Easter comes this year on April 15, and Lent begins on February 28. The date for Easter is unusually late, in fact is within one week of the latest possible date for the feast, the earliest being Shuey. March 21 and the latest April 25. -The new match factory will be known as the "Penna. Match Company.' The plant is now in operation but all the departments are not yet running. The steam from their engines and the hum of machinery makes it look like business.

-The new engine at the Phœnix Mills was put in operation last week and it works very nicely. It is 150 horse-power, and came from Providence, R. I. Wm. Barnes is the engineer and has a fine outfit. This improvement will largely increase the capacity of the plant.

-Mrs. Nora Reilly Thornberg, of Muncie, Ind., died at her home in that place, Friday, of quick consumption. She was 24 years of age and a daughter of John E. Reilly of this place. Her two brothers James and John Reilly, left Saturday for Muncie, Ind., to attend the funeral.

-Postmaster W. W. Montgomery has received a Doremus stamping machine for stamping the postmark on letters. This stamps letters very fast and in a legible manner. The machine can be operated either by hand or powder. This is a great improvement over the old way of stamping letters by hand.

-We have no special information this week in regards to the new county fair to be established at this place, sufficient to say that the information given last week came from the most reliable source. Everybody in Bellefonte is banking on it being ago this time. Some of our sports money in "flyers."

-J. W. Black, of Hanover, Pa., who has secured a position in the new match factory, is moving his family here this week. He will be accompanied to this place by the following persons for whom he has secured positions : Misses Missouri Bemiller, Vertie Bowers, Lillie Weisensale, Bessie Weisensale, Rena Black, Nora Brown and Mrs. Samuel Baublitz.

-Col. and Mrs. J. L. Spangler spent the past few days in town, the Col. remaining over to vote at the election on Tuesday. He came here from Cambria County and reports that the condition of his brother Howard, who is now in the hospital at Johnstown, is favorable for recovery although it may be necessary for him to submit to additional amputations of part of the hand and a foot snowstorm.

Like A Locomotive.

The locomotive is a good simile by which to illustrate the power of the press. It can carry mighty burdens; it can distance the fleetest bird ; when it is pushed across continents, it changes the channels of trade and makes new stations for commerce; when it is driven into the wilderness, savage beasts and savage men alike retire before it, and civilization, with ansoiled sandals, follows in its trail But it is equally strong when reversed, and when it forsakes the rails that makfor it a guide, the stronger it is the more complete the ruin.

How Are Those etc. Jos. L. Neff, auctioneer. THURSDAY, MARCH 17-Farm Stock: 5 head Shoes Wearing?

Perhaps you are one of the very large number of persons who bought shoes at this store within the last few months. If you are, the que-tion we ask above applies to you.

We are interested in every pair of our shoes that are in service. Our interest never ceases while the shoes "live."

We want to know just how the shoes we sell wear. If any make that we handle isn't up to the mark, we are just as eager to know it as anyone could be-and if you don't tell us how the shoes wear we can never know whether our shoemakers are living up to their con'racts or not.
