"Royal Baking Powder" is recognized at once as the brand of great name, the powder of highest favor and reputation. Everyone has absolute confidence in the food where Royal

is used. Pure and healthful food is a matter of vital importance to every individual.

## Royal Baking Powder assures the finest and most wholesome food.

There are many imitation baking powders, made from alum, mostly sold cheap. Avoid them, as they make the food unwholesome.

## PROTECT OUR FOOD.

The doctors inform us that alum is a poison, and that alum baking powders should be avoided because they make the food unwholesome. hygienists, who have given the matter most study, regard these powders as an action. In Minnesota and Wisconsin sold unless they are branded to warn 10%c.: consumers of their true character, while in the District of Columbia the authorities have under the direction of Congress, adopted regulations to prohibit the use of alum in bread altogether.

Are not the people of other states, as well as those of Minnesota and Wisconwhich is apparently menacing them at close hand, and is not the whole country entitled to absolute protection, as the people of the District of Columbia are protected, by legislation which is entirey prohibitive?

Until we can have protection in the form of a statue, how can our state commissions better serve the public than by publishing in the newspapers from time to time the names of the baking powders which they find to be made rom alum?

Meantime, it will aid the housewife in designating the alum powders to remember that all powders sold at twenty-five cents or less per pound are of this dangerous class. Pure cream of tartar powders are usually sold at from forty-five to fifty cents a pound.

## Vast Coal Operation.

One would hardly believe that the output of coal by the Berwind-White company is over 260 cars every 24 hours, but this is a fact, and when Nos. 36 and 37 are completed the amount will be materially increased. We are truly located in the center of a great mining region .- Windber Era.

## "To Err is Human."

But to err all the time is criminal or idiotic. Don't continue the mistake of neglecting your blood.
