FIREMAN'S CONVENTION. The seventh annual convention of the Volunteer Fireman's association of Central Pennsylvania, convened at Tyrone last week and was largely attended. The next place of meeting will be Philipsburg, in August, 1900, and the following officers were elected:—President, Charles H. Musser, Philipsburg; vice presidents, W. C. Waltz, Bellefonte; and A. W. Baird, Osceola; secretary, J. C. Barclay, Clearfield; treasurer, E. W. Gray, DuBois; delegate to the state convention, W. W. Carns, of Tyrone. Thursday night a banquet was served to the visiting firemen. Friday an elaborate parade took place in which the Logan Fire Company with 35 men in line were awarded first prize of \$15 for the best uniformed company in the line. Hope Fire Company No. 2, Philipsburg, was awarded \$10 for having the largest number of men in line. The Undine Band captured the \$10 prize for the best band in the parade. STEAMER CONTEST. This was the most important feature of the day. The Tyrone Herald says: The first prize was announced \$50, and the second prize \$25; but as there were only two entries, by rule there could be no second prize awarded. The steamers of the Undine company, of Bellefonte, and the Reliance company, of Philipsburg, entered the contest. The steamers were both adjudged fourth class, and played through fifty feet of hose. They were allowed twenty minutes from starting the fires, to make their records. At the end of that time it was found that the Undine steamer had thrown a stream 240 feet, 2 1/2 inches; and the Reliance steamer had thrown a stream 217 feet, 9 inches. The Undines therefore received the \$50 prize. The judges were P. J. Grau, Edwin Igo, W. D. Snyder, William Reed and W. F. Hiller. In the hose race the first prize of \$30 was awarded the Citizens team of DuBois; time 23 2-5 seconds; the second prize of \$15 was taken by the Hope team, of Philipsburg, time 35 seconds. Our companies came home greatly pleased with their treatment in Tyrone. In its report of the firemen's convention and tournament the DuBois Courier states: "The decorations were elaborate throughout the town, the Hotel Garman on Pennsylvania avenue being the finest ever seen in this district. The building was covered with bunting from the street to the roof on two sides, and at night electric lights shone from every window." FRIENDS CHURCH. Last Sunday the Society of Friends in this place reopened their house of worship, which during the past few weeks has undergone an entire reconstruction. The Quaker meeting house is the oldest church in Bellefonte and one of the landmarks of the town. It was built in 1832 by the four Valentine Brothers and W. A. Thomas, and the walls stand to-day as firm as when completed. At that early day there was quite an exodus of members of this faith to Bellefonte from Chester county, among them being such prominent families as the Valentines, Thomases, Millers and Irwins. When their church was completed it was formally opened by William Fisher, of the Bald Eagle Church, then the leading Quaker in the county, who still survives, and other prominent members of the society. From that time until the present services have been held twice a week with unremitting regularity in the little church on the hill. Its membership is composed entirely of Orthodox Friends. During the sixty years of the life of the Bellefonte meeting the church had been more or less modernized in the making of necessary repairs from time to time. Recently it became the desire of the members to restore the church to its original character as built sixty-eight years ago. This was rendered possible through the liberality of members of the society here and at Baltimore. Though the furnishings of the church bear the predominance of colors of green and white, the interior woodwork of the building will be unpainted, as it was sixty years ago, while all of the exterior part, as well as the surroundings, have been made as much as possible such as they were when the church was built in 1832. For G. A. R. People. Bellefonte and Centre county citizens visiting in Philadelphia during the G. A. R. encampment and the exposition the coming fall, can have their mail and packages directed in my care and will be properly looked after until called for. Ira D. Garman, jeweler, 101 South Eleventh street, first door below Chestnut street, Philadelphia.

THE ALUM BAKING POWDERS. Names of Some of the Principal Brands Sold in this Vicinity. The recent discussion in the papers of the effect upon the human system of food made with alum baking powders and the opinions that have been published from noted scientists to the effect that such powders render the food unwholesome, leading to grave disorders of the stomach, liver and heart, have caused numerous inquiries for the names of the various alum powders. In Ohio, New Jersey, Minnesota and Wisconsin of such importance do the food authorities deem the matter that the names of the alum powders are officially made public, and the legislatures of the latter two states have provided that there shall be printed upon the labels of all packages of this class of powders the statement that they contain alum. Information as to the list here given has been obtained from the official reports of the Ohio and New Jersey Food Commissions, from the Agricultural Department chemist at Washington, and from other equally reliable authority. Baking Powder Containing Alum: DAVIS' O. K. Contains Alum. UNIVERSAL. Contains Alum. Universal baking powder co., Harrisburg. CLIMAX. Contains Alum. Climax baking powder co., Indianapolis. CROWN. Contains Alum. J. P. Dieter co., Chicago. GOLDEN BOB. Contains Alum. Gandy, Asch & Gandy, Dayton, O. MOUNTAIN. Contains Alum. Louis Horpel & co., Baltimore. ROLAN. Contains Alum. Smith Hoppel & co., Baltimore. LESLIE'S. Contains Alum. The A. C. Colburn co., Philadelphia. A. & P. Contains Alum. Great Atlantic & Pacific Tea Co., New York. GRAND UNION. Contains Alum. Grand Union Tea Co., New York. In addition to these it is learned that many grocers are selling what they call their own private or special brands. These powders are put up for the grocer, and his name put upon the labels by manufacturers of alum powders in Philadelphia, Pittsburg, Cincinnati and elsewhere. The manufacturers, it is said, find their efforts to market their goods in this way greatly aided by the ambition of the grocer to sell a powder with his own name upon the label, especially as he can make an abnormal profit upon it. Many grocers, doubtless, do not know that the powders they are thus pushing contain alum and would be actually contraband in many sections if sold without disguise. It is quite impossible to give the names of all the alum baking powders in the market. They are constantly appearing in all sorts of disguises, under all kinds of cognomens, and at all kinds of prices, even as low as five and ten cents a pound. They can be avoided, however, by the housekeeper who will bear in mind that all baking powders sold at twenty-five cents or less per pound are liable to contain alum, as pure cream of tartar powders cannot be produced at anything like this price. Foster's Weather Predictions. Severe storms may be expected not far from August 18th and heavy rains of small extent. East of the Rockies the first half of August will average cooler than the last half and much below normal. In the same localities the last half of August will be the reverse of the other. West of the Rockies temperature will be the reverse of east of that line. A great warm wave causing a sudden change in the weather from cool to warm, will cross the continent from west to east about 15th to 20th, reaching the 90th meridian not far from the 10th. A Suggestion for Farmers. In anticipation of the next census taking, it would be well for farmers to keep careful records, so that reliable information may be given the enumerators who are to gather statistics. Farmers will be asked to give data of their productions, and to state what proportions were sold or consumed. Look at the date after the name on the yellow label. It tells how you stand with the printer. A DIAMOND FOR A DOLLAR. A Limited Special Offer Which Will Last for Ten Days Only. GENUINE BARRIOS DIAMONDS have a world-wide reputation.
