HAPPENINGS IN CENTRE CO

What Our Army of Alert Correspondents See and Observe Worthy of Note—The Local Happenings of Every Community Will be Published if Sent in Early.

Hannah.

Election was very quiet. Wm. Miller and Dr. Dunwiddie are prospecting on the mountain for fire clay. Mrs. John Orwig visited her son Robert, of Loydsville, who is quite ill with malaria fever. Mrs. Alice Richards was a caller at the home of her mother, Mrs. Margaret Reese, Sunday a week. Mrs. Katharine McGrady has returned after a short visit to her son Curt, of Pailipsburg. James McMonigal and Amos Copenhaven are putting up a stove mill back in the ridges. Fred, next time you go to see your best girl, keep your eyes open and don't run into the wire fence and tear your clothes so frightfully. We understand there has been a wedding, our squire was seen going in that direction on three legs. We might state, any one wishing to marry will do well to call on "our squire" as he marries on tick. A. Boney recently bought of Samuel Hoover, a sorrel horse, it having been one of his well known driving team. We have a man in our vicinity who says he would have been a good Christian if it hadn't just been for a horse collar; what a pity. We understand ice will be cheap next summer, around Hannah, as George McGrady finished filling his ice house last Friday. Total number of loads being one and a half. Harry Chaney, wife and little son Clifford, are visiting the former's parents at Port Matilda. We are sorry to note that some of our boys treat Rev. McDonald with disrespect, by keeping up a confusion during service, and making remarks and yelling as soon as they get out on the road. Remember boys, you show disrespect for yourselves and community, as well as the house of God, by so doing. You have so far forgotten the old maxim, "Remember, a man is a man; every person, however humble his station or calling, is entitled to your respect as a man, and so long as you are ignorant of his having forfeited all claims to consideration, by criminal or scandalously immoral behavior, you should treat him with politeness; and if he is old, with marked respect. Age itself has a perpetual claim to reverence." Remember the motto boys, "With malice toward none and charity for all." Boys, don't be mean.

The exercises were very appropriate consisting of recitations, reading, and singing of patriotic songs. A party was to be given in honor of Miss Alma Viehderfer, last Saturday evening, at Gleason's, but on account of the terrible storm the young people did not turn out. Margaret Loy is still visiting in this place. Wonder where Prof. Butler was last week, that he disappointed the singing class. Perhaps Miss Maude can explain. On Saturday evening, of last week, a party was held at the residence of Austin Kerin, in honor of his little daughter, Martha, a few of her young friends were present and had an enjoyable time. E. church, delivered a very able address bearing on the honor due our heroic dead. Our township election passed off quietly, and to the satisfaction of the voters generally. Good selections were made in the officials, irrespective of party. Mrs. Osman, of this place, made a recent trip to Altoona and Hollidaysburg, visiting Rev. Dougherty made a business trip to Huntingdon county last week. The entertainment given by the schools of this town on the 22d was a credit to both the teachers and scholars, and was enjoyed by quite a number of friends and patrons of the school. The room was beautifully decorated with flags and evergreen and presented a pleasing appearance.

Dr. John Feltwell, of Altoona, will hold services in the Baptist church all of this week. He is assisted by Rev. Houck, pastor, Mrs. Feltwell, and Miss Hartman. The last two from Altoona. Elmer E. When the young men come around with that remonstrance, sign it. J. Willis Weaver, of Winbar, is visiting his father, Col. James F. Weaver, in this place. The schools of this place held a public entertainment in the City Hall, on Washington's Birthday. D. F. Fortney made a short, but very interesting address. A collection was taken up for the benefit of the Centre county soldier and sailors monument. MANY A LOVER Has turned with disgust from an otherwise lovable girl with an offensive breath. Although the weather was very unfavorable, there were quite a good many of the citizens there and all who were there were well pleased with the program they rendered.

Spring Mills.

Cold weather set in Saturday night. Quite a number attended the horse sale last Thursday, at Centre Hall. Sucker fishing has been a success for sometime. Washington's Birthday was observed on last Friday by our three grades of school in the town hall, with speeches, dialogues, songs, recitations. In connection they took up a collection for the soldiers monument which was \$7.60. Hiram Durst spent last week in Bald Eagle buying up walnut logs. Rebecca Finkel, after eating a hearty breakfast, was stricken with paralysis and died at nine o'clock. Interment last Thursday, at the Cross church, in Georges valley. Age 63 years. Her casket was one of the latest steel gray embossed plush. Boy SUFFOCATED:—A sad accident occurred on Saturday afternoon, at the grain house of J. D. Long, Spring Mills. Clarence, eldest son of merchant G. H. Long, with some companions, was playing about a car that was being loaded with wheat. He either jumped or fell into the bin, from which the wheat was rapidly passing into the race; in a few seconds he was drawn down and suffocated. Harry Osman, a lad of twelve years, jumped in and tried to rescue him, and almost met a similar fate. Harry's cries for help were heard by Elery Krape who thoughtfully shot off the wheat. The boys were taken from under about four feet of wheat, Harry alive, but Clarence dead. Clarence was nine years and four months old. He was a bright and active boy, a good scholar, had not missed a day of school for two years and had taken a prominent part in the exercises on Washington's Birthday, only 24 hours previous to this accident which has cast a gloom over the entire community. Interment at Spring Mills cemetery, on Tuesday morning.

Miss Myrtle Hastings spent Saturday visiting at the home of her uncle, Samuel Musser, of Baileyville. Edgar Gates and his lady friend, Miss Francis Rider, attended services at Ross' church on Friday. The worst feature about it was, they drove so fast coming home that the services of a horse doctor were needed the next morning; and this is no joke, either. Washington's birthday was very appropriately observed by our school. Rev. Runyan, of Stormstown, made a very excellent address on the Life and Character of Washington. Our little town can now boast of an orchestra composed of the following persons: Isaac Rider, Clarence Lemon, and Charles Hastings. Anybody wanting music for any kind of an entertainment can secure their services by applying to Ira Harpster, their instructor and manager.

Scotia.

William H. Felding, of Linden Hall, was a caller in our town on Friday. Gray Hartsock, of Paradise, spent Friday in this place. Vernon Geist was confined to the house last week with a bad cold, but is able to be out again. Andrew Gettig, teacher of the Grammar school at this place, spent Saturday and Sunday at his home in Linden Hall. The schools here held appropriate exercises on Washington's birthday and entertained the friends and patrons who called. The collection taken up amounted to nearly \$3.75. Last week Scotia Cornet band reorganized and intend to deliver some fine music this coming summer. A few years ago Scotia band was one of the finest in Central Pennsylvania but of late little interest has been taken. They still have many excellent musicians and their equipments are of the finest to be found anywhere. A number of our young people were to Pleasant Hill to attend the Washington's birthday exercises, held by Mabelia Norris' school on Friday evening. All those present had a fine time and some who are not present have been worrying about it ever since. For any further information on that line inquire of Ed. Markley. But how can he help regretting his absence when that little girl from the College just came for nothing, except to see him and was disappointed. Ed. says she's all right and we know he is not mistaken.

Walker.

Calvin Kling and John Smith have returned home from Harrisburg where they were employed in the State Hospital. The pleasant face of Miss Emma Sayers is again seen in our town, after spending several weeks visiting her sister, Mrs. J. Singer, of Scotdale. W. Miss Myrtle Cramer, of near Bellefonte, visited at the hospitable home of Mrs. Rufus Bierley. Mrs. Deitz, of Marsh Creek, visited her daughter, Mrs. John Lohr. Miss Marie Holmes has returned home from Philadelphia; she was accompanied by her sister Mrs. Bertha Hoffman. The heavy rain on Thursday morning of last week, did much damage to the roads, bridges, also the grist mill at the Gap, washing part of the arch away and damaging the racks so much that the mill cannot be run. The following are the officers elected at the United Evangelical church S. S.—Ast. Supt., Mrs. Jennie Hoy; Treas., Thomas Beightol; Libra., Mabel Beightol; Secy., Alice Harter; Ast. Kate Condo. C. E. William Wensel and son, Charley, spent Sunday at Blanchard. Clarence Robb, one of our young accomplished young men, took a load of our young folks to Howard last week. George Long is still no better, we hope he will be better at the next writing. Teachers institute at Eagleville was well attended, and the house was filled to its utmost capacity every session and especially on Friday evening. The exercises consisted in able addresses and discussions. Henderson Johnson, of Blanchard, favored them with a choice selection about the school directors. Prof. Clark beat them all. Miss Mary Gansallis spent a few days with her friends in Mill Hall. While she was there she attended a banquet, given by the Red Men. It was held in the lodge room.

Runville.

Every one should subscribe for the "Center Democrat" and learn what is going on in his own and neighboring town. Mr. and Mrs. John Markley, of Snow Shoe, spent last week at W. T. Shirks. Miss Emma Lucas, of Snow Shoe, visited last week with Miss Lulu Shirks. Mrs. D. F. Poorman, who has been on the sick list all winter, is slowly improving in health. James Witherite is paying 4c a bushel for coal, anyone wishing to contract should see him. The shingle mill is running full time. Mr. Shirks is making some very good shingles. Any one wishing to purchase would do well to see his stock. Protracted meeting is still in progress under the guidance of E. R. Hancock. Five penitents are still at the altar. We are glad the Yarnell scribe recapitulated on what he said about calling for him, for it would have been an awful task to have stood there calling for him during this cold weather. Washington's birthday was celebrated by the Runville school and the preparations were very appropriate for the occasion. Quite a number of the citizens attended, after which a collection was taken for the Curtin monument fund. The scholars then presented their teacher S. T. Williams, with a beautiful writing outfit. Daniel Poorman had a pig stolen last week. And Mrs. Friel missed some chicken. There have been three fellows from Moose Run seen around these premises, who it is supposed committed the theft. Boys, when you come back to take one of the girls, you will be caught. Take warning, we are onto you.

Nittany.

Miss Pearl Henry, one of Mackeyville's fair and accomplished young ladies, visited her many friends at this place, over Sunday. Mrs. J. H. Beck departed on Tuesday morning of last week for Mount Joy, Lancaster county, to visit her daughter, Mrs. Walter E. Brandt. We predict a pleasant time for her. George Kerns returned home after spending several weeks in Altoona. P. S. Rossman, Lawrence Ohl, William Harris and William Weber, Jr., who have been employed at Gaston for some time, returned home. Mrs. Hettie Tate is better at this writing, after an illness of several days. Mrs. Polly Dibler, of Shamokin, was the guest of Samuel Showers and family the past week. We had quite a spell of weather the

Julian.

Mrs. Chas. Murray is visiting friends at Tyrone. Philip Abrams, of DuBois, transacted business in our town last Saturday. Mr. Squires, of Penn Yan, N. Y., is a guest at the home of T. A. Ardell. James Davis and family are visiting at the parental home at this place. J. F. Davis lost a valuable horse last week. Mrs. Catherine Williams returned home last Friday after quite an extended visit to her daughter, Mrs. John Hoover, at Tyrone. Her granddaughters, Misses Bervadine and Grace Hoover, accompanied her home. The following sports from our town were to Bellefonte last Thursday night to see Hi Henry's Minstrels and reported it first-class: George Bullock, James Murray, Verse Henderson, Walter Turner, Arthur Irwin and George Davis. They did not care to face the windy man, so they hired a cab to take them to Snow Shoe intersection, where they boarded their side door Pullman for Julian. The entertainment given by the pupils of the Julian school was very good, and both teacher and pupils are to be congratulated. The piece, by twenty-four of the pupils pertaining to the life and fame of Abraham Lincoln, deserves special mention. The old soldiers were there and heard interesting talks on the war and the sterling qualities of Andrew G. Curtin. The little controversies that arose were rather amusing, but were settled satisfactorily however by our brilliant young physician, Dr. W. U. Irwin. The people responded liberally to the soldiers monument fund, and it is to be hoped that Huston township will make a good showing.

Yarnell.

The saw mill is froze up. The groundhog is no liar. D. W. Boyer was in Bellefonte, Saturday. Edward Coakley transacted business in Bellefonte Saturday. Chas. Shank, of Jacksonsville, has been making his abode with relatives at this place for some time past. It looks as though B. B. Lucas would continue at his old profession. Jas. Thorpe is again able to walk. Miss Esther Leathers, of Mt. Eagle, is spending a few days with relatives at this place. Rachel Walker returned to Cato, Monday, also J. E. Coufer and Jas. Siker, the latter is Cato's prozman. Orvis Fetzer spent part of last week lining up and boarding a sled for John Rocky. "If I can't spoon your daughter, I won't buy your butter." The above words were uttered, it is said, by the gentleman who spent Friday and Saturday at Guyer. It is not our intention to make enemies by these items, but when men tell us that which has happened, we jot it down if it is reasonable; we don't say we are eye witnesses to it all. The exhibition on Friday was an entire success, notwithstanding the inclemency of the weather. The attendance was good, by both scholars and guests. Rev. Denlinger, of Lancaster Co., is assisting B. J. Hummel in the revival. The former is a middle aged man and is said to be unmarried. SICK HEADACHES. The curse of overworked womanhood, are quickly and surely cured by Karl's Clover Root Tea, the great blood purifier and tissue builder. Money refunded if not satisfactory. Price 25 cts. and 50 cts. For sale by Krumrine Bros., Bellefonte, Pa.

Madisonburg.

"Old Winter" means business after all. Annie Miller spent part of last week among friends at Rebersburg. W. E. Keller had a very sick horse, but at this writing he is improving. Andrew Ocker and Geo. Kidder were out on hunting one day last week. Samuel Yearick transacted business at Millburg, on Thursday. Oscar Brungart and better half, of Salona, visited relatives and friends here last week. A. F. Hazel and daughters, of Unionville, were the guests of relatives and friends over Sunday. While on the mountain hauling logs Chas. Shaffer had the misfortune of injuring his leg to such an extent that he is housed up ever since. We hope he will soon be out as usual. It is with no inclination to boast when we say that the scholars of Madisonburg have long had the reputation of giving the best school entertainments in this end of the county. This statement was again verified on Thursday evening Feb. 22, when the schools united to do honor to the memory of Washington, Lincoln and Curtin. The large town hall where the exercises were held was crowded with people and all joined in saying that it was the best entertainment of its kind ever held here. Supt. Gramley was present and gave an able address on the life of Curtin for which he received the praise of everybody. Prof. Detwiler and Small must be congratulated for the excellent manner in which the pupils were trained and we wish them the same success in whatever they may be interested.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more. SCOTT'S EMULSION looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact. The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body. See and get all druggists.
