Happenings In And About Bellefonte.

PERSONALS, SOCIAL EVENTS

Items That Are Worth Noting in a Few Lines—What Has Transpired in This Community During the Past Week—Movements of Our People.

—Special Muslin Sale now on at Aikens store, this place.

—Last week Jesse Cox moved his livery from the old stable in the rear of the Bush house.

—Miss Valeria Shisser, of Detroit, Mich., is a guest at the home of Mrs. Louisa Bush on South Spring street.

—Mrs Clevan Dinges departed Tuesday for Williamsport where she will spend a week or two among friends.

—Edward Rine has been appointed driver for the Adams Express office at this place to succeed Stewart Matthew, who has resigned.

—Dr. C. A. Van Valin, has entirely recovered from his recent injuries and has again opened up his dental parlor in the Woodring building.

—Carrie, the five year old daughter of Sam Hazel, former of the Watchman office, is ill with scarlet rash and their home on Bishop street is quarantined.

—Mrs. Wilbur F. Reeder left last week for Knoxville, Tenn., where she will visit her sister, Mrs. Joseph Ervin Borches, nee Miss Mary Wooden Jackson.

—If others in Bellefonte were as much interested in the erection of the Soldiers Monument at the county seat as Comrade Sam. Williams, the thing would go along with a boom.

—Dr. M. J. Locke, who has been sojourning at Atlantic City for the benefit of his health, arrived home last Thursday evening, entirely recovered from his recent serious illness.

—T. M. Longwell has resigned his position at the Pennsylvania Railroad Company's freight office of this place, to accept a position with the Central Railroad of Pennsylvania.

—The I.O.O.F. of this place will hold their annual banquet on Friday evening, February 23, 1900, in their spacious rooms at this place. This always proves an enjoyable event and is largely attended.

—Grain fields in this section of the state show evidences of winter scorching. Some fields last fall were damaged a trifle by the fly. It is the freezing and thawing that breaks the roots and kills the plant.

—On Saturday evening Feb. 10th the Thespians from State College will present Goldsmith's comedy "She Stoops to Conquer" at Garman's Opera house. It is a three act play and the College boys are said to be very clever in it.

—J. B. Gentzel recently took a car-load of horses to Davis, West Virginia, and another car-load to Buffalo, N. Y. Upon his return he will leave for the west to buy up a car-load of horses especially adapted for Pennsylvania farm use.

—J. P. Gephart, of Zion, Pa., was in our office this week to inform us that he had accepted the agency for a work on the "Life of Moody," an edition supervised by Mr. Moody's son, Wm. R. Moody. He will call upon the people of this community in the near future.

—Centre county will be 100 years old this coming season and that is the proper time to lay the corner stone for the Soldiers Monument when we hold that celebration. The events should be combined in a grand celebration. Let some one take this matter in consideration and formulate plans for their proper observance.

—Very little attention is given in this issue to local boro offices, owing to the demand for space for other matter. Next week we hope to carefully review the field and discuss some important matters in that connection. There is entirely too much indifference shown by taxpayers in the selection of candidates for the nominations. We think there were some decidedly unfit selections made this year.

—February 2nd, last Friday, was Ground Hog day and that is the time when whether prophets get in their work. The day had considerable sunshine and according to their prediction the Ground hog was frightened by his shadow and retreated to his nest to hibernate for the coming six weeks, on account of the prospective cold weather. Immediately following there was a spurt of cold weather, that was in accordance with the prediction.

—There is considerable kicking about town that many property owners do not clean their sidewalks. That is an old story; there are many people who do not clean their walks or neglect it. The street commissioner is at fault here. It is his business to keep the streets and sidewalks in proper condition. If he don't attend to his business council should get after him with a sharp stick and remind him what he was appointed to do. Jump the street Commissioner for neglect of his duty. If people do not clean their walks he is the man to do it for them and charge up the bill against the property. That is the way to fix this little difficulty.

—Mrs. W. C. Cassidy departed for her home in Canton, Ohio, Tuesday afternoon.

—Miss Bernice Moore who has been spending the past two months with friends in Winber and Tyrone, was an arrival home on Monday evening.

—Peter Mendis was on Saturday naturalized as an American citizen by Judge Love. He passed a very creditable examination. Mr. Mendis is a native of Italy and has been a good citizen while in our town.

—In the South Ward the Democratic candidate for Inspector is Harry Walkey, instead of Henry, as was stated in the last issue. E. I. Gillen will allow his name to remain on the boro ticket for Auditor.

—Persons who go down to the match factory to inspect the plant can save that much unnecessary trouble because visitors are not allowed, and one and all are turned away. The factory will observe this rule in the future.

—There is only one authorized edition of the life of "Dwight L. Moody" and that is by Mr. Moody's family under the supervision of his son, W. R. Moody, and Ira D. Sankey. Mr. Crittenden has been requested to receive orders from any who desire the book in Bellefonte.

—A turkey dinner will be held by Gregg Post in their rooms on Washington's birthday, February 22nd. The dinner tickets are at 50 cents. There will be no restaurant in the evening as heretofore as all will desire to attend the Memorial exercises of the public schools to be held in the Court house in the evening.

—One of the taxpayers of this town called at this office and requested the editor to tear up the managers of the shirt factory for the waste of water by that institution in allowing their motor to run day and night. We know nothing of the facts in the case and would say, that is the duty of the Water Committee to keep it in surveillance. If there is an unnecessary waste of water by that institution, there should be a check put to it.

—Andy Lytle, of College Twp., was in town on Wednesday to settle up his duplicate with the County Commissioners as collector for that district. He is the first collector in the county who has closed up his duplicate for the year 1899; that is an indication that he knows how to handle the taxes in his section. The only trouble with him is his mistake in voting, but then he may out-live all that.

—Howard Spangler, a Centre county young man, was so badly frozen a few days ago that he will probably lose one of his arms and leg. He is a son of Sheriff Spangler, of Centre Hall, and was clerking in a store at Barnsboro. A few evenings since, he started to go from the store to his home when he was caught in a blizzard and losing his way was overcome by the cold. He was found later lying in the snow and taken to his home where medical attendance was summoned. It was found that both of his feet and both hands were frozen. The doctors say that his right arm will have to be amputated and possibly one of his lower limbs, in order to save his life.

—Director of the Census Merriam suggests to the agriculturists of the country that they use some of their spare time between now and next June in thoroughly preparing themselves to answer promptly and accurately the questions relative to the acreage, quantity, and value of all farm products, animal and vegetable; the cost of fertilizers and farm labor, and in fact all the items of farm operations for the calendar year 1899, which the census enumerators are by law compelled to ascertain. This, he says, will result in a full and accurate census.

—A physician in Norristown, Pa., prescribes sauerkraut, with excellent results. He claims that the fermentation in the sauerkraut, which is the same as that which takes place in wine, gives just such strengthening and tonic qualities to this juicy food as wine has, only, whereas the tonic effect of wine is but temporary, that of sauerkraut—a solid substance, that is digested and completely absorbed by the system, is permanent.

—On Sunday afternoon the large barn owned by Christ Eckley, and located on his farm at Morristown, Benner twp., caught fire from some unknown cause and was burned to the ground. The building with all its contents of hay, grain and implements, was burned together with a horse and two cows. The loss will be about \$2,000, partially covered by insurance.

—The "Little Blue Book." A neat, compact pocket volume containing the time-tables of all the railroads in Pennsylvania. Should be in the possession of every traveling man, hotel, business man and business firm in the state. It is published monthly, with all corrections up to date, at one dollar per year. Single copies ten cents. Mailed on receipt of price. Address, "LITTLE BLUE BOOK," Milton, Pa.

—Some poets are made by writing magazine poems that nobody can understand. The book that is not worth reprinting becomes in time a rare literary curiosity.

New Clothing Store. On Monday evening Sim Baum left for Philadelphia, Baltimore and other points to select a new stock of clothing and gents furnishing goods with which he will open a new store in Bellefonte, on or about March 1st. It will be located in the present vacant room of the Reynolds's Bank Building, Allegheny street, next to Kurtz's book store.

Sim. Baum is well known to many of our readers, having been connected for twelve years with the well known firm of Messrs Montgomery & Co., this place, as a buyer and salesman. He has had ample opportunity to study that line of business and understands just what the public needs and how to supply it. He is a clever, industrious young man and will be sure to attract trade to his place of business. He says that he proposes to have a large stock, carefully selected, and bought at such prices that will make it interesting to the public to come and see him. Then everything will be brand new and the latest selections on the market.

He will name his store "SIM THE CLOTHIER" and cordially invites his numerous friends and acquaintances to pay his store a visit to see how the new venture is prospering.

Rev. Dr. Shields Dying. A dispatch from San Francisco, under date of January 21, says that Rev. D. H. Shields formerly of Curwensville, at one time Chaplain in the regular army, but who was dismissed from service on account of drunkenness, was picked up near the Clay street wharf in a dying condition this morning and was hastily conveyed to the city receiving hospital, where he now lies in a precarious condition. It is evident that want and starvation have reduced the former army chaplain to the physical wreck he is now, without friends or money enough with which to secure a meal, exposed to the cold rains and winds, and but thinly clad, the wretched man had dragged himself about the city's streets for the last three days and finally collapsed through sheer exhaustion. His pulse was very weak when brought to the hospital to-day, and the physicians gave it as their opinion that he might not survive. Shields is too weak to talk and has made no statement since picked up at the water front.

No Statement This Week. Last week we announced that the Annual Statement would likely be issued this week, but it will be delayed until next week. The reason for this is not with the printer, as the Auditors have not been able to get through with their work on time. The reason for that is, they have run up against quite a number of accounts that require extended investigation. It is also hinted that they intend to make a number of surcharges in the accounts of some of the county officials and are tearing up the sod in an unpleasant shape. Just as to what they are doing it is premature to say, must wait until their report is filed. The former board of commissioners are receiving their special attention.

Major Hastings Sentenced. Major William Henry Hastings, a brother of former Governor Hastings, who on September 26th, last, pleaded guilty to three indictments charging him with making bogus invoices for goods and of obtaining \$5,000 by false pretense, was sentenced Friday to two years and six months from the day of commitment. The major has been in prison almost five months in Philadelphia.

General Louis Wagner, president of the Third National bank, was the prosecutor against the major, and it was contended that he made the bogus invoices for goods alleged to have been shipped to Australis. The offense occurred in 1895, but Major Hastings left the country a short time after.

He went to Paris and made his presence there known to former friends here by writing numerous scurrilous letters in which he made the most absurd charges against his brother who was governor of this state. The major became entangled in some frauds in Paris and was arrested. He was released and came here to Bellefonte, his arrest following.

Caused by Fever. Mrs. Mary Zindle, wife of Chas. Zindle, of Snow Shoe, has been declared insane from the effects of an attack of typhoid fever. She was brought to Bellefonte Saturday night and was taken Tuesday to the asylum at Danville for treatment.

Shipments of Lumber. At Harrisburg a charter has been granted to the Northern Susquehanna railroad company, to build a line from the mouth of Bailey Run, Potter county, to Sinnemahoning, Cameron county, capital \$160,000.

Not an Aspirant. The Philadelphia Press is authority for the statement that former Governor Daniel Hastings is not a candidate for delegate to the Republican National Convention from this district.

Announcement. FOR ASSEMBLY. We are authorized to announce the name of J. H. WETZEL, of Bellefonte boro, as a candidate for Assembly, subject to the decision of the Democratic County Convention.

We are authorized to announce the name of J. W. KEPLER, of Ferguson township, as a candidate for Assembly, subject to the decision of the Democratic County Convention.

RECENT DEATHS.

JOHN WAGNER, SR.:—One of the oldest citizens of Bellefonte, died Sunday morning at 3 o'clock, at his home on South Spring street, from illness incident to old age, he being past ninety-three years of age.

His parents moved from Bucks county to Haines township when Mr. Wagner was quite young. In early manhood he bought a farm for himself, and was united in marriage in 1827 to his first wife, Miss Helen Collier. His first wife having died, he afterwards wedded Miss Sallie Weisser.

Deceased is survived by his aged wife and the following children: Katherine, wife of Daniel Gathagan, of Assheton, Ill.; Emeline, wife of Michael Hess, of Shingletown; Susan, wife of Adam Wagner, of Bellefonte, and Henry, who when last heard from was in St. Paul, Minn.

Mr. Wagner left his Haines township home in 1837 for the vicinity of Boalsburg, and in 1859 he established his home in Benner township, but, on his retirement from active work in 1868, he settled permanently in Bellefonte.

The funeral took place from the house Wednesday morning, Rev. T. Levan Bickle officiated.

He was one of the few men in this section who accumulated a fortune on the farm, his estate being estimated at considerably over \$100,000.

FRANCIS MCMONIGLE:—Died at the Blair County alms house, Monday afternoon, from injuries sustained by being struck by a train while walking along a track. Francis McMonigle was aged about 36 years. He was the son of John and Nancy McMonigle, and was born on the McMonigle homestead near Mount Pleasant church, about three miles from Hannah Furnace, Centre county, where his parents reside. He had been a resident of Tyrone about six years. About four years ago he was married to Miss Maude Closson, who survives him. Besides his parents and wife, two sisters and three brothers survive.

MRS. ANNIE MCCLELLAN:—Wife of Geo. D. McClellan, of Holt's Hollow, near Milesburg, died at her home on Thursday morning 31st, of consumption. She was about 36 years of age. Interment in the Union cemetery in this place. The following children survive this union: Normend, Kythe and Allan.

BENJAMIN AKEY:—Died at his home in Milesburg, Saturday, of infirmities incident to old age. He was 81 years old and leaves a wife and several children. The funeral took place Tuesday afternoon from the home of his daughter, Mrs. Barnhart. Interment at the Milesburg cemetery.

Important to Business Men. The Centre Democrat will issue soon in supplement form a classified business index of the professional, commercial and manufacturing interests of Centre county. The index, besides being in supplement form, will be printed on 2,000 cardboard charts, which will be distributed free and will be hung up in all public and business places throughout the county. In such publication, which will be a valuable reference, every live business man's name or profession should appear. The gentleman having this enterprise in charge will call on the Bellefonte business firms and professions this week and explain fully this useful enterprise.

Get Around. A writer in the New York Sun says that one of the leading life insurance companies tabulated its mortality, classifying by occupation, forty-nine in all. According to this table merchants, dealers and traders stand number nineteen on the list, lawyers sixteen, and commercial travellers, first. It would therefore appear that, if you wish to live to a good old age, you should get around as much as possible and enjoy frequent changes of scenes, see new faces, and vary your diet as much as possible.

Taking the Census. The work of taking the next census will commence June 1. The compensation is fixed by section 17 of the act of March 3, 1899, at a minimum rate of two cents for each living inhabitant, two cents for each death, fifteen cents for each farm and twenty cents for each establishment of productive industry. The compensation will not be less than three or more than six dollars per day of ten hours of actual field work.

A Grangers' Town Sold Out. W. A. Mitchell, of Chicago, purchased at master's sale, the plant of the Patrons National Manufacturing company and 602 acres of land known as Mildred. The price was \$34,000 Mildred was projected some five years ago by a number of grangers who intended to form a model manufacturing town where farm implements for the entire country would be made. The scheme was a failure.

The Muslin Sale, at Aikens store, is attracting attention this week. It is important for the ladies to take note of this.

REVENUE ON JUDGMENT NOTES.

Of late there have been a number of articles in print to the effect that the Revenue Department had made a ruling by which it was necessary to place a 50 cent special revenue stamp on a Judgment Exemption note. This was clipped by us sometime ago and printed and raised a great many inquiries from parties who were having sale this season.

In order to settle the matter definitely the question was submitted to Cashier Charles M. McCurdy, of the 1st National Bank, who wrote to the department and enclosed one of the notes in use by all the banks at this place and issued by us to farmers for use at their sales. To that he received the following reply this week that will clear up any misunderstanding.

"You are advised that the form of instrument submitted by you is subject to taxation as a promissory note only, at the rate of 2cts per \$100 or fraction thereof of the face value."

Therefore there is no change, only you should be careful not to use a note containing a "power of attorney" clause, which requires 25cts additional, which were in common use prior to the recent revenue act.

There are some exceptional bargains at the Muslin Sale, at Aikens store this week.

Are Obligated to do Their Duty. It has been decided to put into the hands of every constable of the state a copy of the game laws requiring each constable to perform the duties of a game, forestry and fish warden. Heavy fines are to be imposed on those officers who refused to do their duties in these capacities.

"Necessity is the Mother of Invention." It was the necessity for an honest, reliable blood purifier and tonic that brought into existence Hood's Sarsaparilla. It is a highly concentrated extract prepared by a combination, proportion and process peculiar to itself and giving to Hood's Sarsaparilla unequalled curative power.

Its wonderful record of cures has made it America's Greatest Medicine. Rosy Cheeks—"I have good health and rosy cheeks, thanks to Hood's Sarsaparilla. It builds me up and saves doctor bills." Mary A. Burke, East Clair St., Indianapolis, Ind.

Hood's Sarsaparilla Never Disappoints. Hood's Pills cure liver ill; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

IS IT 19 or 20? Everybody and everybody's neighbor is discussing the century problem. They don't know whether it is the 19th or the 20th and neither side can convince the other that it is one or the other. Funny, isn't it, how opinions will differ?

Why, we know men and women who buy shoes at the "cheap" stores and think they are getting a whole lot for their money because the prices are low.

We've never been able to sell shoes at equally low prices because the men who make our shoes are good shoemakers, and must be paid right wages, and because they will use nothing but substantial leathers, which naturally cost more money than the trashy sorts.

But we give more shoe value for the money than any "cheap" store you know of.

MINGLE'S SHOE STORE. Lock Haven Markets. Prices of produce at the L. H. market Wed. morning were as follows: butter, per pounds 23 to 25c; eggs per dozen 18 to 20c; chickens, per pair 50 to 70c; ducks, per pair 80 to \$1; turkeys, per pound, live weight 10 to 11c; apples, per peck 20c; celery, per stalk 5 to 10c; applebutter, per quart 12c; potatoes per bushel, 40 to 50c; Cabbage, per head 5 to 15c; Oats, per bushel 35c; Onions, per peck 15c.

Bellefonte Markets. The following prices are paid by BECHLER & Co., for produce: Potatoes per bushel - 40; Eggs per dozen - 18; Lard, per pound - 12; Tallow, per pound - 10; Butter, per pound - 22; Wide, per pound - 18; Shoulder per pound - 10.

(GRAIN corrected weekly by Gerberich, Hale & Co., Bellefonte, Pa.) Red wheat per bushel - 67; Rye, per bushel - 40; Corn, ears per bushel - 30; Corn, shelled per bushel - 38; Barley per bushel - 35; Oats, per bushel - 33.

Coburn Markets. Following are the prices paid for grain by the dealers at Coburn: Wheat (old) per bushel - 68; Wheat (new) per bushel - 65; Oats, nine shelled - 35; Corn - 35; Rye - 35; Barley - 35.
