VALUABLE:—This town affords great opportunities for investors, no doubt such men like the Wall St. men of N. Y. would invest if they knew it; for we have some people in town who, if they could be bought for what they are really worth, and then sold for what they value themselves, no better investment could be made. Of course we would not be able to buy and would not, even if we could.

It has been noticed by us, and is a candid fact, that some people of our vicinity if they are away from home two weeks and come back, even if brought up by German parents, it seems to affect the vocals of some people, and don't know a bit of the Old Language. No doubt if they would be taken to a high school of instructions they would, upon returning, faint at the ignorance of people and regret even their own home.

Elmer Confer and wife "nee Walizer" were given a fine entertainment outside the home of J. F. Sult, Saturday eve; but the best of all was the band of musicians did not remain outside, but opened windows and entered, hoisted, the married man. Then silence reigned for a while. Soon it was found he had escaped, and a neighbor observed him, and he was pursued across a plowed field and on to the public road, and after a warm run was seized, brought back to the point of start. The crowd, after extending congratulations and three cheers, the company left them to themselves (Elmer, de Smoke-towner sin dach net goes so doppich os do mainst.)

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is not ing but an inflamed condition of the mucous surface.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.
