

HAPPENINGS IN BELLEFONTE Local Events Briefly Told in a Few Lines.

PERSONALS, SOCIAL EVENTS

What Has Transpired During the Past Week—Movements of Our People—What the Local Scribe Saw Worthy of Mention—A Week's Local News in a Few Words.

John Harnish, of Wingate, Centre county, has been appointed postmaster at that place.

Maurie Jackson returned home Saturday evening from a two week's visit with friends in Philadelphia.

G. W. Rees and wife left Monday evening for Philadelphia to be gone about ten days. They will be accompanied by Mrs. John Rockey, of Zion.

George Bayard, of Bellefonte, has accepted the chief clerkship in James Richard's drug store, and entered upon the duties of his position last week. Mr. Bayard is an experienced druggist and a genial gentleman.

On Monday evening a large number of young people from Snow Shoe came to town to take in the play at the opera house, and drove back again. That is quite a trip and they thought nothing of it as long as they saw a good play.

P. J. Witty, of Roland, had a corn field of which he feels proud. From four and a-half acres of ground he realized over 500 bushels of corn ears, the field having been planted in corn for three consecutive years.

Edward Cowdrick arrived in Bellefonte from Niagara, and will work at the new match factory until it is completed after which he will take up contracting and building. Mr. Cowdrick will move his family here this week.

The International Grand Operatic Company will be at the opera house on Friday evening. This promises to be a musical treat that will be worth attending. It is said to be one of the finest companies of the kind that is traveling.

J. C. Mattern, of Pittsburg, was in town on Tuesday, for a short stay. He now holds a good position with Carnegie & Co., at that place, in their general offices. He formerly was connected with the company's operations at Scotia, this county.

Sam Roberts, who drives the delivery wagon for grocer G. W. Rees, had a serious accident Monday morning. He was moving a large barrel of molasses when in some way it slipped and struck him on the left leg cutting a deep gash about the ankle.

Work on the Match Factory is progressing right along at present. The bricklayers have quite a bit of the wall up already, and the size of some of the buildings is being considerably enlarged from that at first laid out. The plant is being pushed along rapidly.

The annual game between the teams of Bucknell University and Pennsylvania State College will be played in Williamsport Saturday, Nov. 4th at 2:20 p. m. One fare rate has been secured on all railroads for out of town visitors. These tickets will be good on all trains.

A rare musical treat is promised by Manager Garman who has engaged for next Friday night the International Grand Operatic Company to give one of its magnificent performances. The personal embraces some of the greatest operatic and concert artists of the world.

On Monday E. S. Latsch, wife and son, arrived in town in a novel conveyance. It was a house flat on wheels, in which they have lived the past summer. They left Howard early in the spring and have been traveling about the country ever since. Their conveyance is drawn by two horses and much resembles a photographers moving car, only smaller.

Dave B. Levis' big production of "Uncle Josh Spruceby" will be seen at the opera house Monday Nov. 6th. A carload of special scenery, two big bands, a solo operatic orchestra and a company of 35 people are some of the features promised, and many novel specialties will be introduced. The great saw mill scene is introduced with all its startling realistic effects, among other special scenery carried by the company.

We had a short call on Tuesday from Geo. L. Goodhart, of Centre Hill, who came to town to transact some business. He still takes an active interest in political affairs, and in his section reports the conditions favorable for a full poll of the party vote with some probable gains on the county ticket. He came in to compliment this paper for its complete showing up of the manner in which the county's affairs have been conducted the past term.

During last week there was considerable fire in the mountains about Bellefonte, which along with the fires in other sections of the county made the atmosphere heavy with smoke for several days. The articles in some of the papers relative to Bellefonte being surrounded by fire were nicely gotten up and made entertaining reading, for those who did not know any better, but there was nothing more than an ordinary mountain fire north of town, just like occurs several times during the dry seasons of the year.

All lovers of good music should go to the opera house to-morrow evening.

Misses Katie and Annie Pearl, of this place, attended the funeral of Father Maher at Mannayunk last Thursday.

State won her fourth game of the season Saturday by defeating the Dickinson eleven 15 to 0. The visitors came here confident of victory.

E. P. Campbell and wife, of New York City, visited friends at State College on Wednesday. They are at present staying at the home of T. F. Adams, of this place.

J. F. Lucas and sister, of Moshannon, were pleasant callers on Tuesday morning. Mr. Lucas is assisting his father in the mercantile business at that place and reports business good.

Earl Smith, who for a number of years had been employed at the Gazette office as pressman, left on Monday morning for Punxsutawney, where he has secured a similar position.

A play from way down East, the story told in "Uncle Josh Spruceby," the scenes of which are taken from farm life on the Vermont hills, is charming in its simplicity and homely humor. At the opera house, Monday, Nov. 6.

Mr. and Mrs. George Bressler, of Lancaster, spent Tuesday in Bellefonte. Mr. Bressler is a son of the late Dr. Charles Bressler, who was many years ago a prominent citizen of Bellefonte. Mr. Bressler was born in our little city.

On Monday morning Senator Heinle took his son Mac to a school at LaTrobe, Pa., where the young man will prepare for college. Mac is a bright young lad, and with a bit of application to his studies will get along swimmingly.

The tannery that burned at Curwensville two months ago, and which many thought would be rebuilt at Clearfield will be erected again at the former place, just across the creek from where it stood before, and on a much larger scale. The people of Curwensville naturally feel good over the matter.

The blacksmiths and carriage builders of this county will hold a convention, in the Arbitration room, at the court house, on Wednesday, November 22. The object is to form an association of all mechanics in that line and to consider the adoption of certain measures that will be to the benefit of the craft. When this body gets together they will be a set of heavy hitters.

Ex-prothonotary Wm. F. Smith, was in town last Friday and Saturday and surprised his many friends upon his healthy appearance. This was his first appearance in our town since his recent illness and many thought then that it was likely that he would turn his toes to the daisies at an early date, but he didn't. Although he had been very sick, he has fully recovered, and is as chipper as ever.

E. K. Rhoads, President of the Bellefonte Board of Trade telegraphed to Mr. E. G. Witters, of Lititz, on Wednesday, to bring his shirt factory to Bellefonte. The amount of \$500.00 necessary to defray the expenses of removal and placing the machinery etc., etc. in condition for operation is assured. The factory will give employment to nearly one hundred hands and the monthly pay roll will perhaps reach \$2000.

This has been a remarkable campaign in many respects. Thus far there has been comparatively little drinking by the professionals who have the strong pulls. There is a general complaint that all the candidates are not "shelling out." It will be a new thing when politicians will discard liquor from their campaigns, as it seems to be an argument so forcible with a large number of voters that it is considered the most successful means of winning a large portion of people. This campaign, thus far, has been remarkably clean.

State-Bucknell Game. On Saturday, November 4th, the State College-Bucknell football game will take place at Williamsport, Pa., and to accommodate those going to the game from State College, Bellefonte and local points, the Central R. R. of Pa., will run a special train from Bellefonte at about 9 o'clock in the morning; returning leave Williamsport for Bellefonte and State College about 11:00 p. m. Fare from Bellefonte and all points on C. R. R. of Pa., will be one rate for the round trip. For full particulars see hand bills or apply to ticket agents.

Wealth of the Boers. Statistics show that 2,500 miles of the Cape to Cairo railroad have already been built. The diamond mines at Kimberly have produced 98 per cent of diamonds in the world and in one year alone, 1868, the output was valued at \$350,000,000. The gold mines near Johannesburg are valued at \$5,500,000,000. What a fat picnic England is likely to have out of the war with the Boers!

Grand Rally for Men. On Sunday afternoon at four o'clock, a mass meeting for men and boys will be held by the Young Men's Christian Association. The meeting promises to be an exceptionally good one, and will be led by James Ryan. Let every man and boy in town turn out to this meeting, and see if those rooms cannot be crowded.

DEMOCRATS if you get out the full vote victory will be ours.

IN THE COURT HOUSE.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by F. Potts Green, druggist, Bellefonte.

A NEW SECTION OF TOWN.

Clement Dale, Esq., the well known attorney of this place, has received from the Valentines and Thomas Trustees a letter of attorney executed by them authorizing him to make sale of one hundred acres of land lying south of the borough line in Spring township, bounded on the north by the southern line of Bellefonte borough, on the east by the old Lewistown pike, on the south by the Grove farm and on the west by land of the Empire Iron Company. The greater part has already been laid out in town lots, interspersed with streets and alleys. Some of the streets are named as follows: Belleville street, Lincoln street, Nittany avenue and Railroad avenue. The view from this part of the land is one of the finest in or about town. In fact the view from Belleville street is much finer than from Curtin street. The southern part of the tract is adapted to making an excellent fair ground and trotting track and in the spring a company will be formed to lay out the ground for this purpose.

This section of town will be known as New Bellefonte and will make one of the prettiest parts of the town when once built up.

Uses for Lemons.

The juice of a lemon taken in hot water on awakening in the morning is an excellent liver corrective, and for stout women is better than any anti-fat medicine.

Glycerine and lemon juice, half and half, on a bit of absorbent cotton is the best thing in the world wherewith to moisten the lips and tongue of a fever-parched patient.

A dash of lemon juice in plain water is an excellent tooth-wash. It not only removes the tartar, but sweetens the breath.

A teaspoonful of the juice in a small cupful of black coffee will almost certainly relieve a bilious headache.

The finest of manicure acids is made by putting 1 teaspoonful of lemon juice into a cupful of warm water. This removes most stains from the fingers and nails, and loosens the cuticle more satisfactorily than can be done by the use of a sharp instrument.

Voting on Age.

Here are two pointers that should be read:

1. A man who will be 21 years of age on November 8 can vote at the election of November 7. The court has decided that his twenty-first year is completed on the day before the anniversary of his birth.

2. A man who has just reached his twenty-first year can vote "on age" and without the payment of any tax whatever; and he can continue to vote "on age" until he reaches his twenty second year, after which he must pay tax. The clause in the constitution of the state, bearing on this subject is as follows: "If twenty two years or upwards, he shall have waied within two years a state or county tax, which shall have been assessed at least two months, and paid at least one month before the election takes place."

A Sunken Fortune.

Every year many thousands of feet of timber and logs are lost by sinking to the bottom of the river in the pool of the dam. The timber becomes water soaked and goes to the bottom where it remains and eventually, partly or wholly, covered by the sand that drifts in with the summer floods. Men are now at work recovering some of this lost timber. An open frame work of light timber is constructed on which they float about looking for a sunken stick. When one is located it is brought to the surface of the water with pike poles and fastened to the timber float and taken ashore. At the present prices of timber there is a fortune lying at the bottom of the pool of the Lock Haven dam.—Lock Haven Express.

Much Gold Mined.

The shutting off of the Transvaal gold supply calls attention to the remarkable fact of the ten billion dollars' worth of gold produced in the world since the discovery of America more than one-half has been produced since 1860 and more than one-fourth since 1885. Or, to put it in other words, one-half of the gold product of the last four hundred years has been produced within forty years and one-fourth within fifteen years. Nor is this all. The gold production of 1898 was of greater value than the combined value of the gold silver produced in any one year previous to 1890, if the silver be estimated at its coinage value, and greater than the combined value in any year previous to 1895 if the silver be estimated at its commercial value.

Great Foot Ball Contest.

The great Bucknell-State College football game at Athletic Park, Williamsport, Pa., on Saturday, Nov. 4th will be an exciting contest, well worth seeing. The game will open at 2:30 p. m. The fact that all the roads entering Williamsport will sell excursion tickets at one fare for the round trip good on all the trains, will give every body a chance to attend. The regular and special trains will enable all visitors to return home after the game.

Used by British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Galishie. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." For sale by F. Potts Green, druggist, Bellefonte.

Big Potatoes.

Jonathan From, who lives on the Leathers farm near Mt. Eagle, had a big potatoe crop this year—350 bushels from 1 1/2 acres of ground. Some of them weighed as much as two pounds. From says they are democratic potatoes, as they have their eyes open this fall.

RECENT DEATHS.

Mrs. F. PEEBLES GREENE:—On Saturday evening at 11:30 o'clock Levenia E., wife of Peebles Greene, passed away at her home this place. Deceased was born at Philipsburg, Centre county, Jan. 20th, 1835 making her age at time of death 64 years 9 months and 8 days. Her maiden name was Burris and she was married June 14th 1857 to F. Peebles Greene at Iowa City, Iowa. She is survived by her husband and the following children: Ida M., of Bellefonte, Edgar B., of Altoona and Elmer C., of Erie, Pa. The youngest daughter, Anna R., died on August 20th, 1899. The funeral took place Tuesday afternoon. Interment in the Union cemetery.

MISS RACHEL A. HICKLEN:—Died at her home in Unionville, Saturday evening. She had been ill for over a year with a complication of diseases. For about twenty-four years of her life or up until within a year ago, she was a resident of Philadelphia. Deceased was born in Chester county and was in her sixtieth year. She was an aunt of our townsman Cheney Hicklen and leaves three brothers and one sister namely: Enos T. Hicklen, of Mt. Eagle; Harlan Hicklen of Allegheny City; John C. Hicklen, of Philipsburg and Mrs. Sasie Tipple, Duluth, Minn.

MISS ANNIE SHAUVER:—Aged 19 died at the home of John Raymond on the Curtin farm near Bellefonte Tuesday, 24th, of consumption. She was the daughter of Isaac Shauver of Black Hawk. Interment in the Union cemetery.

JOSEPH W. SNOOK:—Died on Thursday, 16th, at Levenia, in Brush Valley, aged 63 years and 8 months. He is survived by five sons and six daughters. Deceased was formerly a resident of Sugar Valley. The funeral was held at Eastville Sunday morning at 9 o'clock.

HOW IT IS DONE.

The Philadelphia North American publishes a confession of a Philadelphia election repeater who in the past twenty years has cast five thousand fraudulent votes, in one instance voting four hundred times in one day. During his career he voted in every election division in the city. He did not give up the practice until caught and convicted and sentenced to four months imprisonment.

The man's story shows how easy repeating is when election boards are dishonest, and how impossible it would be if they could be depended upon.

The Business Men's Republican league, of Philadelphia, has for weeks past had a large corps of detectives working to unearth election frauds and has located many districts in that city where repeating is expected on a large scale, districts where the whole board belongs to the Republican party or where the minority officers of the opposite party were selected because they were in "caboot" with the others. These recent investigations have shown that a few men who understand the business can, in a large city, cast a very large number of votes, when the ground is prepared for them on ahead by the assessors and their way is made easy for them by the election boards. It is hoped to prevent much of this work at the coming election.

LOCK HAVEN TO SUNBURY.

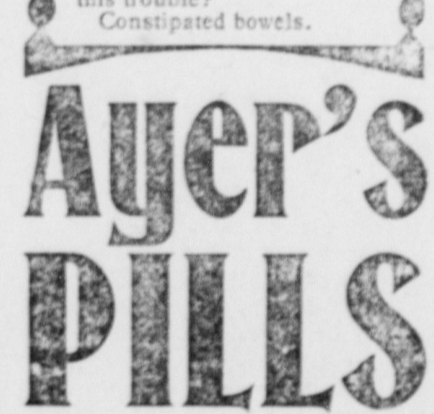

Announcement has been made that a trolley line extending through the West Branch valley from Lock Haven to Sunbury, with Williamsport as the central point, is soon to be constructed. The Railways Company General, of Philadelphia, which recently purchased the lines of the Montoursville and Watsontown companies, is said to be back of the big scheme. The lines recently purchased are about twenty miles in length and about fifty miles of road will yet have to be constructed to carry out the plan. It is understood that the routes between the different towns have practically been decided upon.

Take Notice.

If any of the citizens of Bellefonte have any book at their homes, belonging to the Young Men's Christian Association, kindly return them as soon as possible, as the library at the association is being remodeled and the books renumbered.

Do you get up with a headache? Is there a bad taste in your mouth? Then you have a poor appetite and a weak digestion. You are frequently dizzy, always feel dull and drowsy. You have cold hands and feet. You get but little benefit from your food. You have no ambition to work and the sharp pains of neuralgia dart through your body. What is the cause of all this trouble? Constipated bowels.

will give you prompt relief and certain cure. Keep Your Blood Pure. If you have neglected your case a long time, you had better take Ayer's Sarsaparilla also. It will remove all impurities that have been accumulating in your blood and will greatly strengthen your nerves. Write the Doctor. There may be something about your case you do not quite understand. Write the doctor freely and find how you can better be treated. We will promptly treat the best medical advice. Address: Dr. J. C. Ayer, Lowell, Mass.
