

PHILIPPINES COMMERCE.

General Otis Opens Important Ports For the Traders.

ASSASSINATION OF AGUINALDO

Again Reported. But the Report is Generally Discredited—Said to Have Been Killed by General Pio Del Pilar in a Quarrel Over Luna's Murder.

Manila, June 28.—Major General Otis has ordered the opening of trade of many important ports that have been closed since the outbreak. These include San Fernando, on the west coast of Luzon; Aparri, on the north coast; Curimoa and all ports in the islands of Samar and Loyte.

Many ships used in inter-island commerce have been tied up in the harbor here for months, and the shippers and merchants have been urging the government to raise the blockade. When the decision was made known yesterday the scene in the custom house was as animated as the floor of an American stock exchange. It was a busy day. Ship owners rushed to get their clearance papers.

There will be a great boom in the hemp business, which has been at a standstill. The ships will race to bring the first cargoes before the demand weakens. As there is a heavy export duty on hemp this will greatly increase the revenues. The interests of the natives, as well as the merchants and traders generally, led General Otis to take this action. Delegations from the southern islands told him that the cessation of business was bringing much suffering to peaceful inhabitants.

Gunboats will protect the shipping in some ports, but elsewhere shippers must risk confiscation by the insurgents, who exact heavy tribute of all ships they permit to sail.

The rumor that Aguinaldo had been assassinated was in circulation here for several days. It was not believed, but its currency gave it a definite form. According to the story General Pio del Pilar called upon Aguinaldo on June 19 and accused him of causing General Luna to be killed. Aguinaldo denied the responsibility, and added that he deeply regretted Luna's death.

General Pio del Pilar, as the story goes, called him a liar and scoundrel, shot him twice in the head with his revolver, and walked away unmolested.

The report finds no credence in Manila. A Filipino general, mounted on a big horse, with a numerous staff, has since been haranguing the Filipino troops around San Fernando, in Pampanga province, and this officer is supposed to be Aguinaldo.

Yesterday four guns of Hobbes' battery and other artillery bombarded the Filipino blockhouses and trenches about two miles north of San Fernando. The blockhouses, which had been used by Filipino sharpshooters to annoy the American outposts, were destroyed. The enemy made no resistance.

Yesterday the Spanish consul general, wearing a brilliant uniform, visited Major General Otis. He was received in the latter's office, which is hung with portraits of Spanish royal personages. In the course of a graceful speech he said that the Spaniards in the Philippines would hold no resentment because of the past and would entertain no sentiments but those of respect toward the new regime.

A SOLDIER'S COMPLAINT.

Declares That Fever Stricken Men Were Sent to the Front.

Chicago, June 24.—A special to The Chronicle from Marinette, Wis., says: Hugh D. McCoshan, for years a resident of this city and now serving as sergeant in Company H, First South Dakota volunteer infantry, in the Philippines, in a letter dated at Manila, May 12, and addressed to Joseph Laurman, a local merchant, says:

"Two days after San Fernando was taken our regiment had but 190 men on the line, the remainder being dead, sick or wounded. General MacArthur complained of the number of men sick, other regiments being in the same shape as ours, and Major Potter was sent into Manila to rush men to the front. Acting under instructions, he sent out 108 men. Of these 30 were unable to reach the depot, a mile distant, many of them fainting on the way, some 28 or 30 ultimately arriving at San Fernando in worse condition than when sent to Manila, the others being ordered back by surgeons along the line of the railroad, who saw at a glance that they were in a precarious condition.

"I can prove by the record of the hospital that men were ordered to the front whose temperature was 103 degrees, and men from other regiments fared no better."

Germany Is With Us. London, June 27.—The correspondent of The Daily News at The Hague says: "The German delegates today privately informed their colleagues that they had received instructions to accept the principle of a permanent tribunal of arbitration as outlined in the Anglo-American plans. This and the speech of Colonel Gross Von Schwarzhoff, plainly intimating that Germany had made up her mind against the Russian idea of disarmament and had reached the conclusion that the time had arrived to tell the world so, are the two great events of the whole conference. Neither has been published as an official act of the German government, but everybody knows that Germany will not recede from the position thus taken up."

Buffalo Strikers Resume Work. Buffalo, June 25.—The strike of the freight handlers along the docks, which has been in progress for several weeks, was declared off last night, and the men returned to work unconditionally this morning. The men will make their fight for better wages before the opening of navigation next season.

Convicts on Strike. Des Moines, Ia., June 28.—Five hundred convicts in the Anamosa penitentiary have gone on strike, and refuse to work. They claim that the rations are insufficient in quantity and inferior in quality. The cooking is done by the convicts themselves.

RACE BATTLE IN ALABAMA.

Three Negro Miners Killed and One Mortally Wounded.

Birmingham, Ala., June 28.—Three negroes are dead and one is not expected to live as a result of a riot between whites and negroes at the ore mines near Cardiff, in Jefferson county. The dead are Ed Ellis, Jim Dill and Adams Samuels, while George Thomas is mortally wounded.

The two races came to a clash late yesterday afternoon in Glasgow Hollow, where the negroes had congregated, armed with Winchester rifles. A white man passing along the road was held up, and besides being abused was roughly handled. This news soon spread, and a body of armed white miners moved toward the hollow, coming upon the negroes unexpectedly.

Ed Ellis, the ringleader of the negroes, fell at the first volley. There was another volley and four more negroes fell. Jim Dill and Adams Samuels died a few minutes later, and George Thomas was shot through the abdomen. Rudolph Williams will live.

The trouble started on Monday, when it was thought that John Shepard, who on last Wednesday afternoon assaulted Mrs. Monroe Jones, near Corona, was in that community. The negroes armed themselves to prevent his capture. Yesterday the negro miners held a mass meeting and refused to go to work. It was in the afternoon that they gathered in Glasgow hollow.

Influential citizens say that the ringleaders are now out of the way, and they hope to manage the other negroes. Sheriff O'Brien now has the situation in hand for the time being, although the situation is extremely critical.

Murder in the First Degree.

Philadelphia, June 28.—William Epps, better known as William Turner (colored), who has been on trial here charged with the murder of Mrs. Mary Ann Lawler, was last night convicted of murder in the first degree. The jury was out less than ten minutes. Mrs. Lawler was over 70 years old, and conducted a little grocery store. She was found strangled to death in her bedroom on the morning of Jan. 31. Robbery was undoubtedly the motive. Samuel Dodson, another colored man, will also be tried for the murder, and a number of colored women must stand trial charged with being accessories.

Murderer Jester Identified.

Shawnee, O. T., June 28.—John W. Gales, of Chicago, yesterday unhesitatingly identified Alexander Jester as the man who murdered his brother, Gilbert Gales, 28 years ago. The identification took place in the jail at Tecumseh, where Under Sheriff Ward had about 15 prisoners sitting together. With scarcely a glance at the prisoner, identified Jester. Jester at first professed not to know Mr. Gales, but he finally broke down and murmured in broken tones, "God forgive me."

Five Years For Espionage.

Nice, June 27.—The trial of General Giletta Di San Giuseppe, the Italian charged with espionage, who was arrested here June 12, resulted yesterday in a verdict sentencing him to five years' imprisonment and to pay a fine of 5,000 francs. He was arrested by agents of the French government, who asserted he has been inspecting the fortifications on the frontier of France. Several plans were found on his person, but the general held that they were not of a secret character, and merely the drawings of a tourist.

Chicago Strikers Win.

Chicago, June 28.—The unskilled laborers at the stock yards have won their strike, and yesterday nearly 1,900 men who have been idle for three or four days returned to work at an increase of 25 cents a day. This brings the wages of unskilled labor to the standard of 1893. Now a more serious problem confronts the packers. The skilled workmen, who draw from \$3.50 to \$4.50 a day, demand an increase, which the packing companies say they will not grant.

McKinney Gets Four Years.

New York, June 28.—Samuel McKinney, who was recently brought back from Philadelphia, where he was arrested for a robbery committed in this city in October, 1896, and who pleaded guilty, was yesterday sentenced to Sing Sing for four years. McKinney was located through his wife in Philadelphia, she making a charge of theft against him and also of cruelty toward her, and of being the murderer of a man named Mullins at Irvington, N. Y.

Municipal Ownership Plan Defeated.

Detroit, June 28.—The plans of Governor Pingree and his associates for municipal ownership and operation of Detroit street railways were left "in the air" by the common council last night. The two pending ordinances and other matter appertaining to the municipal ownership scheme were laid on the table by unanimous votes, and it is problematical when these questions will be again publicly debated.

Saragossa Riots Continue.

Madrid, June 28.—The anti-budget riots, which began at Saragossa Monday, were continued yesterday, and all the shops were closed in consequence. The troops fired on the mob in the Plaza de la Constitucion, killing one person and seriously wounding two others. Two generals, one aide de camp, several officers and four soldiers have been injured, the soldiers seriously.

Russian Proposals Unacceptable.

The Hague, June 28.—As a result of a protracted informal discussion of the committee's report today the Russian military disarmament proposals were declared unacceptable. In the whole arbitration matter the United States has scored a signal success, most of the ideas of the American delegates having been adopted.

The Advance in Pig Iron.

Pittsburg, June 28.—Bessemer pig iron sold yesterday at \$20 a ton in the Mahoning valley, and in Pittsburg the price is \$20.75. This is an advance of 100 per cent in six months and \$2 a ton higher than last week.

Urging Governor Hoge For Senator.

Norfolk, June 28.—The Virginian Pilot publishes a letter from Charlotte Democrats calling upon Governor J. Hoge Tyler to announce himself a candidate for the United States senate.

ITEMS OF STATE NEWS.

Wilkesbarre, Pa., June 28.—Thomas Heslop, a miner, and Frank Knopski, laborer, were killed in the Mount Look-out collier by a fall of rock.

Scranton, June 28.—Walter M. Howells, a miner in the Pyne shaft, at Taylor, was killed today by a fall of roof. He was 24 years old. The fatal accident was not due to the weight of the coal which fell upon him. It was a small piece, but it cut an artery in the neck and he bled to death.

Bedford, June 25.—A terrific hail-storm passed over this vicinity about noon yesterday, doing considerable damage. The hailstones were as large as walnuts and fell so rapidly that for a short time the ground was almost covered. Much damage was done to fruit and grain in the southern part of the county.

Pottstown, Pa., June 28.—The Ellis & Lessig Steel and Iron company announced to their puddlers last evening that beginning July 1 they would increase their wages from \$3.25 to \$3.75 per ton for puddling and the helpers from 30 cents to 35 cents per ton. This is a higher rate than has been paid for puddling here for several years.

Wilkesbarre, Pa., June 26.—What may be a murder occurred last evening at Kingston, about a mile from this city, on the other side of the Susquehanna. In the course of a quarrel John Hudrick stabbed his boarder, Stephen Konya, in the abdomen. The stab is a very serious one and may cause death. Hudrick is in jail and Konya is at the hospital.

Philadelphia, June 27.—At the meeting of the board of managers of the Pennsylvania Working Home for Blind Men yesterday afternoon it was decided to grant the increase in wages asked for by the blind. The blind men, however, refused to return to work unless Superintendent Hall is dismissed or suspended pending the councilmanic investigation.

Philadelphia, June 24.—Judge McPherson, in the United States district court, yesterday afternoon, granted a postponement of the trial of Ellery P. Ingham and Harvey K. Newitt, who are jointly indicted for alleged conspiracy in the counterfeiting cases, until Oct. 9. The request for continuance was made by A. S. L. Shields, attorney for the defendants, on the ground of Mr. Ingham's illness.

Washington, Pa., June 27.—The Washington county Republican committee met here yesterday and endorsed the action of the delegates to the county convention by passing resolutions favoring the nomination of Colonel A. L. Hawkins, of the Tenth Pennsylvania, for the nomination as state treasurer. The resolutions were received with cheers and applause and were carried without dissent.

Carbondale, June 24.—A terrible thunder storm visited this city at noon today, and the large hailstones that fell broke many windows. Four dwelling houses were struck by lightning and destroyed. Two barns were also burned. Mark Campbell, foreman of the Delaware and Hudson mines, was seriously shocked by a falling telephone wire, and the telephone service was completely paralyzed for several hours. The loss will reach \$10,000.

Scranton, Pa., June 27.—Judge Gunter yesterday handed down an opinion in which he declares the act passed by the legislature of 1897 which gives protection to employees who form, join or belong to labor organizations to be unconstitutional. The opinion was handed down in the case of Lewis Mack, who prosecuted George W. Clark, a foreman for a large steam fitting and plumbing house, for discharging workmen because they belonged to labor unions.

Reading, June 24.—Mrs. Martha Snyder, known as the "Mexican herb doctor," was arrested this afternoon by Detective Martz charged with practicing medicine illegally. The particular case which led to her arrest was the death of Katie Seyler, aged 7 months, who died at Mrs. Snyder's place, where she had been taken for treatment. Mrs. Snyder was arrested after a year's detention in the Berks county criminal court. She escaped, however, with a light sentence. She gave bail for a hearing.

Wilkesbarre, June 24.—The fire at the Maxwell colliery at Ashley is still raging, and the company officials are devoting all their attention to the work of subduing it. Superintendent Richards and his assistants spent today at the colliery conducting the work. The fire in the old Empire No. 4 colliery, which started three weeks ago, is still raging. Hoses were taken into the mine yesterday, and an attempt will be made to smother the flames with culm and water. This is the most effectual method known, and the officials are confident that in any event both fires can be extinguished in this manner after other methods fail.

Erie, June 25.—Edwin D. Herdler, who shot and killed his brother-in-law, Levi Kreider, three years ago in May, will be executed on Friday, July 7. Colonel Thompson, who went before the pardon board, has returned, and there is no longer any hope for Herdler. Colonel Thompson carried with him petitions from clergymen, lawyers and citizens, asking for commutation to life imprisonment, but the board would not consent to another hearing, as the case had already been refused by a previous board. Herdler maintains the same cool demeanor which characterized him during the trial. The death watch is now over him. Herdler has a mother and a wife.

Pittsburg, June 27.—Benefit week of "all organized labor of western Pennsylvania" at the Grand Opera House has assumed proportions not thought of by the promoters, and the affair promises to result in closer union of the laboring classes in this section than ever before. The week was inaugurated with a large parade, escorted by the guest and orator of the evening Governor Stone, who at the conclusion of the vaudeville bill made a short address. The speakers for the balance of the week are: Tuesday, Samuel Gompers; Wednesday, T. V. Powderly; Thursday, P. J. McGuire; Friday, General Miles; Saturday, Samuel P. Jones, mayor of Toledo.

LONG DEADLOCK ENDED.

Kentucky Democrats Nominate Louis Goebel For Governor.

WON ON TWENTY-SIXTH BALLOT.

His Followers Defeat an Attempt of Hardin and Stone Delegates to Authorize the Democratic State Central Committee to Nominate a Ticket

Louisville, June 28.—Louis Goebel, who with an iron grip has ruled the Democratic state convention since it assembled nearly a week ago, was last night nominated for governor on the 26th ballot, after a contest unparalleled in this state for bitterness and determination and, on the part of the winner, for skillful manipulation. The end of the long, exhausting fight brought a reasonable degree of harmony to the factions which have carried through the fight relentlessly and battled for every inch of ground. Nearly everybody joined heartily in a demonstration when the candidate appeared for the first time before the convention to accept the nomination and return his thanks.

A morning session of the convention was held, at which six fruitless ballots were taken. After a recess until 3 o'clock two more ballots were taken, with a result almost exactly like the first taken Saturday night. This made 21 ballots in all, the last one resulting: Stone, 398; Hardin, 355; Goebel, 338. Then Den L. Hardin, a brother of the candidate for governor, offered a resolution providing that the convention adjourn sine die and that the state central committee be empowered to take any action necessary to place a ticket in the field for the campaign of 1898.

The delegates were almost taken off their feet at this point by the appearance on the stage side by side of Captain W. J. Stone and General P. Watt Hardin. Mr. Stone was the first to speak. He had no ambition, he said, that would stand in the way of the success of the Democratic party and he wanted Kentucky to head the column in the fight of 1898. He took his full share of responsibility for the events of the past week, he said, but he did not want them to continue. He believed the best thing the convention could do would be to adjourn sine die and refer the matter back to the people, and he urged his followers to support the resolution to that end.

General Hardin said he had kept away from the convention, since he withdrew his name as a candidate immediately after the report of the credentials committee was adopted. His friends had persisted in voting for him without his consent or acquiescence, and he now thought it was necessary to make another statement. He, too, urged his friends to support the resolution, in the interest of party harmony.

Judge Tarvin, of Covington, asked that the resolution be ruled out of order, as tending to defeat the object of the convention. There were several speeches urging a continuation of the convention, and finally the chairman declared the resolution out of order and refused to recognize an appeal. Then the roll call proceeded.

After the 22d ballot E. A. Gullion offered a resolution providing that after the 25th ballot the hindmost candidate be dropped and not voted for thereafter. The Stone and Hardin leaders made another stand, but they could not control their forces. The resolution was adopted by a vote of 572 to 520, and three more ballots were taken, the 25th resulting: Stone, 330; Hardin, 378; Goebel, 383.

This dropped Stone from the race, and the 26th ballot was taken amid the greatest excitement. It resulted: Goebel, 560; Hardin, 531.

A FIENDISH NEGRO GIRL.

Burned a Babe to Death Because Tired of Attending to Him. Dover, Del., June 28.—Nora Barrett, colored, aged 16 years, was arrested last night by Detectives McVey and Witsil, charged with having burned to death 18-month-old Jackson Lafferty, son of James W. Lafferty, of Leipsic. The girl is now in jail at Dover, where she admitted to the detectives that she had set fire to the child's dress. She said the reason for the act was that she was tired of attending to little Jackson. The child was burned to death more than a week ago, the flames apparently having been discovered by the Barrett girl. Since then two attempts were made to burn Lafferty's house. At one time the Barrett girl's bed was found ablaze. She had threatened a short time ago to injure Levi Pyle, a small boy about the place, and he made known the threat to Mr. Lafferty, who at once became suspicious and summoned the detectives. After questioning the Barrett girl they placed her under arrest. She says that after she set fire to the baby's dress she left the room and closed the door to make it appear accidental. Then when the flames gained headway she summoned the family, but it was too late to save the child's life.

Steamer Pawnee Burned at Sea.

Wilmington, N. C., June 28.—The steamship George W. Clyde, Captain Robinson, of the New York Clyde line, arrived at this port yesterday with Captain A. D. Ingram and crew of the steamship Pawnee on board, the Clyde having picked them up from small boats very soon after they abandoned the Pawnee, leaving her wrapped in flames. The fire was discovered about midnight, and had gained such headway that efforts to check the flames were futile. The vessel was burned to the water's edge and sunk, her valuable cargo being a total loss.

Thurston to Retire From Politics.

Washington, June 28.—Senator Thurston, of Nebraska, said today: "Having noted several suggestions in the western press that I might be a candidate for vice president, I desire to state once and for all that I am not and shall not be. My only ambition is to retire to the practice of my profession at the end of my present term. I would gladly resign now from the senate for that purpose if my place could be filled by a Republican successor. I cannot entertain the thought of ever holding another public office."

Black Death.

An absolute annihilator of all insects, bugs or beetles that prey on vegetation. Positively kills potato bugs, squash bugs, pumpkin bugs, watermelon bugs, current worms, cabbage worms, etc. It will kill all kinds of creeping things that eat the leaves of vegetables or plants. Black Death is perfectly harmless to persons handling it, and is the best and the cheapest insecticide, or Bug Killer, on the market.
