DON'T SELL THEM.

We hear that parties are gathering up organ coupons for the purpose of selling same to whoever pays the highest price. In giving this instrument away it was the desire of the publisher that it be awarded to some school orchard that was in need of an instrument, and would not have abundant means to buy one. We refuse to sell extra copies of the paper because we do not want the securing of coupons to be a question of money. For that reason we ask our readers not to permit their coupons to go to any individual who makes a practice of soliciting them for sale. Let the organ be awarded without the buying or selling of coupons. Otherwise, much more money will be spent than the instrument is worth, and that is what we hope to avoid.

So Say We All of Us.

"I don't like its politics, but I must read 'The Post,' to get the news," said a prominent Republican State official the other day, "and the Democrats are to be congratulated for giving us our best newspaper."

We frequently hear remarks like this of "The Pittsburg Post," and when we think of its marvelous special cable and telegraphic service, its many features and the best pictures printed, accuracy of its market reports, its cleanliness, cheapness of price, and that all news-dealers sell it, there is not one reason why any Democrat should not read it.

Easter Services.

Religious services will be held in the Lutheran church, every evening during next week, at 7:30. On Good Friday evening preparatory services. On Easter Sunday reception, of members and Holy Communion, both morning and evening. A Church Extension service also by the Sunday School. Special Easter offerings both morning and evening. You are cordially invited to all these services.

The man who always wants his own way never goes out of his way for others.

ROLL OF HONOR.

It no doubt will be a surprise to the many readers of The Centre Democrat to find the customary Roll of Honor omitted from this issue. This time it would have been a record breaker, the largest in the history of the paper, because many papers date from April 1st, and for the further reason that many of our patrons (but not all who were in arrears) kindly responded to a recent appeal sent to them. The list of those who would have reached a total of 286, which is a fine showing and gratifying to us. Each subscriber who remitted during the past month will please refer to the red label bearing the name and you will notice that the date after same has been advanced for the amount of your remittance.

The Roll of Honor will be discontinued in the future for the reason that information has come to us during the past year, and frequently of late, that other publishers in this county have systematically followed up these lists and endeavored to capture our patrons by various forms of solicitation and appeals.

For fear that some may infer that we have suffered great loss in this way, we wish to say that the increase in patrons to this paper during the past year has been the greatest known in its history. The least number of copies printed is now OVER 2600 EACH WEEK, and we are not done growing either; nor is McKinley the author of this prosperity.
