This place was visited with a terrible storm, something like a cloudburst, tearing out the flood gates, overflowing the houses and destroying the gardens. The damage done to the new firm will cost a great deal to have the furnace in running order again. Had the flood gates not broken, the place would have been swept down the creek. We are glad it was not worse.

They claimed the glasses were not full enough, after which one word brought on another, until they became unruly and desperate. After jumping the freight train, they began stoning the hotel and throwing stones through the windows, hitting some of the men inside. Telegrams were sent ahead to be on the look-out for the lads, but they got as far as Tyrone where they were arrested by the railroad detective and brought back to our town on Saturday at 2:14 p. m. for a hearing, and was found guilty and taken to Bellefonte on the 4:14 p. m. train and handed over to the sheriff for their appearance at court.
