Unionville.

Geo. W. Rumberger, of Bellefonte, was a caller in our town this week. Messrs. G. W. Bullock and Veras Henderson, telegraph operators at Julian and Martha, were seen on our streets Saturday night. Both are fine young men and have lately joined the I.O.O.F. at this place.

It is hard to find a cleaner or better arranged store in any country place in the country than that of T. E. Griest, since he has finished painting and papering.

Next Tuesday is election; pay off all your old petty grudges. It makes no difference about the best men for the offices.

Rev. Walter Dice, of the Evangelical church of this place, was treated to a very pleasant surprise on Friday evening last. On answering a knock at the door he found not one, but about forty of his neighbors and friends laden down with good things. After recovering from his fright, the Reverend and his wife made everyone welcome. Rev. Dice is a very pleasant Christian gentleman and is held in high esteem by all who meet him.

This was demonstrated on Friday evening, as all demonstrations vied with each other in making him comfortable. This is as it should be. A good many of our church people are too gregarious for the advancement of the Gospel. Rev. D. received many useful gifts, and, after prayer by the pastor, all departed to their homes feeling that it was an evening well spent.

Will Eckenroth is home again from Allegheny. Did you notice the broad smiles on the faces of Harry Turner and George Hosband? Well, I guess Harry says it is a boy, and he thinks of naming him "Washington Dewey Bryan McKinley." George reports a girl and cannot find a name to suit him yet.

Frank Smith, of Pittsburg, is visiting friends at this place. Mrs. Susan Blair was called to the home of her daughter, Mrs. Brady, of Patton, by the sickness of her grand children.

Are the young ladies of our town behind the times? Well, I guess not! Feeling slighted that the men did not invite them to their banquet, they resolved to have one of their own, and they did at the Union Hotel. All of the hated male gender were forbidden to darken the doors. Not even the boys who did not belong to the lodge were allowed. It was lonesome, of course, but they tried to make themselves believe they were happy. And the cat! why they scared it almost to death. As it went through Julian. Was it a success? You should have seen the oysters disappear. Of course some of the girls would not go because the men were excluded. Our town stands first for "woman's rights."

Miss Mary Morrison, of Bellefonte, visited her parents over Sunday.

Dr. Kerns has a smile all over his face because a little dishwasher came to his place.

When the Coburn scribe gave the names of the aged people, of this place he missed some, namely: John Moyer, 85; David Feidler, 74; Michael Snyder, 72; Coxy, of High valley, 101.

Mrs. Mabel Boyer came up from Lewisburg on the Saturday evening train to visit her parents, Mr. and Mrs. John Kerstetter, and when getting off the train at Coburn, she dropped her gold watch. We hope the finder will return the same to Mrs. Boyer.

Ha! Ha! what is wrong with High valley that he dont come out any more? Was the ladder washed away by the last flood that you cannot come down? If so, let your neighbor know and he will help you down. I will now mention a brief item that occurred last summer in High valley. When Coxy was putting out his buckshead the scribe happened to pass by and saw Coxy coming down a steep hill with a rough lock on his harrow, to hold it back.

Fox hunting has become a great sport around here; poor Reynard is being run to death, his bones are seen running around with only a few hairs on.

James D. and Charley A. went out hunting last Saturday. We don't know how they expected to shoot anything as they stood in the field and snapped on their old guns for two hours before they went off.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
