

The Racket.

No. 7 and 11 Crider's Exchange, Bellefonte, Pa.

The Spirit of Improvement

struck us last week and the result is a complete transformation scene in the front part of the main room and our customers are unanimously of the opinion that like the colored genimen's pie--"Its most too good to talk about."

Since I talked to U last week, a car load of seasonable goods have been emptied into the Racket. Underwear for men, women and children, Woolen and Cotton Blankets, Haps, etc. all at lower prices than we have ever been able to offer and this in the face of a rising market.

"The frost is on the Pumpkin, And the dew is on the vine."

U will soon need Underwear, Outerwear, Boots and Shoes, Rubbers, and a 1001 things, hitch up the trotter, take a day off, bring U'r knittin along and Kom to The Racket now.

G. R. SPIGELMYER.

"It's A Great Comfort"

Is a remark we often hear from our customers when speaking of "Hot Water Bottles" purchased from us--and they are right. If you have cold feet, if your limbs ache, or if you have an aching tooth, how soothing the application of the heat. There is a great difference in the quality of the rubber in Hot Water Bottles--We have some Very Good Ones in price from \$1. to \$1.50 which we would be glad to show you.

Our "Cydoline" for chapped hands and face is becoming a household necessity--15 cents. Ask your druggist for it.

GREEN'S PHARMACY, HIGH STREET, BELLEFONTE, PA.

CORRESPONDENT DEPARTMENT

Ingleby.

Miss Snyder is on the sick list. Frank Barker and son John, of Ingleby, were to Lewisburg fair on Thursday last week.

Howard Eisenhuth and wife, of Poe Mills, were to see his parents at Ingleby last Saturday.

The first ice of this season was formed Saturday night. We had a very heavy frost Sunday morning; it froze all the corn, beans, and tomatoes that were out.

Mrs. Sallie H. Thomas, of this place, raised some remarkable tomatoes this season, the largest of the kind ever seen here. One of them weighed 37 ounces and others weighed almost two pounds. This we consider something in the line of tomatoes that is hard to beat.

HIGH VALLEY.

George Rider has his new house ready for the roof.

Jess Snyder has 3 hogs that will beat any in the county.

Ingleby scribe has disappeared; suppose an act of hard times.

J. O. Eisenhuth purchased a fine bay team of J. H. Reifsnnyder, of Millheim.

George Eisenhuth, our potato farmer, is still lifting them; he must work awfully slow, or else has a monstrous crop.

Frank Allen sold his dandy mule. Now he believes in advertising. I was told that the girls will sell their fine gray horses; if so, there is another chance.

A certain gentleman who is a frequent caller at High Valley was in the habit of draining the coffee pot every time he came to the house. The cook got tired of that and put a lot of red pepper in it of that he came. The chap took his coffee, but only a short nap and then struck out for the spring faster than an old hound after a fresh beef steak.

Rebersburg.

Some of our farmers are beginning to hush their corn.

Merchant Wm. Carlin is having his house repaired with a new porch.

Mrs. George Musser, of Williamsport, is visiting her old friends at our burg.

A number of our people have been to the Union County Fair, at Brook Park. Evidently some saw the wild man.

Our Brushvalley tanner made a short business trip to Bellefonte last week. No doubt but the matter has been very important.

There is nothing the matter with that new house of Jared Kreamer. Jared believes in doing something right. Evidently after Kreamer's house is finished it will be the leading house of our burg.

One of our wide awake and up-to-date merchants, in the person of Howard Miller, left for the city. Of course we all know what for and we always know that it means something when Howard goes to the city.

Rev. George Limbert, whose name is very familiar to the people of Brushvalley, entertained the people in the Reformed church with a very important and interesting discourse. No doubt the people would be glad to hear him again.

Moshannon.

Jack Frost is with us again. The chestnut crop, in this section, is very slim.

Mrs. Edward Shannon has been on the sick list for a few days.

Miss Maude Confer and Miss Lottie Miller spent a few pleasant days with friends, in Curwensville, last week.

Boston Viehderter spent a few days with his family at this place this week. He is operating a lumber job in West Virginia.

D. B. Fleming visited his parents at this place the latter part of the week. Mr. Fleming has been employed as agent at Panther Run on the B. C. R. R., but will go to Jersey Shore in the near future and accept a position of train dispatcher.

Pleasant Gap.

Chestnuts are not plenty. Quite a number of new porclides have been put up about here.

A number of farmers cut off their corn and hauled it in without being hauled.

Harry Baumgardner, who has been working at Philadelphia, came home on a short visit.

Bella Murry and May Getz, both of Lemont, are visiting at Mrs. Baumgardner's, at present.

W. H. Noll purchased a jack ass, one year old. And a record-breaking pacing colt five month old. His idea is to have a mated team.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, and used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by F. Potts Green, druggist, Bellefonte, Pa.

Beware of Ointments for Catarrh that contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials will be sold by Druggists, price 75c. per bottle. Hall's Family Pills are the best.

Zion.

Mr. and Mrs. Calvin Garbrick, of Farmers Mills, Sundayed with their parents.

Isaac Stover and wife attended the sale of H. I. Wise, at Centre Hall, on last Thursday.

Mrs. Emanuel Garbrick and mother visited friends and relatives in Union county last week.

Mr. and Mrs. John Cole and son spent Sunday with his brother-in-law, A. E. Garbrick, on the hill.

The United Evangelical church have a revival in progress at this place. Services every evening this week.

Jack Frost has paid us several visits, playing havoc with the flowers, as they are drooping their heads.

Edgar Lutz and Miller Shawley expect to leave for Coudersport, Pa., to work. We wish the boys success.

Pauney, did you close the contract for that iron bridge over the sewer on the hill west of Zion? Good-bye Pauney.

DEATH--Emma Sybella Dunkle, infant daughter of Andrew and Mary Dunkle; aged 1 year, 10 month and 27 days.

Dr. P. S. Fisher and Harvey Royer attended the Lewisburg Fair last Thursday. They were delighted with the wild man.

Wm. A. Royer, who met with a sad accident on Aug. 30th, while patching Mr. Decker's barn roof, is able to be about on crutches.

Mrs. Noah Stover, of Franklin county, Kansas, has been in our midst the last two weeks visiting her brother and sister. According to information she took her departure last Saturday.

The singing class of Zion is in a flourishing condition, and parents should see that their children take an active part in the class, as our instructors are Messrs. E. Gebhart, John Cole and H. T. Struble.

The Zion Union Sunday School had quite a cool reception last Sunday morning, owing to the lack of fuel. Take warning and keep your lamps filled and burning when the bridegroom comes, lest the door be shut.

Axe Mann.

Charles Hughes purchased a new wheel last week.

Gust Armor, of Houserville, Sundayed at the home of J. Donivan.

Mr. and Mrs. E. Sunday spent last Sabbath with relatives at Pine Grove.

Wm. Hoover had the misfortune of having his cow killed by the train, last week.

Alfred Grove and family, of near Bellefonte, spent Sunday at the home of Wm. Stuarts.

Lawrence Hile and wife, of Pleasant Gap, spent Sunday afternoon at the home of E. Breon.

D. Hoover, of Altoona, spent Saturday and Sunday at the home of William Hoover, of this town.

Mr. and Mrs. Clayton Walters paid a visit at the home of Mr. Walters' parents, of near Houserville, on Sunday.

Mr. and Mrs. Reuben Kaup attended the funeral of Mrs. Daniel Breon, Mr. Kaup's aunt, of Georges Valley, on Sunday.

DEATH--Edgar, son of Mr. and Mrs. Boyd L. Hunter, died on Tuesday evening of last week, aged 1 year, 6 months and 9 days. Interment in the Lutheran cemetery, at Pleasant Gap, on Thursday morning. Rev. Adams officiating.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. church, South Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning with severe coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by F. Potts Green, druggist, Bellefonte, Pa.

CLOTHES AND SHOES.

These are two very important items, both to one's personal expenses and from the standpoint of comfort, and cannot be too carefully considered. We are reminded we must pay more for our clothing and shoes this year than we have paid for several years past; that we must pay more for our shoes because the Dingley tariff placed a duty on hides in order to enrich the great grabbing cattle trust; that we must pay more for our clothing because of the heavy duty placed by the same Dingley tariff on wool and woolen goods for the "protection" of our sheep raisers; that the increased cost will not be trifling in an amount for every overcoat; and every suit, the tailors say, will be advanced five dollars in price. Every pair of shoes that a year ago cost \$3, will cost \$4.50 or \$5. If these advances be multiplied by 70,000,000 people who must have several suits and several pairs of shoes apiece this year, the total will represent a very large sum of money, which the Dingley law takes out of the earnings of all the people and gives to a favored and protected few. The thing is worth thinking about, and we advise the consumer to sit down, immediately, and consider the matter. They can't do it too soon.

Needn't Worry.

Those parents who have two or three boys and girls to clothe know what an item the shoe bill is, and they'll not be overjoyed at the news of the general advance in the price of everything that enters into the makeup of shoes. But they needn't worry yet, we intend to stand by them in this matter of prices as long as we can, and having bought our fall stock early, we will be able to quote the same low prices that have been ruling. When we re-order we may have another story to tell. Until then, fit your boys and girls from our splendid stock.

THE TRANSVAAL PUZZLE

England Still Chartering Transports For Use in Case of War.

THE TRANSVAAL REPLY READY.

President Kruger's Government Only Awaits the Receipt of "the Latest British Note"--Martial Law May Soon Be Declared in Natal.

London, Oct. 4.--There are no new developments in the Transvaal situation. Arrangements for the dispatch of war stores and men continues. A quantity of balloon material has been sent to South Africa, the war office considering that military ballooning will prove of the greatest value in the kind of warfare expected in South Africa. The chartering of transports is still going on. Five vessels of the Cunard line are now engaged.

A telegram from Paris announces that M. Arnaud, president of the International Arbitration and Peace League, has sent an appeal to Lord Salisbury entreating him to choose a power to act with a power chosen by the Transvaal with the object of averting war.

A special dispatch from Pretoria says that the meeting of the raad adjourned at 11 o'clock Monday morning, and that only a legal quorum of members was present. President Kruger, addressing the members, described war as unjust and unnecessary, and denied that the outlanders wanted the franchise. Lucas Meyer, the chairman, said the real purpose of the British was "solely to gain Na" in vineyard." The Transvaal r... it is reported, is n ready for dispatch, and only waits the receipt of the British note.

Continuing, the correspondent says: "I understand that the landing of the further troops will be regarded as a casus belli. Four members of the government will take command of the commandoes. Commandant General Joubert started for the Natal border yesterday with his staff."

The Pietermaritzburg correspondent of The Daily Mail says he believes martial law will be declared in Natal with a view of preventing the Natal Dutch from joining the Boers.

The Standard's correspondent at Newcastle, Natal, telegraphs: The forward movement of the Boer forces, which threatened the Natal frontier, has been suddenly arrested. A majority of the burghers, who had gathered on the heights northeast and east of Newcastle, have fallen back on their original base near Sandspuit. The motive can only be conjectured.

Bullets a Lawyer's Argument. Thomsen, Ga., Oct. 4.--Colonel A. L. Hawes, lawyer and politician of Bainbridge, was assaulted and shot here yesterday by W. H. Hammond, another lawyer. The difficulty grew from the argument of a case before Judge Hansell, of the superior court, by Colonel Hawes and Captain William Hammond, father of the man who did the shooting. During the course of the argument Colonel Hawes charged as untrue a statement made by Captain Hammond. They had some words and blows with walking canes outside the court room, but were separated. The shooting took place later. Colonel Hawes may not survive.

Belgian Official Goes Insane. Pittsburg, Oct. 4.--Peter Wijngaard, chief engineer of the department of railways, posts and telegraphs of the Belgium State Railway company, with headquarters at Brussels, Belgium, was taken to Marshalsea yesterday in charge of officials of the department of charities, an almost hopeless maniac. The department of charities will cable the officials at Brussels of the affair, and it is likely he will be taken home.

People's and Fusion Papers Rejected. Harrisburg, Oct. 4.--Secretary of the Commonwealth Kreitz yesterday rejected the nomination papers of the Philadelphia faction of the People's party, for the reason that they were defective. He also refused to receive the nomination papers of the fusion party of Chester county, which had already filed a certificate of nomination.

The Strikes at Cramps. Philadelphia, Oct. 4.--At 5 o'clock last evening 150 punchers, including their helpers, quit work at Cramps' shipyard and will not return to their places today. They also demand a nine hour day at their present pay. Altogether there are about 1,500 men on strike at the shipyard.

Oil Production. The rapid decline in the production of Pennsylvania petroleum is giving the producers and refiners a great deal of worry and much higher prices are predicted unless new fields are discovered soon.

More wells were completed in September than during any month since August, 1895. The new production, however, was several hundred short of the 10,000 barrel mark. The average yield of the new wells was the smallest of the year.

Compared with the preceding month of August, the reports show the following changes: August, number of new wells completed was 765, with a production of 10,621 barrels; September shows 303 wells completed, while the production was only 8679 barrels, making a decrease in new production of 942 barrels.

The average production of wells for the past five months was as follows: Average May wells, 19 barrels; average June wells, 17 barrels; average July wells, 19 1/2 barrels; average August wells, 17 1/2 barrels; average September wells, 15 1/2 barrels.

Even with the baggage car ahead, the elephant usually travels behind his trunk.

THE MONROE doctrine used to be a foremost article of faith with every American citizen, but it is never mentioned now by friends of this administration.

"It is an Ill Wind That Blows Nobody Good."

That small ache or pain or weakness is the "ill wind" that directs your attention to the necessity of purifying your blood by taking Hood's Sarsaparilla. Then your whole body receives good, for the purified blood goes tingling to every organ. It is the great remedy for all ages and both sexes.

Dyspepsia -- "Complicated with liver and kidney trouble, I suffered for years from dyspepsia, with severe pains. Hood's Sarsaparilla made me strong and hearty." J. B. Emerton, Auburn, Me.

Hood's Sarsaparilla Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

NEWSPAPER TALK

may seem uninteresting to some people. Assertions, whether true or false, give you only an idea of what they are intended to convey, but representation of goods advertised is the only way of telling Facts from Fakes. We ask you to come in to see the goods you read about. We can tell you the merits of merchandise, so you have a better understanding of them than you can get by reading; and an examination will prove to you our ads contain everything helpful toward money saving and nothing that does not have its representative at this store.

Silks and Dress Goods.

Corded silks, an ideal trimming for waists; all fall shades now in stock, including black, white and two-toned effects, priced from \$1 to \$2 a yard.

All colors in Taffeta Silk, including black and white, 50c. per yard.
