The injuries of the others were not serious. A lighted candle, dropped by one of the seven children wounded, caused the accident.

Fifty Hospital Ambulances Lost.

Chicago, June 21.—Fifty hospital ambulances, shipped to Tampa, Fla., over a year ago by the local army officials to be forwarded to Cuba for the use of the United States troops, have been lost. The war department's search for the missing property has been unsuccessful, and Chicago army officials are urged to join in the hunt. What makes the loss all the more astonishing is that it took a freight train of 17 cars to haul the ambulances from the city.

Australian Federation Assured.

London, June 21.—The Times and other morning papers contain editorials in a congratulatory vein regarding the New South Wales referendum, which insures the success of Australian federation, inasmuch as the results in Victoria are a foregone conclusion.

PREMIER BOURGEOIS.

President Loubet Summons the Peacemaker to Paris

TO FORM A FRENCH CABINET.

Latest Gossip Favors a Combination Ministry, Including Bourgeois, Brisson, Poincare and Waldeck Rousseau. The Latter's Charges.

Paris, June 21.—The prolongation of the cabinet crisis is becoming most serious. MM. Dupuy and Lockroy both called up President Loubet yesterday and expressed their anxiety to be relieved of the responsibilities of office as soon as possible.

Yesterday President Loubet invited M. Bourgeois to form a cabinet. M. Bourgeois, who is head of the French delegation at The Hague peace conference, telegraphed that he would arrive here today.

Should M. Bourgeois accept the task of forming a ministry it is thought his chances of success would be fairly good. His prestige has been much increased by the part he has played in the deliberations of the peace conference, where he is believed to have won the gratitude of Emperor Nicholas by his tact and zeal on behalf of arbitration.

The latest gossip favors a combination cabinet, including MM. Bourgeois, Brisson, Poincare and Waldeck Rousseau, but nothing will be known till M. Bourgeois makes his decision.

M. Waldeck-Rousseau, discussing his failure, is reported to have said: "I met with the utmost friendliness and straightforwardness from my former adversaries, but found only treason and cowardice among my old allies."

It is reported that orders have been sent to St. Michael's, Azore islands, directing the commander of the French cruiser Sfax, which is bringing Captain Dreyfus to France, to remain there a short time, so as not to arrive in home waters until the new ministry is installed.

The court house at Rennes adjoins the prison. Captain Dreyfus will be brought into court through a specially constructed floor. It is proposed to fix a screen in front of the window of his cell so as to prevent him from communicating with the houses opposite. The dossier of the case has already arrived at Rennes and been deposited in the safe of the Credit Lyonnais under sentry guard.

A FORTUNE AT STAKE.

In the Alleged Abduction of a Young Man by His Aunt.

Detroit, June 21.—Moses Fowler Chase, aged 21, alleged to be mentally incompetent and reputed to be worth \$600,000, was abducted from the Hotel Cadillac last Monday night. He had been a patient at a sanitarium in Flint, and was en route to his home in Lafayette, Ind., accompanied by his father, Frederick Chase, a lawyer. When the father and son arrived here the young man's aunt met them at the depot and hurried the youth to the Cadillac. The father was unsuspecting of any unlawful intent. Sunday night a carriage drove up to the hotel and young Chase was taken to the Cleveland boat, which, in the company of his aunt and two unknown men, he boarded. On reaching Cleveland the party took a train for Cincinnati. From there they went east to Albany, N. Y., where the private detective that the father had employed to watch them last night of the party. Extradition papers were yesterday made out in anticipation of the party's arrest by the New York authorities.

The fortune that young Chase possesses is revertible to the aunt upon his death, which, it is alleged, furnishes the motive for the supposed abduction. The father and young Chase's attorney believe that the object of the alleged abductors is to take the young man out of the country. It is stated that upon young Chase attaining his majority the father's guardianship ceased, and that the father was taking him to Lafayette for the purpose of himself being continued as his guardian by order of the probate court.

Successful Yellow Fever Preventive.

New York, June 21.—Dr. Alvah P. Doty, the health officer of this port, is much elated over the successful results of the experiments with a serum produced at his laboratory for the prevention of yellow fever. For some time the experiments have been doubtful in their results, but for the past month or six weeks they have succeeded in preserving the lives of guinea pigs previously fed with yellow fever germs, thus affording sure evidence of the value of the serum in the prevention of yellow fever. Dr. Doty says he will send samples of the serum to his agent at Havana, where it is expected that it will be used with success in the preservation of the lives of yellow fever patients.

Preparing For War in the Transvaal.

Cape Town, June 21.—The naval volunteers have been officially ordered to hold themselves in readiness for active service. The activity of the war office local authorities has been suspended in the matter of contracts for certain military requisites, on the ground that the regiments are now ready to leave Cape Town for Kimberley on short notice. An engine driver on the Cape railway declares that he has seen men, armed and mounted, engaged in drilling at Hout-Kraal, near Deonar, and Pontfontein, not far from Kimberley. He was informed that they were Dutchmen, preparing to assist the Boers in the event of hostilities.

William McKinley, L.L.D.

Northampton, Mass., June 20.—An interesting feature of the visit of President McKinley to Smith college yesterday was the conferring of the degree of L.L.D. on him by the board of trustees, who held a meeting in the afternoon. This is the first time Smith college has conferred an honorary degree upon a man. But one other honorary degree has been conferred by the college in its history.

Rourke, Augustus Moge and Daniel Wilder were implicated for causing the Exeter creek. The jury ignored all the bills and placed the costs on the county. The men were at once set at liberty and their bondsmen released.

Wilkesbarre, Pa., June 19.—A murder was committed at Duryea Saturday night. Thomas Lambert was beating his wife, when the woman's brother, Joseph Tomkinson, interfered. The murderer gave himself up and was lodged in the county jail.

Wellsoor, Pa., June 21.—A big strike of coal miners is on at Arnot, this county, 20 miles from here. Trouble has been brewing for some time, and yesterday 800 miners quit work, demanding 60 cents a ton. They had been receiving 45 cents. It is reported that the miners at Morris Run have also struck. The Arnot mines are owned by the Erie railroad and the Morris Run mines by the New York Central railroad.

Pittsburg, June 17.—The Pittsburg district miners, who have been in conference for two days to settle the question of differential between the thick and thin vein scales, have failed to reach a conclusion. At the earlier conference between the operators and miners it was decided to leave the miners' district executive board, its decision to be final. Yesterday the conference passed a resolution to defer the matter until July 20, when another convention will be held.

Pittsburg, June 20.—Enoch Eyyanowski's young wife Emma and his infant daughter Emma were burned to death yesterday as the result of the explosion of an oil can, with which the woman attempted to start a fire at their home on South Thirteenth street. The husband was in bed at the time the explosion occurred, and before he could reach his wife she had been mortally wounded.

Should the federation movement be a success a general mediation committee will be appointed to present simultaneously the grievances that each branch of the service is complaining of since the advent of the new regime represented by President Truesdale.

Scranton, Pa., June 20.—The threatened general tieup of all building trades is on. It was ordered by the Building Trades Council yesterday morning at 9 o'clock, when no operatives were forthcoming from the master builders for an adjustment of the trouble with the carpenters, plasterers and tinner, who are now entering upon the third week of their strike for eight hours and increased pay. There were about 700 men on strike. The tieup increases the number on strike by 2,000. The Master Builders' Exchange has adjourned to July 2, by way of emphasizing its disregard for the strike or strikers.

Pittsburg, June 20.—Major General Nelson A. Miles has accepted the invitation of the combined labor organizations of western Pennsylvania to address them on Friday night of next week at the Grand Opera House here. The week is known in Pittsburg as all organized labor week. Lancaster, Pa., June 17.—The stock of W. M. Jacobs, which was confiscated by the government upon the exposure of the celebrated Jacobs-Kendig - Bredell - Taylor counterfeiting scheme, was sold yesterday. The sale attracted a great number of tobacco men, all the big firms in New York, Philadelphia, Baltimore, Richmond and other eastern tobacco centers being represented. The stock consisted of about 400,000 pounds of tobacco of all kinds and grades and about 2,000,000 cigars, besides the apparatus of the factory. Everything was disposed of. The competition forced prices away above what was expected or what would have been considered a fair price, and the total receipts of the sale will, it is thought, reach \$50,000.
