

# MANY FILIPINOS ARE SLAIN

## They Planned a Surprise, But Were Routed.

# OUR BOYS ARE PREPARED

## The Fight Lasted All Day—None of Our Soldiers Were Hurt But They Buried 120 of the Insurgents' Dead—An Ambush.

Manila, May 8.—News of a terrible slaughter of Filipinos in battle by a detachment of the Forty-third Infantry has just reached here from Java, on the Island of Leyte.

Lieutenant Estes, with a garrison of twenty-five men, occupied the town. He received a warning that the insurgents were planning an attack in force, relying on their number and a surprise to crush the Americans.

The lieutenant acted with all promptness. He posted sixteen men to defend headquarters. Then, with a sergeant and eight men, he planned an ambush for the Filipinos. He divided this force into two parts hidden behind walls, so as to command the road over which the attacking force must advance just at the time the attack was to be made.

The attack on the garrison began at daylight. There were 800 Filipinos armed with bolos and thirty with rifles.

The fight lasted all day, and finally the insurgents were routed.

The Americans buried 120 Filipinos. They captured a cannon, a silken banner and a large quantity of equipments and food.

None of the Americans were hurt.

### A REIGN OF TERROR.

#### Ex-Vice Consul Wildman Describes the Philippine Situation.

New York, May 8.—Edwin Wildman, ex-Vice Consul at Hong Kong, contributes an article on "A Reign of Terror in the Philippines" to Leslie's Weekly, of which the following is an abstract:

"Although General Otis would have us believe that the war in the Philippines is over, I learn from private sources of information of the highest authority that there exists a veritable reign of terror in most parts of the archipelago within a gunshot from our army posts. Either General Otis is blind to the situation or is keeping the real facts from the American people. Aguinaldo's forces have scattered into marauding bands, and are leaguely themselves with the mountain Tulsianes and Ladrones, terrorize the country and effectually check the cultivation of crops and the sale of marketable products.

"The few ports that have been opened have shipped away what little supply they contained, and the tons upon tons of hemp, sugar and rice that are stored in the interior are beyond the reach of buyers. The money paid for the thousands of bales of hemp shipped from garrison ports has found its way into the insurgent coffers, and the revolutionary juntas at Hong Kong and Singapore are making extensive purchases of arms, preparatory to a renewed season of filibustering and general hostilities as soon as the rainy season is over. Our army are busy protecting their posts, while the insurgents carry on their operations in the interior and paralyze agriculture and trade.

"If we ever hope to put an end to this Indian warfare we must send additional forces to the islands. Our present corps is totally inadequate to cope with the war to a close. The islands, commercially or otherwise, will be utterly useless until life and property are made safe."

### OTTAWA'S RELIEF FUND.

The Total is Now Well Over the \$600,000 Mark.

Ottawa, Que., May 8.—Premier Seddon, of New Zealand, has sent a cable to Sir Wilfrid Laurier informing him that the New Zealand Government has contributed \$25,000 to the relief of the Ottawa fire sufferers.

Among the most interesting gifts received so far towards the relief fund is one from the school children of Detroit, accompanied by a letter from Mayor Maybury, of that city. There were 700 children who attended a May Day festival in that city, and each sends a penny. Besides this, Mayor Maybury enclosed a draft for \$500, and intends to send many more until such time as the needs of the people are fully satisfied. The relief fund is now well over the \$600,000 mark.

### Passenger Train Wrecked.

St. Louis, Mo., May 8.—A washed-out trestle leading to the Big Bridge, south of St. Charles, Mo., caused the wreck of the "Katy Flyer," a fast incoming passenger train on the Missouri, Kansas and Texas Railway and resulted in the death of John Boyle, fireman, and the fatal injury of L. D. Palmer, engineer. The engine, baggage and smoking cars went through the trestle. No passengers were injured.

### General Garcia Captured.

Manila, May 8.—General Pantolon Garcia, the highest insurgent officer except Aguinaldo, was captured yesterday by Lieutenant E. V. Smith, of General Funston's staff, in the town of Jaen, three miles northeast of San Isidro, Province of New Ecija.

### Ex-Senator Douglas Paralyzed.

New Haven, May 8.—Ex-Senator John M. Douglas, one of the best known Republican politicians in this State, was stricken with paralysis while on a fishing trip to Gullford Lake yesterday afternoon. His condition is extremely critical. Mr. Douglas, for many years, was president of the W. B. Douglas Co., manufacturers of pumps, and president of the Farmers and Mechanics' Savings Bank.

### Mob Hangs Alabama Negro.

Geneva, Ala., May 8.—An unknown negro, about twenty years old, was lynched near here yesterday for attacking a twelve-year-old white girl near Hartford Tuesday. He was captured later and taken before the Mayor of Hartford for preliminary trial. The officers claim that when about three miles from Geneva they were overpowered by armed men, who took charge of the prisoner and carried him into the woods. He was found dead, hanging to a limb.

### Action of State Department.

Washington, May 8.—It is authoritatively announced that until the pending issue relative to the payment of the American indemnity claims is settled to the satisfaction of the State Department no United States Minister will attend at the Turkish capital, and Mr. Straus's leave of absence will remain as it is now, indefinite as to duration.

"Please convey to His Majesty, the Emperor, the most cordial congratulations and other cities."

(Frederick William III.)

lations of the President upon the arrival of His Imperial and Royal Highness, the Crown Prince Frederick William, at the age of majority upon May 6. The President desires also to express the best wishes for the continued good health of His Majesty the Emperor and of all the members of the Imperial family, and for the peace and prosperity of the German Empire."

### ARMOUR'S TRIP POSTPONED.

#### Chicago Packer, Improved in Health, Attends to Business.

Chicago, May 8.—Philip D. Armour has so much improved in health since his return from California that he has postponed his trip to Europe, on which he was to start May 20. For the last week he has devoted every morning to business at his office, familiarizing himself with what has taken place during his long illness and absence from his desk. He wishes to be perfectly familiar with the business as it stands to-day before leaving again. Besides this, the details of the pending consolidation occupy much of his time, and since his health will permit, he desires to close this up at once. Accordingly, it is his present intention to remain in Chicago for several more weeks at least.

### Tuberculin Job Killed a Doctor.

Winsted, Conn., May 9.—Dr. Edwin M. Heath died here to-day of tuberculosis. He was inoculating a calf with tuberculin when the instrument slipped and the point penetrated his own leg. Symptoms of tuberculosis appeared in his own system in a few days and medical science was unable to cure him.

# CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore or ulcer on your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, lip or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shirer, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear about the 1st of June. At first it gave me no trouble, but I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free.

Write our physicians about your case, and for any advice or information wanted; they have made a life study of Cancer and all blood diseases. We make no charge whatever for this. Address, THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.
