-J. C. Nason, who is lumbering in the mountains near Philipsburg, was in town on Monday and is carrying the marks of a half dozen boils and carbunkles on his neck. Like Job, of old, he is patient with all these misfortunes.

-Over \$125.00 was cleared by the dinner for the benefit of the monument fund last Thursday, which Gregg Post will seld to their fund. All the members of the post seem to be working in earnest to help this fund along and make the monument a reality as soon as possible.

-The ladies of the M. E. Church, at Roland, have an artcle in another part of this issue setting forth the claims of that church for the organ we propose to give away. They have called and examined the Cornish instrument and think it just what they need, and is one of the best

-Prof. Etters informs us that the contributions at the public school exercises on last Thursday were almost \$40, for the monument fund. At other points will be quite a large sum.

-Matthews Volk, the new operator at the Roopsburg brewery, is meeting with success at that plant. The product is pronounced by connoisseurs as equal to the best on the market, and is having a large sale in this community. Mr. Volk is a former resident of Tyrone, and in that line of business has had long experience.

-A number of our horsemen went to Centre Hall to day to attend the Gentzel and Beezer horse sale this Thursday afternoon. This company has the reputation of doing everything in good shape, and their calendars are at the head of the list this season, as far as we

-Wednesday W. M. Dukeman retired from the recorders office where he has served so efficiently for a number of years as deputy, and much of the time attended to the duties of the office himself. Mr. Dukeman is a man of rare Perical ability and the only reason that he leaves is that politicians demand that there be a republican deputy, and Mr. Robb found it advisable, only on that ground, that a change be made. Mr. Dukeman is open for an engagement and it will not be long until someone will be looking for just that kind of a man to

fill some position of responsibility.

-G. W. Ream, one of Gregg townships farmers, was in town and called to tell us that they had a lively Spring election in their township this time. In their precinct there are only a few republican voters who are kept there out of curiosity, more than anything else. That is where they roll up the heavy democratic majorities at the general election.

-The Penna Match Co., of this place, have been distributing samples of their product about town the past week and the goods are of the very best quality; should have a ready sale on the market. The sticks are nicely finished, and they ignite with little trouble. They failed to reach our office when the distribution of samples was made, and if they had known that we have money to burn and are run out of matches, they certainly would have come to our relief.

-The contest for the Cornish Chapel organ seems to be narrowing down to three contestants and as each is holding a large number of premium coupons or votes it is a little uncertain as to who may get the highest vote.
