THE republican insurgents in this state have issued another proclamation against the Quay people in which they declare that bossism must be put down for the good of the state. They make a good claim but when they have an opportunity to do such a thing they never come to the scratch in the proper way. Why did not these professed reformers turn in and elect Jenks for Governor and a democratic legislature? and the Quay gang would have been turned out of office and power, instanter. No, that they would not do; as Jenks would have given what they have been asking for. These reformers dont seem to see the opportunity when it presents itself; probably they dont want to see it that

THE war in the southern part of Africa has been growing intensely interesting the past few weeks. The English government has been sending the flower of their army down there to tackle the Boers, and to their surprise thus far have been meeting with defeat in almost every instance. This has greatly aroused the people of England, and there is much disgust shown at the manner the war has been conducted. Sentiment has been changing wonderfully of late in regard to the wisdom of this crusade for the purpose of extending their territory. It is considered as unwarranted and unjust. The conservative element are not slow to denounce this spilling of blood simply for the and New York have been broken in the glory of the English arms, and that has efforts to get the meat to the Atlantic not even been realized.

We have a great many names on our list to whom the Centre Democrat is sent regularly each year as a Christmas Gift. The most realistic melo-drama that has ever been placed before the public is about to appear at Garman's Opera House on Dec. 18th, when W. F. Wamster, the successful theatrical manager, will present the Train Robbers a decidedly clever and interesting play. The 4 acts are full of exciting and thrilling scenes and the specialties introduced between the acts are some of the finest ever seen on the stage; the members of the Co., are among the most clever in the profession. The song, dances and other specialties that are introduced are among the best ever seen on the stage. Everything is brand new and up to date and the real locomotive carried by this company is a decided novelty.

Stave Mill Burned.

Saturday night, Dec. 2nd, the stave mill situated southeast of Millheim, in Haines township, belonging to J. W. Stoner, caught fire, and burned to the ground. It is supposed that the flames originated from a pit in which the edgings were burned. Besides the mill there were 4,000 staves burned. Loss

GLARING BALLOT FRAUDS.

Proof of this has been plainly manifested by the recent developments in the Thirteenth division of the Seventh ward of Philadelphia, where, at the last elec-tion, Federal officeholders from Washington, at the head of professional ballot-box stuffers, took possession of the polls, and in that single precinct cast bundreds of false and fraudulent votes.

Believing that the wise policy of President McKinley and his national administration should receive the loyal support of all true Republicans, and that the principles of the Republican party should be maintained in both State and nation, but fearing that the corrupt and destructive practices bereinabove recited may cripple the power of the Commonwealth as a factor to that end, and stay her hand when most needed, we call upon all who be lieve in these principles to unite with us in the purpose and effort hereby proclaimed

KARTHAUS WILD LANDS.

The Renovo Record says it is rumored Karthaus wild lands about a year ago were making some examinations lately with the view of starting up a fire-brick manufactory. There is no question about material. There is an inexhaustible supply of fire-clay there and it would seem foolish not to develop them at this time when the demand for fire-brick largely exceeds the supply. It is thought the syndicate is making arrangements to carry into effect its plans soon after the

.Rush spring season opens. In reference to the Kettle Creek railroad the Record says the letting of the contract for constructing the railroad from Cross Forks to the coal lands of Mann & Kintzing, by the Goodyears to Mr. Greco, will set at rest much speculation concerning the building of the road. T. Harshberger, liveryman . Milesburg | The work will begin on the 1st of January and will be pushed through with vigor until its completion.

Here for the Winter.

A Salvation Army has come to Tyrone and will remain there during the winter. They conduct meetings every evening excepting Monday. The Gospel workers also hold open air meetings which are conducted by three lady members of the army, whose singing is above the ordinary and pleasing to the ear. This is the best streak of luck Tyrone has had for some time.

Big Return From Poultry Sales.

Centre county farmers will have good returns from their poultry this fall, eight carloads having been shipped to eastern markets for the Thanksgiving trade, which only represents about half the poultry yield for the market, the remainder being reserved for the holiday trade. A conservative estimate places the value of the poultry raised for market in this county at not less than from \$12,000 to \$15,000.

A Gift to Give. It is often difficult to decide what to

get your friends for holiday gifts. Here is a suggestion: "Good morning, Jennie, I have brought you a nice present," said Gertrude, as

she handed her friend a neatly wrapped package. The pale, weary looking girl, who was slowly recovering from severe illness, opened the bundle and held np a large

bottle of clear, rich medicine. "Hood's Sarsaparilla!" she exclaimed. "I have been reading about it to-day and wished I had a bottle.

On New Year's Day Jennie was able to be out on the street, and to her friends who remarked how well she was looking she was looking she simply said, "Hood's Sarsaparilla," and every one of them knew it was this great medicine that had given back her health.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous liming of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
