-We hear that people who have houses to rent in town, are putting up rents in great shape since the different works have been put in operation. There is nothing to prevent them from doing this, except to pay the price or move to some other town where living is cheaper; in that way these do an injury to any town.

-The Bellefonte Furnace Company will soon make some decided improvements at their plant which will increase the capacity considerably. This it is estimated will increase the output at least 20 per cent.

-The attendance at the Veteran's Picnic, on Saturday, was smaller than usual. Why this was so except that a lot of members of the association were candidates for appointments under the present administration and got turned down by their republican comrades, for other fellows who never shouldered a musket or smelled powder in an actual engagement. There may be some truth in this.

-John Lerner's, of Tyrona, was among the list that came up with the paper mill picnic crowd that picnicked at Hunter's Park, on last Saturday. Mr. Lerner's is a very intimate friend of Al. MONDAY MORNING Hon. John A. Daley, of Romola, accompanied by Elder Zook of Abeline, Pa., were pleasant callers at our office. They desired to have an announcement made through the columns of this paper that meetings would be held in the court house, on Thursday and Friday evenings of this week, at 8 o'clock, which will be addressed by Elder Zook, who is a representative of the church known as the "River Brethren," frequently called the "Duskards." On Thursday evening he will preach, and on Friday evening the services will be relative to their missionary work. He will be assisted in these meetings by his wife and Miss Emma Long, of Harrisburg. The meetings are public and all are cordially invited to attend.

Elder Zook formerly was from Franklin county, this state, near Chambersburg, where that church is quite strong; and he is acquainted with a great many of the parties mentioned in an article in another part of this paper referring to the "Fire Branders" who are working in that section. Elder Zook is an intelligent gentleman, and he no doubt will have something of interest to say to those who will go to hear him.
