ST. JOHN'S SCHOOL.

Closing Exercises Were The Most Satisfactory Ever Held.

The instructors, pupils and the patrons of St. John's parochial schools at this place have every reason to congratulate themselves upon the close of a most successful term of school. Monday and Tuesday many visited the school rooms on Bishop street to inspect the exhibit of work by the pupils whose ages range from 7 to 15. In this display the free hand drawing, crayon work and the examination papers evinced remarkable skill. Everybody was surprised at the fine showing made.

Tuesday evening a delightful entertainment was given in the opera house by the same pupils. An immense audience was present and all could not be seated. Some of the musical features were exceedingly fine and proved a rare treat.

Daughters of American Revolution.

This Thursday evening there will be a pleasant social event at the Hecla Club House, given by the Bellefonte chapter Daughters of the American Revolution. It is their purpose to entertain the officers of the chapter of Lewisburg, Williamsport, Lock Haven and Clearfield, and about fifty in all are expected to be present. It is purely a social gathering, with no business session of the order. The officers of the Bellefonte chapter are Mrs. Isaac Mitchell, regent; Mrs. Harry Keller, vice regent; Mrs. J. W. Gephart, secretary; Mrs. Geo. L. Potter, treasurer; Mrs. W. F. Reynolds, registrar; and Miss Rebecca Lyon, historian. The local chapter was organized four years ago and has about 35 members.

Fourth of July Excursions.

On account of the annual picnic of the Undine Fire Co., at Hecla Park and the demonstration at Lock Haven, the Central R.R., of Penn'a. will sell excursion tickets from all points, Mill Hill to Bellefonte inclusive to Hecla Park, at the usual low picnic rates and from all local stations to Mill Hill at one way rate for the round trip. These tickets will be good for one day only, and those sold from Bellefonte, Nigh and Zion to Mill Hill will be good to stop off at Hecla Park returning.

That Sunday Train.

J. M. Wallis, General Superintendent of the Pennsylvania Railroad Division, located at Altoona, states that the only petition ever received at this office was the one protesting against the establishment of Sunday trains, and they therefore never had under consideration the petition from the business men asking for such a train, it never reached him. Here there is occasion for more anxiety among our Dr's.

Normal Commencement.

The annual commencement exercises of the Lock Haven State Normal took place on Wednesday evening. Among those of the graduating class is Miss Violetta Wolf, the young lady who was successful in securing one of the scholarships offered by this paper. Miss Wolf made good use of her opportunities while at the normal and in the future will devote her attention to teaching.

A Liberal Offer.

Governor Hastings recently made a proposition to the Veteran Club of Centre county that for every dollar raised by the club toward the erection of a monument in Bellefonte to the memory of Andrew G. Curtin he would place a dollar beside it. Bellefonte will never have a better opportunity to secure the monument than by this method.

Attention Company M.

Owing to next Tuesday being the 4th of July, there will be no drill in the armory. On Tuesday evening, July 17th, Captain Mullin requests every member to be present at 8 o'clock sharp.

RECENT DEATHS.

MRS. MARY ANN STIVER:-Died at her home in Pennsvalley, Saturday evening last. She had suffered severely for many years from neuralgia, and had an attack of la grippe ten years ago, from which she never recovered. Her maiden name was Mary A. Hennich. In 1837 she was married to Michael Stiver, who died in December, 1888. Deceased was 83 years at death. Three children survive her, viz: William H. Stiver, at the Stiver homestead at Potters Mills; Mrs. S. W. Barr, of Tyrone, and Mrs. S. Lane, of Red Creek, Wayne county, N. Y. The funeral occurred Wednesday morning. Interment at Centre Hall.

MARGARET M. THOMPSON:-daughter of John S. and Eliza A. Thompson, died at Tyrone, Tuesday morning. She was born at Martha Furnace and was eleven years old the present month. Besides the parents one little brother and one sister survive. Interment in the Brown cemetery in Worth township, Wednesday.

SAMUEL BURRELL:-Died Saturday, at his home, near Penn Hall. He was taken ill with paralysis on Thursday. The interment took place on Wednesday. A wife and five children survive. He was 72 years of age and one of the prominent and prosperous farmers of that community.

NO PAPER.

Next week no paper will be issued from this office as our employees desire the customary 4th of July vacation. During the week the office will be open for the transaction of business and any kind of job printing.

TO OUR CORRESPONDENTS:-Next week, 4th of July week, no paper will be issued from this office; so, kindly omit your communications, but reserve all important events for the second week of July.

Teachers Elected.

On Tuesday evening the Bellefonte school board held their meeting for the selection of teachers for the next term. Prof. John D. Meyer, of Centre Hall, who had charge of the Alexandria, Pa. schools the past two years, was elected as principal of the High school to succeed Prof. A. R. Rutt. John Harrison, of Bellefonte, will have charge of the Senior Grammar in the stone building, succeeding Frank McCormick. Miss Mary Underwood did not apply for her former position and Miss May Taylor was chosen for the place. All the other teachers were re-elected to their former positions.

The complete list of teachers elected are as follows:

BRICK BUILDING.

High School-Principal, Prof. John H. Meyers, Boyd A. Musser and Miss Ella Levy. Intermediate-Miss Carrie Weaver, Gertrude Taylor, Bridgie Curry, Anna McCafferty and Bella Rankin.

STONE BUILDING.

Senior Grammar-John Harrison. Intermediate and Primary-Misses Kate Hewes, Rose Fox, Jennie Longacre, May Taylor, Millie Smith, Fannie Elmore and Bessie Dorworth.

The janitors elected for the ensuing year were John Klingler at stone building and John Derstine at brick building.

Hughes-Green.

The marriage of two of Bellefonte's prominent young people, Prof. James R. Hughes and Miss Mary, daughter of Mr. and Mrs. F. Potts Green, will take place in the Presbyterian church, Bellefonte, on Wednesday, July 12th, at 11:30 a. m. We understand that no invitations or cards will be issued for this event owing to recent bereavements. However, the ceremonies will be open to such friends of the bride and groom as may wish to attend. Prof. Hughes is a son of Rev. James Hughes, who for many years has conducted the Bellefonte Academy, which is one of the most successful institutions of the kind in the state. Prof. Hughes, upon graduation from Princeton, at once took up and assisted in the same line and through his energies and ability the Academy was given a new impetus. Miss Green is a daughter of our well known druggist and is an accomplished young lady with those many womanly graces to make a fitting life companion. We join with their numerous friends in extending the most cordial congratulations.

Bicycle Race.

Tuesday evening a bicycle race was run to Axemann and return by John Teats, Frank Woomer, Wilbur Twitmore and Charles Larimer. The race ended at the High street bridge and was won by Teats, time 12 minutes and 10 seconds. Woomer was a good second. Larimer and Twitmore had a collision near Malory's blacksmith shop which prevented them from finishing. The prizes were \$3.00 and \$2.00 respectively.

Recruits Scarce.

For several weeks past a recruiting station has been open at this place for the regular army, but with little success. Thus far only four enlisted, as follows: Absalom B. S. Fleck, Julian, artillery, Cuba; Joseph B. Eckley, Yarnell, infantry, Porto Rico; James Francis, Milesburg, cavalry, Cuba; William T. Purdue, Bellefonte, 19th infantry, Philippines.

HORSELESS VEHICLES.

The automobile business in this country is growing fast. Companies of one kind or another are being formed almost every day, and American carriages are now displayed even on the streets of London and Paris. The United States was three or four years behind France, and less time behind Germany and England, in developing automobiles. Baron Zuylen de Nyevelt, president of the Automobile Club of France, in the recent annual address said that there were 600 builders of motor-vehicles in France, 110 in England, 80 in Germany, and 60 in the United States. Thomas A. Edison says that in six months we will be ahead of the world.

The sum of \$161,600,000, invested by seventeen of our large companies, is not nearly the whole sum of capital authorized. Probably, with all the capital of companies capitalized with reference to their earning power, with the capital of all the bicycle and carriage companies which have turned to the manufacture of automobile vehicles, added to the \$161,600,000, the whole sum, on paper, invested in the horseless carriage in the United States would reach \$250,000,000 or \$300,000,000.

"In the manufacture of automobiles," said one informed on the matter, "there may be now \$10,000,000 actually invested."

VARIOUS HORSELESS CARRIAGES.

Several of the great carriage and bicycle-manufacturing firms in the United States have begun to manufacture horseless carriages, and the manufacture of tools, tires, carriage-bodies, storage-batteries and motors for these carriages has attracted other companies. In all the leading cities automobiles are now in practical use for carrying passengers, delivering merchandise and as heavy dray wagons. It promises to supplant the use of horses in many ways, in the cities.

DEDICATION.

The Baptist Chapel, at Marsh Creek, was dedicated Sunday, June 18th, 1899. The attendance corresponded with the day, more than could be seated. For nine years Henry Heaton has been planning and working at this chapel. The furnishings are chestnut wood pews sufficient to seat 200 persons, some 60 chairs part of them of the folding variety, elegant "Esty" chapel organ, large chandelier and several side lamps, matting for isles, carpet for pulpit platform, suitable shades for windows; last but by no means least, a good heater in the basement. They deserve much credit for their enterprise. The cost was \$1300, and all but \$300 provided for, \$178 in good subscriptions and cash, was raised during the day, leaving \$122 yet to be raised.

The sermons morning and evening were by Rev. C. A. Walker, pastor of the 1st Baptist church, Bellwood. Assisting in the services were Rev. George Downing, pastor of the Baptist church, at Martha and Port Matilda; Rev. T. J. Eland, pastor of the Baptist church at Eagleville; Rev. Zeigler, pastor of several Advent churches, in Centre county; Rev. E. C. Houck, pastor of the Milesburg Baptist church, also in charge of the services in the New Mission Chapel.

Three young people were baptized immediately after the morning service, by Pastor Houck, and four received the hand of fellowship at the evening service. Sunday, June 25th, a Sunday School was organized that will begin regular work the first Sunday in July.

Hard on the Profits.

Last week our cattle dealer, D. C. Keller, shipped a car load of cattle to the market at Philadelphia. When the car arrived at its destination six head of stock were found dead in the car. The loss was a heavy one for Mr. Keller, but he will probably be reimbursed by the railroad company if the loss can be shown through their neglect.

BIG LOAD OF HAY.

George W. Bridenbaugh Develops a Record-Breaking Weigh-Tons of Hay.

George W. Bridenbaugh, one of Sinking valley's prosperous farmers, with country seat near Union Furnace, the other day hauled to Tyrone the largest load of hay that ever entered the town. An order to supply the livery stable of Charles Woodin gave Mr. Bridenbaugh his opportunity and he set about heaping a mountain of last summer's hay upon his big wagon. Four horses furnished the motive power. The load of hay weighed just 5180 pounds, over two and a half tons, and was last summer's product. In the course of the trip to Tyrone, in passing through the culvert under the railroad tracks at Honestown, the culvert was completely filled, as if the hay had been tightly packed therein.

Trout Angler Hooks a Bat.

The Lock Haven Democrat says: Samuel Snook while fishing for trout near County Commissioner O'Donnell's saw mill a few days ago, was throwing his line into the stream, when the fly was nabbed at by a bat. The hook fastened itself in the bat's mouth and instead of a trout the angler caught a bat.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting poorer.
