—The employees of the Pennsylvania are now wearing their winter caps of heavy dark blue cloth in place of white canvas ones in use during the summer. The change is grateful to not a few of the railroad men, as the summer caps were becoming rather airy for out of door work.

—Wednesday afternoon at the residence of her mother Mrs. J. G. Hartwick at Clearfield, Miss Elizabeth Hartwick was married to William Irvin Swoope, a member of the Clearfield County Bar. —Work on the new match factory is going right along. During the past week the stone-masons have been putting up quite a bit of the foundation, and contracts are being placed for other portions of the structure.

—Last week in naturalization court, nearly a score of foreigners were refused naturalization by his honor Judge Love, because they did not possess a sufficient knowledge of the Constitution and the laws of the country. That was right.

—A "Devil Fish" is a curiosity, and when you capture one it is a prize. If you read the Centre Democrat's front page carefully, you will know where to find one. It "spits ink" right along, and has been in the business for some time.

—Montgomery & Co., are putting out some very clever advertising novelties in the shape of aluminium pocket combs in cases, hat markers, and watches. They always manage to make it interesting for the customers who deal at their store.

—The Bellefonte Board of Health asked council to have the water in the big spring analyzed, not that they think the water impure but to simply satisfy themselves that the closets and the cess pools on the hill east of the water. They have secured Dr. Pond to make an analysis.

—Centre county lawyers have established a new fee bill. Leading members of the bar declare the practice of law here had grown to be simply a case of the lowest bidder getting the largest practice. Under the new fee bill established last Thursday the minimum fee for any kind of work will be \$5, while heretofore \$1.50 and \$2 was accepted. This is what is known as a "legal trust."

—The amount of local news in this issue of the Democrat is not up to the standard in quantity, as the all-absorbing topic with most of our readers is the political situation in the county; who should be elected to office this year and who should not? On public questions like these every wide-awake paper should take an active part. But one month yet remains, and then the political atmosphere will have cleared away, and all of us will be looking forward to eating a hearty Thanksgiving dinner.

State College Won.

One of the greatest victories in the line of foot ball that State College boys have won in recent years was that with the West Point team last Saturday. They are one of the strongest teams in the country and have only been beaten by a few of the very best. The score stood 6 to 0 and this among the football rosters is considered a remarkable showing. The news was too good for the students to receive without some sort of a demonstration. They employed a band, and a big parade and bond fire, and a general "hippurrh" followed until they reduced their enthusiasm. When the train arrived by train at Lemont, all the students came down afoot, 300 strong, and triumphantly pulled the victors three miles to the college by hand. Horses were too common for such a precious burden as a victorious team of foot ball players.

Bought Southern Timber Land.

Negotiations have just been closed whereby the Brokerhoff Bros., of Bellefonte, have sold to a syndicate of Williamsport lumbermen the timber on 13,000 acres of land in Braxton county, W. Va. The tract is right in the recently discovered coal and oil section, but both the oil and mineral rights are reserved. The purchasers, who are backed by Philadelphia capitalists, will erect several large mills on the land and open up extensive lumbering operations at once.

A FINE PARK.

The members of the Otzinachson Rod and Gun Club, of which George S. Good, of Lock Haven, is president, have now a force of 25 men at work fixing up their game preserve on Rattlesnake run, in the Alleghenies. Thirty-five hundred acres of land have already been enclosed with a strong wire fence, and in this park are 25 deer and nine fawns. In addition to the deer the preserve is naturally stocked with pheasant, wild turkeys, rabbits, etc., and the club has put on several thousand fish.

Eleven of the largest fish dams to be found in the state have been constructed on the run, and these were last spring stocked with upwards of 50,000 trout, so that in addition to the hunting the fishing will be unexcelled in the course of a few years. A large club house, 50x60 feet, has been built of logs, but the interior is divided and finished in modern style. Large open fire places in every room furnish abundant heat in the coldest weather. The Otzinachson Club's preserve is one of the best located in the state.

Company Elects Officers.

Colonel W. Fred Reynolds, recently appointed adjutant of the Fifth Regiment, N. G. P., assisted by Lieut. R. G. H. Hayes, assistant surgeon, conducted a special election of Company B, this place, last Friday evening for the election of a first lieutenant to take the place of George L. Jackson, recently appointed to a second lieutenantcy in the United States volunteers. Charles J. Taylor, the second lieutenant of the company, was chosen first lieutenant, and First Sergeant Philip H. Garbrick elected second lieutenant. Both officers were then sworn in their new positions. Messrs. Taylor and Garbrick both made short speeches, thanking the company for the honors conferred and pledged their best efforts for the welfare of the company.

Military News.

The 47th Regiment U. S. Volunteers now recruiting at Camp Meade is reported to have its full quota of men, but one hundred additional men will be recruited so as to make up for some objectionable material which it is desired to weed out of the regiment. The men are being drilled hard every day and it is expected that they will be ready to start for the Philippines about November 1st.

Lieut. George L. Jackson, of this place has been assigned to Co. G. The other Bellefonte boys are divided between Companies C, D and G. All the Bellefonte boys if they desire it will be allowed a four day furlough home before starting for Manila.

Lots of Shoes.

The Tyrone shoe factory shipped on Wednesday last to the Soldiers' Home, near Dayton, Ohio, 1,600 pairs of shoes, being the first invoice of the 30,000 pairs contracted for with the United States government to be manufactured and delivered within six months, commencing October 15. Hereafter the factory will turn out on this contract alone 200 pairs daily, aside from its other large orders from other quarters, to enable it to manufacture and deliver at the average rate of 5,000 pairs per month.

A New Bridge.

For sometime past a new bridge has been needed over Logan Branch, near Reynolds' flouring mill in the borough of Bellefonte. The commissioners of Centre county have agreed to furnish the superstructure for the bridge if the council of Bellefonte will build the abutments. The proposition has been accepted and the borough engineer was instructed to make specifications and plans for the abutments.

Bellefonte Beaten.

On Saturday afternoon, before a crowd of 300 people, the Altoona High School foot ball team defeated the Bellefonte Academy by the score of 10 to 0. The game was a good one and was devoid of kicking or brutal playing. At the close of the first half Bellefonte had the ball twenty yards from High School's goal. The game was played on the glass-works meadow.

Working on the Extension.

Work has been begun on the putting down of the ties and rails of the three miles extension of the Bellefonte Central railroad, from Waddies to the Scotia ore mines. These mines were recently purchased from the Carnegie company by the Bellefonte furnace company, and are now being run to their utmost capacity.

Twin Fruit.

Mrs. Oscar Rishel, and her 7-year old son, John Newton, accompanied by her younger sister, Miss Wieland, all of near Linden Hall, were pleasant callers to see how things were done in a printing office. Master John had for us a basket of curiosities, consisting of five pairs of northern spy apples, perfect twins, a twin potato like an elongated horseshoe, and a twin ear of corn in the shape of a man, head, trunk and legs. Curiosities like these can't be a bad omen.—Reporter.

The "Devil Fish" argument of the Editor of the Gazette comes home to him. That "Ink Spitter" got trapped up in previous campaigns.

I. O. O. F. Installation.

Centre Lodge No. 153 I. O. O. F., of Bellefonte, held their installation of officers in their hall in the Crider Block Thursday evening, of last week. The installing officer was District Deputy Grand Master T. G. Dunkle, of Phillipsburg. The names of the new officers installed are as follows: Noble Grand, Thomas Moore; Vice Grand, Herbert Miller; Assistant Secretary, James Schofield; R. S. to Noble Grand, Harry Eberhart; L. Schofield acted as toast-master.

Big Deal in Coal Lands.

A syndicate of Bellefonte capitalists, together with a small interest by several Eastern men, has closed a deal for the purchase of one hundred and twenty-five thousand acres of coal lands in Indiana and Armstrong counties. The price to be paid is considerably more than a million dollar. The track includes the entire territory known as the Plum Creek basin, embracing almost the whole of five townships. It is heavily timbered, almost entirely under-laid with a six-foot vein of coal, has natural gas and good indications of oil. To develop it will necessitate the building of nearly fifty miles of new railroad from the town of Indiana. The purchasers will begin extensive operations soon.

Autumnal Colors.

The sear and yellow leaf is making its appearance and everywhere autumn's finger is apparent. Along the streams generally the change in coloring is more apparent than on high ground.

The meadows are bright with golden rod, wild yellow sunflowers and purple asters and these blended with the vivid green of the grass make a charming combination of color. The late rains have done wonders for the pasturage and have given a new growth of grass which looks as fresh as though it were June, instead of October.

The trees are not as yet in the full glory of their fall coloring, but are touched here and there with autumn's pigment.

Bounties on Noxious Animals.

The following amounts are paid for scalps of certain animals killed in the commonwealth: For every wild cat, two dollars; for every fox, red or gray, one dollar; for every mink, fifty cents.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by F. Potts Green, druggist, Bellefonte, Pa.

The commissioners should let Tom Harter see that "Minute Book," but he don't want to see it, it would be cruel to have him publish Riddle's record, also.

RECENT DEATHS.

WILLIAM S. TRIPPLE.—One of the oldest citizens died suddenly Friday evening the 6th. Mr. Tripple had been suffering from a cold for a few days but kept at his work. In the evening he was not feeling well. His son Charles came and spent the latter part of the evening with him and assisted in getting him to bed. Soon after he became unconscious and at 11:40 o'clock he passed away. William Smith Tripple was born in Safe Harbor, Lancaster county, Pa., and was aged 79 years, 10 months and 1 day. When a young man he learned the tailoring trade, working at it in his native town. In 1838 he came to Bellefonte with the elder generation of the Montgomerys settling here and working at his trade as a tailor. Four children survive, Charles W., of Bellefonte; Mary Amelia, wife of Dr. J. D. Geisinger, of Chicago, Ill.; Susan Olive, wife of George W. Kerstetter, of Lewisburg, and Ruth Ella, of Bellefonte.

Mr. Tripple was a remarkable man physically and mentally and had not been sick a day or taken a dose of medicine in over forty years. The funeral took place Monday afternoon. Interment in the Union cemetery.

BERTHA M. YEABICK.—Last Sunday morning just as the brightness of day was pictured upon the eastern horizon, the spirit of Bertha Minerva Yearick, one of Nittany's bright young gems, took its celestial flight to meet the God who gave it. She was a bright young school girl and loved by all, as evidenced by her schoolmates and the community. She was sick only about a week of what the attending physician pronounced ulcerated sore throat, nor was danger apprehended, but died very suddenly on the eighth instant at the age of 12 years, 10 months and 26 days. She was a member of the Disciple church at Huston, having identified herself with the congregation last February. The funeral services were held on Tuesday morning in the Disciple church at Huston; interment in the cemetery at St. Paul. She was a daughter of Israel and Catharine Yearick, who survive her together with four brothers and four sisters. (X)

He was a veteran of the civil war in which he served with distinction and valor. He is survived by his widow and daughter. His son, James L., Jr., died about a year ago. He was an older brother of ex-Gov. Daniel Hastings, of this place. Col. Hastings, died from a complication of diseases arising from wounds received in the rebellion. Colonel Hastings had an enviable war record, serving throughout the entire war. The funeral took place on Saturday.

"Honest Labor Bears a Lovely Face."

There is nothing more pleasing to look upon than a hearty, ruddy face, gained by honest toil. They are the saviors of the nation; these toilers of both sexes, struggling for daily bread.

Pure blood makes them able to keep up the daily round of duty at home, shop or store. If the blood has a taint or impurity, or a run down feeling comes on, the one remedy is Hood's Sarsaparilla, America's Greatest Medicine for the Blood.
