7, 9 and 11 Crider's Exchange, Bellefonte. WHITE MOUNTAIN REFRIGERATORS

Some very important points to consider. If a refrigerator is not built just right it will not take long for the ice to eat up its cost. The White Mountain Refrigerators are built just right. They have a perfect system of cold dry air circulation founded on scientific principles. We offer them at the following low Department store prices. Ice chests \$1.50. Refrigerators \$1.99, \$2.48, \$2.98, \$3.47, \$3.96 according to size and finish. Anything special can be supplied promptly.

G. R. SPIGELMYER.

THE "OLD CENTRE DEMOCRAT."

Last Saturday we received a letter containing a dollar bill from a former Centre county resident who wanted the paper sent to his address. The following note accompanied it: "I would like if you would go back with me to the early 30's until I could tell you something about the Centre Democrat, when ex-Gov. Jno. Bigler was editor and proprietor, and at that time ex-Gov. Wm. Bigler and Judge Geo. R. Barret were apprentices and your humble servant every Saturday afternoon distributed it to the subscribers, for which service I received ten cents. What a trio of intellectual giants were graduated from that 'old Centre Democrat office.' Joshua T. McCracken published the opposition paper, called the 'Bellefonte Patriot' in a little frame building on the corner of Geo. Valentine's lot. Many spicy little articles were published in both papers, many of which are still fresh in my memory and would be interesting to read at this late day.

Yours truly,  
WM. P. ROTHSCHOK, Md.  
Floral, Kan.

### Law Unconstitutional.

C. R. Savidge, at Sunbury, last week rendered an important decision in the suit of James Judge vs the Enterprise Coal company, to recover \$500 kept from the plaintiff's wages to pay company store bills. His honor took the case out of the jury's hands and decided that the act of assembly of 1871, prohibiting coal operators and corporations from deducting bills from employes' wages, was unconstitutional. Judge Savidge said, however, that the company ran the risk of losing its charter for having a company store on its tract of land.

## "Trust Not to Appearances."

That which seems hard to bear may be a great blessing. Let us take a lesson from the rough weather of Spring. It is doing good despite appearances. Cleanse the system thoroughly; rout out all impurities from the blood with that greatest specific, Hood's Sarsaparilla.

Instead of sleepless nights, with consequent irritability and an undone, tired feeling, you will have a tone and a bracing air that will enable you to enter into every day's work with pleasure. Remember, Hood's never disappoints. Scrofula Eruptions—"An operation helped my son temporarily for scrofula bumps on his neck, but Hood's Sarsaparilla cured them to disappear entirely." Mrs. Lewis A. Carpenter, 51 Wadsworth Street, Hartford, Conn.

Catarrrh—"I have had no return of the catarrrh which troubled me for years, since Hood's Sarsaparilla cured me." Mrs. Joe Martin, Washington St., Ogdensburg, N. Y.  
Dyspepsia—"Nothing relieved me of my dyspepsia until I took Hood's Sarsaparilla. It cured me and I can eat three good meals every day. I give it to my children every spring." Fawn Foster, 437 South Penna Street, Indianapolis, Ind.

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

### Runville.

Mrs. W. F. Shirk is visiting her daughter, at Beech Creek. I wonder, Oh! I wonder, where the Yarnell scribe is? I suppose he is fishing. We all join in wishing him success in his studies this summer, and that he may be with us again.

ACCIDENT.—There was quite a wreck in Runville, on Monday afternoon, but it wasn't on the railroad, but was on the farm of Charles Lucas. While he was plowing along the side of a steep hill, one of the horses fell down and pulled the other down with it. That started them rolling. They rolled over each other eight or ten times, until they reached the level. They were tangled up with the butt chains, singletrees and plow so that they couldn't move until they were untangled. The plow was broken up but there wasn't a scratch on the horses. It was the biggest wreck in Runville since James Witherite fell off the bridge. Charles Lucas has plowed that farm for over fifty years and this is the first time he rolled down.

### Fairbrook.

Harvey Vonada, of Woodward, is circulating among relatives and friends here this week. Blaine L. Noll and Miss Sara Berly represent our town at the spring term of select school at Millheim. Success. Sam's unusually sad countenance has again given way to folly appearance since Artie returned home last week. E. W. Just stop and see for yourself. Prof. Martin will begin a term of eight week's school here on Monday. Prof. Martin is a graduate of Franklin and Marshall College. ### Millheim.

W. J. Harrison, of Danville, has leased the hosiery mill, and will be here this week to put the plant in condition to operate as early as possible. S. M. Campbell had an upset last week in the alley. The result was a run off, with a somewhat dilapidated wagon. J. C. Smith and P. P. Leitzell, had business at the county seat, on Monday. The Central Commercial Telephone Company had quite a time with the Commercial men before they got the switch pole planted. Those who never spent a dollar for the benefit or improvement of the town, nor own a foot of ground, do the most blowing and kicking when any improvements are made. This shows the folly of electing men to office who are irresponsible and incompetent. Miss Polly Keen, J. S. Miller and Mrs. C. W. Williams are on the sick list. Sanford Miller, of Lewisburg, visited his parents, on Sunday. W. F. Smith and Fred Hosterman went to the Seelingsgrove horse sale, on Monday. Mrs. Emma Springer was called to Millburg to nurse her sick child, Netie. The Smith auction is well attended, but prices are very low. George Royer, Harp. Reifsnyder, Will Royer, carpenters, and others went to Winburn, on Monday, after employment. Rob Harter was to Big valley, last week, where he bought a team of horses: Sheriff Brungart and T. P. Adams, of Bellefonte; Jas. Wert, M. F. Rossman, C. S. Fortney, of Tusseyville; Jas. Kimport, of Boalsburg and Fergus Potter, Esq., of Linden Hall, registered at the Samuel House on Monday. They were appraisers of the Samuel Brown estate. Antis Kuhl, of Rockford, Ill., was a visitor in town, over Sunday. Geo. E. Homan purchased a team from David Lingie, of Georges valley, and intends to stock his mill hereafter.

### Beech Creek.

Herman Smith, son of John A. Smith, is home on a brief visit from Jersey City, N. J. Measles are epidemic in this borough, there being a number of cases. They made a clean sweep through the township. The Northumberland Presbytery will meet in the Presbyterian church of this place next September for its semi-annual fall meeting. Miss Bertha McGhee, of this place, completes her term of school in Mill Hall this week where she has taught so successfully for three years. Prof. Ira N. McCloskey, of Lock Haven, has sold his farm in Liberty township, between here and Eagleville, to Charles Heimer.

Charles Rothrock, the accommodating agent at the B. E. V. railroad station, is recovering from a severe attack of pneumonia which has confined him to his bed for more than a week.

Mr. and Mrs. Edgar Holt, of Northumberland, Pa., were called to this place Saturday on account of her father, Mr. Johnson Gardner, who has been very low with pneumonia.

Beech Creek can boast of having as young a telegraph operator and station agent as can be found in the state, in the person of John Rothrock, son of Charles Rothrock. John is eleven years old, considerably under size and will not weigh more than sixty pounds. During the present illness of his father from pneumonia John has taken entire charge of the duties of the telegraph office, sending and receiving Western Union dispatches, making copies from the wire of telegraphic train orders, selling tickets, checking baggage and attending to the shipping and receipt of all freight.

### Wolfs Store.

Our farmers are sowing oats this week. The thunder shower, on Sunday evening, was warm and indeed very refreshing to growing vegetation. The grain fields look very promising, and unless something unforeseen damages them we will have an abundant harvest. The following persons were down with measles during the past week: Ambrose Douty, Harry Hosterman, Harry Zeigler and Florence Royer. J. E. Zeigler and wife visited at Rebersburg, last Sunday. Wesley Bletz, of Tylersville, was over here on business last week.

DIED:—Geo. W. Adams died last Thursday at his home, near Livonia; age 59 years. Mr. Adams was well known in Miles township, having carried the U. S. mail from Livonia to Rebersburg for a number of years. He was a member of the Reformed church. His funeral took place last Sunday. Interment in the Reformed cemetery at Livonia.

Edgar, son of Ira Brungart, is at this writing (Monday) seriously ill with pneumonia.

### Sugar Valley.

Kulp & Co., are shipping from 10 to 12 car loads of prop timber to Lewisburg daily from White Deer over their branch railroad. The old St. John's Lutheran church at Booneville has been torn down. A new and larger edifice will be erected on the same ground. Dr. J. A. Houtz, who was seriously ill with heart disease, is slowly recovering. David I. Price will erect a new barn in Greene township and Wilson Rishel and John Tyson will each erect a new house in Logan township this summer. Rev. Deorastler, of Brush Valley, was in Loganton on Saturday walking on crutches. He cut his left foot rather severely with a sharp axe the other day, while assisting several other men to haul timber for a stable. Another cow belonging to Peter Breon, who lives in Brush Valley, died from the effects of rabies. This makes four head of cattle and two head of sheep that farmer has lost on account of the canine madness in that locality.

### Woodward.

T. A. Auman, of Rebersburg, spent several days among his many friends, soliciting pupils for a spring term of school. We feel confident he will succeed

Double Header.

A can of trout fry recently sent from the Corry hatchery to the fish and game club at Reibston, Lycoming county, contained a trout that had two perfectly formed heads. The club is taking great care of the curiosity as they are extremely anxious to have it grow to its full size.

Want a Sunday Train.

An effort is being made by the citizens of Clearfield to have a Sunday train over the Pennsylvania road from Tyrone. This would enable the Clearfield people to visit Lock Haven on Sunday as there is now a train on Sunday from Tyrone to this city.

Another Fire at Eagleville.

Eagleville had another fire last Friday this time the property destroyed being the blacksmith shop and tool house owned by Frank Kessinger. The loss is about \$100 with no insurance. The fire is supposed to have been of incendiary origin.
