Kansas is Kicking.

A hard kick is being made in Kansas against the reckless stories sent out from that state in reference to cyclones. The Kansas City Journal says they are ready to accept almost any kind of a story about freaks of cyclones, but there is a deep and dangerous murmur rising from all parts of the state over that account of a wind in Hodgeman county which blew the lower story out of a barn, leaving the upper story with 10 tons of hay suspended in the atmosphere.

Fine Stock.

Jas. I. Thompson, of Lemont, recently came into possession of some genuine Jersey stock for his farm at that place. Last September 98 head of cattle were with all of its contents. A defective flue imported from the Isle of Jersey and \$30,370. Of this lot Mr. Thompson secured a half dozen head they are now at his farm near Lemont and can be seen any time. It is his intention to keep them for breeding purposes.

CENTENNIAL COMMITTEE.

Monday evening the Centennial Committee held a meeting and it was attended by the heads of the different committees. Reports were heard from each as to the progress that was being made. The various committees have elaborate schemes on hand that will certainly prove a great success if carried out as contemplated. In some cases the expense alone will prevent some of the ideas being taken up. The finance committee have sources of revenue, but there will have to be a liberal subscription from the citizens of the town to make the celebration a success. The reports from all sections of the county is that there will be a big turnout of citizens, as everybody is calculating upon coming to Bellefonte during the centennial. From all parts of the state we hear of former citizens of the town coming back to pay us a visit. The result is that we will have a big turnout, an im- township; Mrs. John Kauffman, Zion, mense crowd and it is to be hoped that no one will be disappointed by coming. Children's Day.

Children's Day in St. John's Lutheran church was a decided success. In the morning the pastor preached a sermon on, "Jesus and the Children," to a large congregation and baptized seven children. In the evening the auditorium and Sunday school room were crowded with a deeply interested audience. The church was handsomely decorated with flowers and plants, and the children rendered a beatiful and attractive pro grame, consisting of recitations, singing and addresses. The infant department, under the direction of Miss Lulu Stover, deserves special mention. A short address was made by the pastor, and a liberal offering made for the Tressler Orphan's Home at Loysville, Pa.

Commencement Exercises.

The closing exercises of the Bellefonte High School were largely attended and were in progress at the time this paper was printed. The address delivered in the evening by Emory Collins, Esq., of Williamsport, was a masterly effort and was highly appreciated. PASSING AWAY.

Veterans of the Civil war are dying off at a rate of about 31/3 per cent. per annum. Commissioner of Pensions Evans estimated that there are at present about 925,000 survivors of the Civil war. Of this number there were on the pension roll last year 742,467. During the year 24,787 pension veterans died. This number is slightly more than 31/2 per cent. Assuming that the death rate among those not pensioned is the same as among the pensioners, the total number of survivors of the Civil war who died during the year would be about 30,855. It is now more than thirty-five years since the end of the Civil war, and Commissioner Evans estimates that the aver-

age age of the veterans who still survive is about 59 years. Many are far beyond that age, and it is inevitable that the death rate should increase rapidly in the next few years. The last survivor of the war of 1812 died last summer, seventy-five years after the close of the Caterpillars Plenty.

Reports from all parts of Centre and Clearfield counties are to the effect that caterpillars are doing great damage to appeared in great numbers, and while there was every promise of a big crop of fruit, there now may be a shortage owing Friday morning as the passenger train to the work of the caterpillars killing the
