G. R. SPIGELMYER.

IN SUGAR VALLEY.

Rev. L. Dice and wife were given a good pounding Thursday evening by a number of United Evangelicals. Two quarrelsome women living in Centreville engaged in a free rough and tumble fight Monday noon; clubs were used freely. The same day Isaac Duck had his coat torn off his body by one of the machines on J. B. Barner's saw mill. The calithumpian band serenaded Jeff Herb in great style that night. Broncho Tom aroused much curiosity on Tuesday among the boys by exhibiting certain parts of his intended perpetual motion. In the afternoon of the same day Jacob Bixel rushed into the Journal office and wanted to punch ye editor's ribs for mixing his name and that of Jennie Armstrong with the marriage of his brother, William Bixel and Miss Herr. Wednesday noon John Geiswite hooked one of Daniel Brungart's horses to Em' Huber's truck wagon and started for Rhone's saw mill to fetch a load of sawdust. Below the town bridge the horse scared at some object and ran away, throwing the driver overboard, and freeing himself from the wagon, the animal dashed over a stump fence into a plowed field, where it quieted down. Herman Reuther threatens to spank his runaway wife if she ever returns, and a new baby girl invaded the home of Charles Swartwood early Tuesday morning.

Widows nearly always have words of praise for their late husbands, but it's different with sleepy wives.

When a friend gets married a bachelor looks dubious and interested, and a benedict wish and sorrowful.

A girl never regrets the loss of her good name—providing it is replaced with that of a nice young man.

'INCURABLE' HEART DISEASE SOON CURED.

Franklin Miles, M. D., L. L. B., Will Send \$2.50 Worth of His Specially Prescribed Treatment Free to Afflicted Readers.

To demonstrate the unusual curative powers of his new individual treatment for diseases of the heart, the nerves, stomach or dropsy, Dr. Miles will send, free, to any afflicted persons, \$2.50 worth of his new treatment.

It is the result of twenty-four years of careful study, extensive research, and remarkable experience in treating thousands of heart, stomach and nervous diseases, which so often complicate each case. So certain are the results of his New Individual Treatment that he does not hesitate to give all patients a trial free.

Few physicians have such confidence in their skill. Few physicians so thoroughly deserve the confidence of their patients, as no false inducements are ever held out. The Doctor's private practice is so extensive as to require the aid of twenty assistants. His offices are always open to visitors.

Col. N. G. Parker, Ex-Treasurer of South Carolina, says: "I believe Dr. Miles to be an attentive and skillful physician, in a field which requires the best qualities of head and heart." The late Prof. J. S. Jewell, M. D., editor of the Journal of Nervous and Mental Diseases, of Chicago, writes "by all means publish your surprising results."

Hundreds of "Incurable Cases" cured. Mrs. Frank Smith, of Chicago, was cured of heart dropsy after five leading physicians had given her up. Hon. C. M. Buck, banker, Fairbault, Minn., writes: "I had broken completely down. My head, heart, stomach, and nerves had troubled me greatly for years. Feared I would never recover, but Dr. Miles' Individual Treatment cured me after six well known physicians of Chicago and elsewhere had completely failed." Mrs. P. Countryman, of Pontiac, Ill., says: "several years ago when I sent to Dr. Miles for Individual Treatment, three physicians said I could not live two weeks. I could not walk six feet then; now I can do all my work." A thousand references to, and testimonials from Bishops, Clergymen, Bankers, Farmers, and their wives will be sent free on request. These include many who have been cured after from five to fifteen physicians had pronounced them incurable.

Address The Dr. Miles Medical Association, 201 to 209 State Street, Chicago, for free treatment.

Those officers who have been ordered to see that the late dog law is enforced would act very wisely if they would be awake to their duty. The so-called well-to-do people are no exceptions to the new law, but according to action their is an exception for the well-to-do people. Should this hydrophobia disease continue to exist for a year or so in our township and our farmers lose their stock, they will then more fully appreciate the value of such a law and will suffer to have the same put into force. However, it is always wise to be in subjection to the law, because every law is for each person's welfare.

Jack Dale, your scribe has been informed, has the appointing to do in Centre county, nor will other applicants even receive the examination. Law, civil examinations, and all things must be laid aside, and one mighty stroke made in Pennsylvania for the Old Man by the hangers on.
