Chamberlain's Pain Balm Cures Others.

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.—ADOLPH L. BARN BURNED.—The barn on the farm of James Masden, about a mile and a quarter east of Beech Creek, was discovered to be on fire about eleven o'clock last Tuesday evening. Before anyone reached the burning building the interior was a mass of flames and it was impossible to get any of the animals out or remove anything except a wagon and a pair of sleds. There were three good heavy horses and a cow and calf in the barn, all of which it was supposed were burned. In the barn was all Mr. Masden's crops for the past season, including two hundred bushels of wheat. Also a steam threshing engine and separator belonging to James Gussallus. Mr. Masden had not one cent of insurance on the barn's contents. Twelve hundred dollars would be a conservative estimate of his loss. The threshing outfit was insured for \$400.
