BRYAN IN IOWA.

Addresses a Large Audience Previous to the State Convention.

DON'T WANT SILVER NEGLECTED

Goes For the Trusts, But Says the Money Trust Is the Biggest of All. Imperialism Also Comes in For a Few Hard Knocks.

Des Moines, Aug. 16 .- William Jennings Bryan spoke for two hours at the Auditorium last night to an audience of 4,500 people. Mr. Bryan first reviewed the record of the Republican party, accusing it of putting the dollar above the man. He then took up the silver question, saying prosperity did not set in until six months after the election, when the Klondike gold mines began to be heard from.

The 6,500,000 Democratic voters of the Democratic party in 1896 were for silver. The 7,000,000 Republican voters were for a platform which called for international bimetallism. Only the Palmer and Buckner voters were of the gold standard-less than one per Yet now the Republicans go a cent. step further and are mainly for gold Moreover, the Republicans alone. threaten to retire the greenbacks though they have never been before the people on that issue.

The speaker next went after the trusts, but said if the Democratic party neglected the silver question to attend to trusts it would rightly forfeit the confidence of the people. The money trust is the biggest trust of all. He was glad the traveling men were fighting the industrial trusts now, but sorry they had not seen the logic of events in 1896 and helped to fight the money trust then. The men who make trust speeches and applaud them are bankers. A new danger of the trusts has just been developed. When a trust gets control of all the factories in a given line and the hands in one factory strike, the trust will close that one establishment and make its goods at the others. When the workmen at that place are starved to the point of working for any wages offered, that factory will be reopened and a lockout to reduce wages will be inaugurated at another factory.

Mr. Bryan closed his speech by a lengthy discussion of imperialism. The difference, he said, between a republic and an empire is this: "A republic needs an army of 25,000 for 70,000,000 people. An empire needs four times that large an army, when 10,000,000 people is added. This suits the young men who get fat jobs in the army, but not the people who pay the \$1,500 a year needed to maintain the soldier in the Philippines." Mr. Bryan gave figures to show that England and other nations do not colonize rapidly and said that with 20 people to the square mile in America, and 60 to the mile in the Philippines, there is no opportunity there. Even if we succeed in killing off all the natives. you cannot get young Americans to go there-they prefer to live in Iowa and Nebraska. The profit will not equal the cost, and the profit will not go to the right people, but to investment syndicates. Even if any man is willing to trade for pottage, and does not have a taste for birthright, he had nvesugate pottage. As the Tagals are largely Christians and our native allies are largely Mohammedan, we ought to ask the sultan of Sulu to help us subdue the Christian insurgents.

SAMOAN COMMISSION'S REPORT. Abstract of the Future Form of Gov-

ernment For the Islands. Berlin, Aug. 16 .- The Kolnische Zeitung publishes what is described as

the substance of the report of the Samoan commission. According to this abstract, the future government of the Samoan islands is to consist of a governor and a council of three members to be elected by the three powers, Germany, the United States and Great Britain. The commission favors the nomination of a European ruler as governor. The governor will nominate all officials and have power to punish or pardon state offenders. His signature will be necessary in the enact-

ment of laws. The legislature will consist of the governor and council, three members forming a quorum, and the governor having a casting vote. The governor will annually convene an assembly of natives to deal with domestic affairs. The chief justice is to be elected. He must be a "man of probity, versed in law and equity." His salary shall be \$5,000. On all questions within his jurisdiction the decisions of the chief justice shall be final, but the three powers reserve the right to modify or revoke decisions on political or constitutional questions or matters of international law.

Disputes between Samoa and any of the treaty powers are not to be regarded as causes of war, but are to be submitted to the chief justice. The high court of justice will have cognizance, in the first and final instance of all questions, arising out of the interpretation of the treaty and of all questions concerning real property, and foreigners and crimes against life. The right of the habeas corpus can only be suspended during a state of actual war. The salary of the governor, or administrator, shall be \$6,000.

WEST INDIA HURRICANE.

General Davis Gives Details of Dam-

age in Porto Rico. Washington, Aug. 14.-Dispatches from Governor General Davis of Porto Rico giving additional details of the fearful havoc wrought by the hurricane of last week, were received at the war department yesterday. General Davis said:

"Great many thousands of cattle are drowned and the debris carried down by the rivers is strewn over the ocean with the wreck of the storm and the dead bodies of animals. The deaths from falling walls and drowning will number more than a thousand and may be several times this number. The state of distress is very great and when green fruits saved from the debris are consumed the suffering will be very great. I am relieving the suffering everywhere within reach as much as possible, but in out of the way places are many thousands who cannot be reached for some time. The supplies ordered sent by the government will help much, but will last only for a few days while destitution must continue for many weeks or some months until the bananas grow up from the ground, for which five months at least are required. .

"Cheap cotton clothing is also needed for thousands rushed naked from their dwellings at night when the gale broke. Medicines are also needed most pressingly, especially quinine and other simple medicines. I estimate that at least 1,000 tons of food will be required weekly for several weeks. I have constituted boards all over the island to regulate assistance and a general board here to conduct the relief work. While I have not yet full data I repeat the estimate that at least 100,-000 people are homeless and destitute."

M. Labori is young, fair, handsome and full of lusty life and high spirits. His talents as a speaker are not of the highest order, but no other member of the Paris bar knows better how to use law to defeat its object. Until he pleaded for Zola his luck was uninterrupted. He then had an attack of typhoid fever, which greatly weakened him. The Zola affair was a great advertisement, but it brought him no direct profit and created for him endless enemies. He refused the handsome fee

DIFFERENT STORY OF GILMORE.

Captured Party From the Yorktown Decimated and Ill Treated.

San Francisco, Aug. 16 .- The Bulletin publishes a startling story from the Philippines regarding Lieutenant Gilmore and the party from the Yorktown, who were captured by the Filipinos and who have been reported from official sources as being well cared for and well treated. It appears that when the Americans reached San Isidro, where the Yorktown members and some soldiers and civilians had been imprisoned, they found the names of the prisoners scratched on the walls of the jail.

Some letters from the men were found secreted under stones, and a Spaniard who had been entrusted with several presented them to General Lawton. The letters told of the hardships the men were compelled to suffer and begged that aid be sent them. The men complained that they had been starved, beaten and bound, and, moreover, were in rags. One of the letters, signed by Albert Lowenshon, said that the Spaniards had been treated very badly, worse than the Americans, and that dreds were dying of dysentery and other diseases. and that the government took no notice of sickness prevailing. In his letter Lowenshon, who was formerly of the steamship Zealandia, gave the list of prisoners held by the Filipinos as follows:

Prisoners from the Yorktown: J. C. Gilmore, U. S. N.; W. Wilson, P. Vandovil, W. Ellsworth, S. Edwards, S. Brisoloz, A. Pearson, apprentice, and Anderson, captured at Baler April 11; A. D. Brice, E. Honneman, Nevada cavalry, captured Jan. 30; A. Bishop, Third artillery, April 12; H. H. Huber, hospital corps, and J. O'Brien, civilian, Jan. 27.

Mistook Neighbor For a Ground Hog. Stroudsburg, Pa., Aug. 16 .- Hampton Predmore, a farmer and well known milk dealer, mistaking the head of his neighbor, Godfrey Transue, for ground hog, shot and instantly killed Transue on his farm yesterday. Transue was in search of a ground hog and finding traces of one laid down among a lot of weeds to await the arrival of the animal. Predmore mistook the crouched form of Transue for a ground hog and fired, killing him almost instantly.

Warlike Dutch Republic.

Pretoria, Aug. 16.-The executive council concluded its session at 12:20 p. m., when orders were issued to the field cornets to give out Mauser rifles in exchange for Martini-Henry rifles. A great crowd gathered to receive the The possibility of war with arms. Great Britain is about the only subject discussed, and it is generally feit the burghers should be consulted before extreme measures are adopted.

Yaqui Indians Routed.

Guaymas, Mexico, Aug. 16 .- Military culminated in a series of engagements and the final rout and dispersal of the Indians. The Yaquis in rebellion had concentrated their forces at Vicam, on the south bank. After a sharp engagement the Indians fled, leaving 30 dead on the field. The Mexican loss was ten killed and 21 wounded .. The Yaquis are now scattering in small parties, and it is not likely that they will concentrate again. The rest of the campaign will probably consist of hunting out the renegades from their hiding places.

Not Recognized as Preachers.

Chattanooga, Aug. 16 .- Two Mormon olders were arrested in Taylor county. Georgia, for refusing to pay poll taxes. The elders claimed they were preachers, and exempt, but the judge of the superior court refused to recognize them as such, and assessed a fine. The elders had no money, and were started off to jail, but succeeded in getting the jailer to accept their watches as security until they could send for money to pay their fines. President Rich, of the Southern Mormon society, says he will proceed in the courts against the Taylor county judge.

Mrs. Langtry Wedded.

London, Aug. 16 .- Lily Langtry known to fame as the "Jersey Lily, is the proud possessor of a new husband with several millions. A society paper reports her marriage at the Island of Jersey on July 27 to Hugo Gerald de Bathe, son and heir of General Sir Henry de Bathe. the novelist offered, nor does he ac cept pecuniary reward from Dreyfus. The announcement of the shooting in the crowded court room caused a deep hush. Solemn silence reigned for perhaps three or four minutes. Possibly it was the silence of stupor, for

all seemed stunned. At length the Nationalists and Dreyfusites declared operations in the Yaqui valley have their horror of the crime and their sympathy with the victim. The sitting was adjourned for a short time to enable M. Demange to inquire-after Labori's condition.

During the short suspension of the sitting of the court, M. Jaures, the socialist leader, who was in court, remarked that the arrests made in Paris had for their sole object to forestall a Bartholomew massacre of the St. Drevfusards and that the attempted murder of M. Labori at Rennes was one of the scattered acts of the projected massacre.

A stirring scene closed last Saturday's public session of the Dreyfus trial. General Mercier, exminister of war, spoke in denunciation of Dreyfus, who listened unmoved until Mercier concluded by saying if he had not been convinced of the guilt of Dreyfus, and if the latter's conviction had not been fortified since 1894. he would admit he had been mistaken. Drevfus jumped to his feet as though the words had galvanized himinto new life, and shouted in a voice which resounded through the hall like a trumpet note: "That is what you ought to say."

It is understood that even a more thrilling incident than this was expected by the counsel of Dreyfus, and would have occurred but for General Mercler's prudence. Dreyfus intended and had actually declared his determination to slap Mercier's face before the whole court, if he brought up the story of the relations of Dreyfus with Mme. B., who, some newspapers have asserted, acted as a go-between for Dreyfus and the attache to whom he is alleged to have made treasonable revelations.

During the session of the court martial after the attempted assassination ex-President Cassimer-Perier. General Mercier, ex-minister of war, Generals Zurlinden and Chanoine, former ministers of war, M. Hanotaux, former minister of foreign affairs, General Billot and M. Cavaignac testified. The ex-president was the only one who gave evidence which in any way could be considered as favoring the prisoner. The session was adjourned today until Wednesday owing to the excitement consequent upon the Labori affair.

M. Demange has decided to ask for an adjournment, which has necessitated a written application by both M. Demange and Captain Dreyfus, who have already sent letters to the president of the court martial. Colonel Jouaust will undoubtedly accede to the request, but he cannot grant an adjournment for more than two days, when the application must be renewed. Captain Dreyfus wants the sessions postponed until Monday next, when it which only 12 have proved fatal. This is hoped that 34 Labori will be able to be present.

last evening charged with maintaining a nuisance. When the negroes arrived here they refused to go to work, claiming they had been promised \$1.50 a day. Then they became a public charge and lived in filth and squalor. The health officers said the health of the community was endangered. The arrest followed. Post was held in \$500 bail for trial at court.

Reading, Pa., Aug. 14 .- Solomon Quinter, a well known citizen and a former railroad employe, shot and instantly killed his wife, Annie, aged 48 years, and her paramour, Edward H. Kitzmiller, aged 28, at an early hour in the morning. Quinter suspected that his wife was unfaithful, and lying

The bringing over of these Celestials is allowed by special permission of the secretary of the treasury, given some months ago to the exposition management, which is held responsible for the return of each member of the party.

Wilkesbarre, Pa., Aug. 15 .--- It is reported that the big strike at Nanticoke may be settled before many days. The 3,800 miners who are out on strike are getting restless and many of them are anxious to return to work. The Susquehanna Coal company is also overwhelmed with orders for coal and every day the mines are idle is a big loss. It is said both sides will make concessions and that an amicable agreement may be reached sooner than expected. The miners at Babylon colliery, Duryea, who have been out on strike for two weeks, have returned to work, the company having granted some concessions of a minor character.

Scranton, Pa., Aug. 14,-James Quinn, aged 60 years, a resident of Lookout, a suburb of Carbondale, was killed in a family feud yesterday between the Quinns and the Gallaghers. There has been bad blood between the families for some time past and numerous quarrels have resulted. Early yesterday morning a Quinn boy and one of the young Gallaghers engaged in a fight, but separated without doing any serious injury to one another. In the afternoon the boys resumed the fight and in a very short time both familes, men, women and children were engaged in a pitched battle, When the hostilities ceased, James Quinn was found lying by the roadside with his skull crushed and at 7 o'clock last night he died without regaining consciousness. Jceeph Gallagher, aged 25, and Thomas 1ged 20, were arrested.
