Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then run his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cts. the other is out a hundred dollars and then wonders why his neighbor is getting poorer. For sale by F. Potts Green, Druggist, Bellefonte, Pa.

Boalsburg and vicinity has certainly been visited by cupid this spring. Six marriages have occurred here since April 1. The latest was John Close and Jennie Myers, which occurred last Thursday evening. Rev. A. A. Black tied the knot. It must be awful sweet, down on goose street, at present—two newly married couples within the same family.

A JUNE PICNIC:—Friday, June 16th, being the last day of the spring term of Prof. Hower's select school at Boalsburg, a number of the students agreed to hold a picnic on that day to help perpetuate the memory of their profitable term of school. Reservoir park, in Shingletown Gap, was selected as the place. No more picturesque location could have been selected. Here the State College water company has built a beautiful reservoir which supplies that town with plenty of pure water. A number of the professors of the college have erected a cottage at this point and spend part of their summer vacation here. But, above all that man has done or can do to beautify the place, Nature has been lavish in ornamenting this nook of her garden. At about 8:30 a. m., Friday, the picnickers assembled at Boalsburg and started by buggies for the picnic ground. After arriving at the park several hours were spent in exploration and in playing games, after which the ladies of the company laid out an elaborate feast, which they had prepared for the occasion, to which all present did ample justice. "Brother Rex" was then appointed toast master who called on several of the young ladies and gentlemen to make addresses all of whom responded but Mr. O. H. Bathgate, who was called away very suddenly on important business, to Shingletown. After dinner a number of the company went on an exploring expedition into the interior, returning about 4 o'clock p. m. without having made any important discoveries. As it was thought to be time to go home, the company started on their journey. All went well until passing through Shingletown when D. K. Motherbach's horse became frightened and began to kick, striking Mr. M. on the breast and quickly freeing itself from the buggy, started for Boalsburg. He was caught, however, by one of the party about half a mile from the accident. It was thought at first that Mr. M. was seriously injured and Dr. Kidder was quickly sent for, who unfortunately had left town about an hour before and did not return for several hours. Mr. Motherbach, however, came home in another buggy. We wish for him a speedy recovery from his injuries, and congratulate Miss Maggie Keichline on her safe, but narrow escape. Thus ended almost tragically a most pleasant and profitable social time. Following is a list of the students present at the picnic: Misses Ella Hunter, Helen Meyer, Margaretta Gohsen, Della Garbrich, Dora Meyer, Bessie Little and Maggie Keichline; Messrs D. K. Motherbach, James Glenn, Irvin Zeigler, Daniel Kock, Geo. Hosterman, Geo. Motherbach, Reuben Stuart, O. H. Bathgate and John Bricker. The following ladies not members of the school, were also present: Mary Hosterman and Mary and Etta Felty.

Since the Rebersburg correspondent does not fancy the idea of being a brother to the rest of his correspondents to the Democrat, perhaps he would like, or prefer, to be called sister. Of course, he thinks we do not know who that correspondent is; but he is mightily mistaken, and would rather be called a brother than a sister, since he is none of that stripe. As far as his calling this place Smoketown is concerned, and the fact that he has denied his ever having called it so should show that he is not meant by what was published a few weeks ago. We never meant the Rebersburg correspondent, therefore if it was not applicable to his case he should not have been overcome by it. We never ought to put on a shoe that pinches the feet. We have been correspondent for various papers, for the past 5 yrs., and ever since we have kept our columns clear from all improper language, but to all we have written we can and will adhere. Our kind friend will therefore please not get blunt over things not pertaining to himself, and profit by the same scripture quotation, set forth in his last correspondence. We have no lawyers, no bankers, etc. in this village, but we claim to have men of ample intelligence to edit their own columns of local items. It is always policy not to squeal until you are hurt; so my sister (if you prefer that term) do not take upon yourself things which were

not intended for you, but serve your paper well and remember that the Kreamerville man is able to edit his own items, and does all his publishing without fear, alarm or successful contradiction from anyone.

THE CROPS:—Haymaking is here. With some it will be a good crop, while with others it will be almost a failure. The wheat in this section will be all cut before the Fourth, as it is almost ready at this time.

Rev. and Mrs. Aikens, J. B. and Mrs. Heberling and J. G. and Mrs. Heberling left early on Wednesday morning for Warriors Mark on a fishing expedition. Hope they will be successful, and have some wonderful stories to relate.

During the first part of the week Oat Corl and Elsie Cramer, of Pine Hall, drove over to Rev. Aikens and produced a marriage license, and were forthwith married. Some of our boys, wishing to worry the newly wedded couple, tied his horse with wire. Never mind boys, your time is coming, too.

Children's services were held in the Lutheran church in the morning, with a special program, which was successfully carried out. During the services we had the pleasure of listening to a short address to the children by David Portney, Esq. In the evening, the Methodists had a similar service, which was beautifully rendered.

ROBBERS ABOUT:—On the night of the 20th, thieves broke into the station and broke open the money drawer, also the express case, in search of money but did not secure any. They also broke open several boxes of freight and took a couple cases of molasses for D. H. Weaver. They then visited A. J. Tate's cellar and took all his butter, all the fresh beef on hands for breakfast, and a half loaf of bread. Suffice it to say, Tate's had a slim breakfast. They visited O. B. Krebs' house, but did not get anything, being scared away. From there they went to J. H. Ward's and secured some eggs and half a shoulder.

Milesburg.

Miss Stella McCoy, of Bellefonte, spent Sunday with Miss Lizzie Martin.

Mrs. Nannie Cullins, of Portage, is at home visiting her parents, Wesley Crain and wife.

The festival held on Saturday night was a success, net receipts \$56.49. In the contest between Geo. Taylor and James Gregg for the cake, Taylor was the winner. Receipts \$14.95. The contest for the quilt between four young ladies amounted to \$67. The Methodist church realized \$247.66 from this quilt from the beginning of the making up to the present time. Miss Bessie Confer was the lucky one to gain it. It is the wheel pattern quilt, designed by Miss Lizzie Weaver and contains 448 names.
