# THE TRANSVAAL WAR.

The Boer Occupation of Cape Colony Continues Steadily.

ALL QUIET AT LADYSMITH.

## Boers Have Cut the Telegraph Wires Between Durban and Estcourt-General Clery's Proclamation of Warning to Protect Property of Loyalists.

London, Nov. 21 .- The reports of heavy fighting at Ladysmith last Wednesday have not been confirmed. On the contrary, the most reliable advices from Estcourt indicate that there was nothing more than a desultory cannonade. Probably the rumor of a serious engagement grew out of the fact that the Boers threw a few harmless shells late Tuesday night, leading to the supposition that an attack was imminent. Nothing, however, happened Wednesday.

A Ladysmith dispatch, sent by a runner to Estcourt, says: "All is well here, with nothing important to report. We are amply supplied with ammunition and confident of our ability to hold out. Information from outside is very scarce, but it is believed here that the Boers now investing the town are only a small force. Rain is hampering the Boer operations severely." The Boer invasion of Cape Colony

continues steadily and rapidly. There are 1,300 Boers at Colesberg, and news has reached East London that Lady Grey, near Aliwal North, has been deserted by the British and is now in the hands of the enemy.

The announcement from Durban that communication with Estcourt is interrupted seems to confirm the belief that a

LIEUT. GEN. SIR C. E. CLERY. Boer commando has established itself at Willow Grange, or near the Mool river, and has cut the telegraph wires.

The reoccupation of Naauwpoort is good news for the British. It is not known here from what point the troops came, but it is presumed they will not be long before Stormberg also estimated to be worth \$10,000.000. nort cot is reoccupied the gap in the Kikvorshberg, the last strong fighting position south of Orange river, and was admirably suited to Boer tactics. General Clery, acting under instructions from General Buller, has issued a proclamation that the government will exact full compensation for damage done to the property of loyalists. The Natal Witness says: The German farmers in the Greytown district have rejected the Boer ultimatum to swear allegiance or to quit their farms, and have defied the Boers to oust them from their homesteads. The Times announces that it is authorized to deny the statement recently made by a French newspaper that Prince Louis Napoleon, who is a colonel in the Russian army, desired to foin the Boers and asked Emperor Nicholas for permission. As a matter of fact he never had any such idea.

# ROYALTY BANQUETS ROYALTY.

## Mrs. Choate Was the Only Diplomat's Wife Present.

Windsor, Eng., Nov. 22 .- The state banquet which was held last evening in St. George's hall was an unusually brilliant affair. Queen Victoria received he guests in the King's Guard mamber, famous for its Gobelin tapestries. Troops of the Household cavalry, bearing lances, lined the grand staricase, while within the banqueting hall Beefeaters and Royal Yeomen formed a picturesque frings.

The queen sat at the center of the long table facing the Prince of Wales. On her right was Emperor William and on her left the Duke of Connaught. Mrs. Choate, wife of the American ambassador, had sixth place, sitting next to the Italian ambassador, Baron de Renzie Montanaro. She was the only diplomat's wife present. Empress Augusta Victoria sat on the right of the Prince of Wales, with Ambassador Choate in the sixth place on this side of the table, next to Princess Aribert of Anhalt. Lord Salisbury did not attend, owing to the death of his wife on Monday.

The guests numbered 140 persons, including all the members of the British royal family and the visiting royalties.

The massive gold plate used at the banquet, which was piled 15 feet high were from De Aar, in which event it on specially constructed sideboards, is

'I Know My Time Is Nearly Up, But Death Is Welcome."

# PRESIDENT TO ATTEND FUNERAL.

Accompanied by His Cabinet and Supreme Court He Will Journey From Washington in a Special Car-Four Vice Presidents Died in November.

Paterson, N. J., Nov. 22 .--- Vice President Hobart died at his home in this city at 8:30 o'clock yesterday morning. The vice president had been failing since late Monday afternoon, although the reports given out at the house were that he was holding his own. At midnight he became unconscious. At 7 o'clock yesterday morning he had an attack of angina pectoris, from which he never rallied. Mrs. Hobart, Dr. Newton, Mrs. Newton, who is a cousin of Mrs. Hobart, and Miss Alice Waddell, the nurse, were at the patient's bedside constantly from the time he became unconscious.

Mr. Hobart realized a few hours before he became unconscious that he was near to death, and said to those about his bedside: "I know that my time is nearly up, but death is welcome to me.

The funeral will be held on Saturday next at 2 o'clock p. m. The funeral will be attended by the president and his cabinet, the supreme court, the senate in a body and a large committee from the house of representatives, besides many other high dignitaries of the government, who will journey to Paterson to pay their last tribute of respect to the memory of the vice president. Every senator has been invited to be present, and the senate will meet at the Fifth Avenue hotel in New York Saturday at 11 o'clock and thence travel in a body to Paterson.

Sergeant-at-Arms Bright has engaged a special train to convey the president and his cabinet and the United States supreme court to Paterson. The train will leave Washington at 7 o'clock Saturday morning and will arrive in Washington on the return at 11 p. m. The services will be held in the Church of the Redeemer, at Paterson, and the interment in the family plot at Cedar Lawn, where the only daughter of Mr. and Mrs. Hobart was buried six years ago. Rev. Dr. Magee will preach the sermon. The church can accommodate not more than 800 persons, and it was suggested that the services be held in the Armory, which will accommodate 10,000 persons. But as Mrs. Hobart wishes the funeral to be as quiet as possible there is little likelihood that the program will be changed.

The mayor and aldermen of Paterson have suggested that the body lie in state at the city hall on Friday or Saturday morning, and this suggestion will probably be carried out.

The death of Vice President Hobart naturally recalls the death of Vice President Hendricks, who expired suddenly of paralysis of the heart Nov. 25, 1883. At the time the question of the succession of the presidency had not been settled by law, although Senator Hoar's bill providing for the presiential succession through the cabinet

# What Would You Give

## To be cured of catarrh? If you or your friends have this disease, you know how disagreeable it is. Its symptoms are inflamed eyes, throbbing temples, ring. ing poises in the ears, headaches, capricious appetite, and constant discharge of mucous. Fortunately its cure is not a question of what you will give, but what you will take. If you will take Hood's Sarsaparilla, the great constitutional remedy, which thoroughly purifies, enriches and vitalizes the blood, you may expect to be completely and per manently cured. The good blood which Hood's Sarsaparilla makes, reaching the delicate passages of the mucous membrane, soothes and rebuilds the tissues and ultimately cures all symptoms of catarrh.

# FOR ALL URINARY DISORDERS. The most FATAL and PREVALENT of all

diseases are those of the KIDNEYS, LIVER AND BLADDER.

The Kidneys are two tittle sieves through which all the blood in the body must pass once in every three minutes.

In a Healthy condition they filter all impuri-ties into the Bladder, thence out of the body. If diseased they clog and swell depositing Ur-ic Acid and other poisons into the system, causing Dull Pain in the back, Biliousness, Rheumatism, Gout, Dropsy, Gravel, Painful and Frequent Urination, Loss of Albumen (the life essence), and finally

The news of Mr. Hendrick's death was received in Washington late on the afternoon of Nov. 25. Notices were sent at once to all the members of the cabinet and a special cabinet meeting was held that night. President Cleveland's first act was to dispatch a telegram of condolence to Mrs. Hendricks, after which a proclamation was prepared making an official announcement of the vice president's death to the public, establishing a usage which was followed yesterday by President Mc-Kinley.

On the morning following Mr. Hendricks' death meetings of such members of the house and senate as were in town were held at the Capitol and committeemen from both legislative branches were appointed to attend the funeral services, which were held in Indianapolis on the Tuesday following.

President Cleveland at first expressed his intention of attending the funeral, but there was an immediate protest from all his advisers, seconded by the press of both parties, against his subjecting himself to even the

slightest possibilities of an accident incident to travel at a time when there was no provision for a successor in his office, and when his death might have entailed serious consequences. After some days the president deferred to the advice of his friends and remained in Washington. The cabinet, however, attended the funeral in a body and the supreme court adjourned over till after the services.

The law applicable to the vice presidency was enacted Jan. 19, 1886. It provides that in case of removal, death, resignation or inability of both the president and vice president, the secretary of state, or secretary of the treasury, or secretary of war, or attorney general, or postmaster general, or secretary of the navy, or secretary of the interior shall act as president until the disability of the president or vice president is removed or a president shall be elected. The effect of the law is not to provide a succession to the vice presidency, but merely to en-

sure a succession to the presidency. By the death of Mr. Hobart Senator William P. Frye, of Maine, becomes president pro tempore of the senate, and will discharge all the duties of the vice president as presiding officer of that body. Senator Frye accordingly will continue as presiding officer till the end of President McKinley's administration, unless he chooses to resign or the senate wishes to elect another senator to the office.

A curious coincidence of the death of Vice President Hobart is found in the fact that of the six vice presidents who have died in office four died within a few days of the same day of the month in the year of their deaths, the death of Mr. Hobart being Nov. 21, 1895, that of Mr. Wilson, Nov. 22, 1875; El-bridge Gerry, Nov. 23, 1814; Mr. Hen-dricks, Nov. 24, 1885. The other two vice presidents who died in office were Clinton and King. The former died April 20, 1812, and the latter April 17,
