

The Racket.

7, 9 and 11 Crider's Exchange, Bellefonte.

Now Ready—Buttericks Delin-
erator, Fashion Sheet and Patterns
for July.

Last January (blizzards are ripe
about that time U kno,) I bought
1000 Fans. Up-to-date storekeep-
ers must have faith in the future—
Hot weather came as expected and
if U want a nice Fan for little
money kom to The Racket—prices
from 1 cent to 25 cents.

One of my clerks got his feet tan-
gled in the ribbon paper at the no-
tion counter last Saturday evening
and ———. Not much wonder.
Guess we sell about as much Rib-
bon as all the other shops in town
put together. The reason: right
quality, up-to-date styles, and no
MILLINERY prices.

ZONOPHONES—The New Talking
Machines—use flat indestructible
records. The Phonograph, Grapho-
phone or Gramophones are not in
it for a minute aside of this latest
idea. Prices \$18, \$22.50 and \$25.
They don't imitate, they talk, talk.

Boalsburg.

A number of our people attended the
commencement exercises at the Penna-
State College this week.

Rev. Hepler, Ex-Judge Riley, Scott
Bricker and Wm. Goheen were fishing
at Rock Springs last week and caught
56 speckled beauties. Wm. Goheen says
"the party will not divulge the number
caught by each individual." A little
bird told us Mr. Goheen caught 0.

Prof. and Mrs. Hower left the first
part of this week for Turbotville, Pa.,
where they will spend a month with
parents and friends.

J. M. Garbrick, one of the Harris
township school teachers, has been ad-
mitted, upon the recommendation of
Prof. Hower, to the Freshman class,
classical course, of Franklin and Mar-
shall College. Mr. Garbrick graduated
from the Central State Normal school
two years ago, and has, during the past
year and a half, been a private student
and will no doubt, be an honor to our
valley at Lancaster.

DIED.—Isaac Woomey, a well known
gentleman of Boalsburg, died on Sunday
evening at his residence. Mr. Woomey
has been sick for several years, part
of the time confined to his chair. The
deceased was 66 years of age and a
member of the Reformed church. The
funeral took place on Tuesday morning at 10
o'clock. Interment at Boalsburg, Rev.
A. A. Black officiating.

DIED.—Miss Margaret Sparr died
Tuesday afternoon at her late residence
below town, from a complication of dis-
eases. Miss Sparr was 82 years of age.
She had been sick but a short time. The
funeral took place this forenoon at Boals-
burg. The deceased was a member of
the Reformed church. Rev. A. A. Black
officiated.

This is an eventful week at Boalsburg.
On Tuesday evening at 7 o'clock Ed-
ward, son of Wesley Myers, and Miss
Virginia, daughter of Wm. Myers, in the
presence of a few guests, were married
at the home of the Bride's parents above
town. Many presents were received.
Rev. A. A. Black officiated. We wish
them a long and happy life.

Beech Creek.

A new station and telegraph office has
been placed at Monument within the
past few days, with night and day opera-
tions. John Metzger, of this place has
charge of the station during the day.

William Beschler returned last week
from a two month's business trip to New
Orleans, Louisiana. He left with his
family, who remained here with his par-
ents during his absence, for York, Pa.,
where they reside.

Last Friday morning a large black
snake, which measured four and a half
feet in length, was killed directly in front
of the door to the waiting room of the N.
Y. C. station. It was lying on the plat-
form basking in the warmth of the sun
when one of those waiting for the train
killed it.

The appearance of the roller grist mill
is being improved with a new coat of
paint. This mill is the oldest building in
this vicinity, having been built early in
the century by Michael Quigley, the
founder of Beech Creek.

Children's Day was observed by the
Methodist and Presbyterian Sabbath
schools with appropriate exercises. The
Methodist school held their service Sun-
day morning and a large audience was
present to hear the children speak and
sing. The Presbyterian Sunday school
observed the day by a special service at 7
o'clock in the evening. The main audi-
torium of the church was completely
filled by those attracted thither to wit-
ness the entertainment given by this
school, for which it has gained consider-
able of a reputation. The church was
tastefully decorated with June flowers,
ferns, palms potted plants in abundance,
ranked about the platform.

Axemann.

Edward Owens left this place on Tues-
day for Pittsburg, where he expects to
stay several months.

Miss Blanche Kaup is again seen on
our streets.

Chas Bacon and family visited at the
home of Mrs. Emma Dale, of Houserville,
on Sunday.

Calvin Greiner and wife visited among
friends at Millmore, on Sunday.

Misses Mary Rote and Rachael Scan-
lon are at present visiting State College.

Mrs. Calvin Burris Sundayed at the
home of her parents, Mr. and Mrs.
Ustah Stover, of Houserville.

Roland.

Mrs. Geo. Bridge, of Jersey Shore, re-
turned home on Tuesday, after a week's
visit with her parents, Mr. and Mrs.
Neff, of this place.

Miss Sue Holter, of Altoona, is at
present the guest of her aunt, Mrs. V. E.
Curtin.

ORGAN RECITAL.—A musical concert
was held in the M. E church on Saturday
evening last, and the new organ was
used for the occasion. Prof. Philip H.
Meyer, ably assisted by Samuel Hart
and Miss Annie Kline, of Bellefonte, and
Misses Bessie Searson, Winifred Weiland
and May Riech, Ezra Tressler, Geo.
Meyer and Clyde Weiland, of Bellefonte,
rendered a number of choice selections,
consisting of solos, duets, quartettes and
choruses. Their music was well ren-
dered and all who were present enjoyed
it thoroughly. Near the end of the pro-
gram Ex-Recorder Morrison addressed
the audience and with appropriate words
presented the organ to the church and
Sunday School in behalf of the girls that
conducted the voting contest. Rev.
Wharton properly responded and after
complimenting the singers for their fine
music, the entire audience rising voiced
a vote of thanks. He then read the fol-
lowing resolutions.

RESOLUTIONS.

At a meeting of the Board of Trustees of
Eagle Chapel, Roland, Pa., the following paper
was unanimously adopted.

Resolved, 1st.—That the members of this
Board of Trustees respectfully offer their
sincere congratulations to Miss Kathryn
Parker, Miss Velta Williams and Miss Alice
Neff, upon the remarkable success obtained in the
Organ Voting Contest, recently conducted under
their admirable management and, in behalf
of the congregation and Sunday School, they
beg to extend a vote of thanks to these ladies
and to assure them that they highly appreciate
and sincerely commend their willingness in
undertaking, and their tact and patience in
carrying forward this enterprise. And they
most heartily endorse the proposition to place
upon the said organ a silver plate bearing
their names and suitably commemorating this
event.

Resolved, 2nd.—That they record with sin-
cere gratitude, their recognition of the impor-
tant part so generously taken, in a variety of
ways, by Mr. J. M. Parker, and also by Mr.
Galer Morrison and wife.

Resolved, 3rd.—That the thanks of this board
are due and are hereby extended to the
many good friends, near and far, who re-
sponded to the call of the ladies, by contributing
their votes and using their influence in every
way possible.

Resolved, 4th.—That this board very heartily
commends the fairness of the enterprising
Organ of the Centre Democrat, Mr. Chas. K.
Kurtz, who originated this organ, and the
JNO. F. LEATHERS, H. F. REES,
Secretary, President.

Roland, Pa., June 6, 1900.

He also called attention to the hand-
some sterling silver plate which he and
another friend had placed on the organ
to commemorate the event. It bears
these words: "Secured in Centre Dem-
ocrat Contest 1900, under the manage-
ment of Kathryn Parker, Velta Williams
and Alice Neff"

Loganton.

Prospects are favorable for a big crop
of all kinds of fruit in this section of the
country.

Edward Herman is branching out into
the lumber business. He will manufac-
ture shingles.

The many friends of Frank Royer will
be grieved to learn he is very ill with
cancer and a wounded leg in the lumber
camp of C. S. Harter, at Nipon, Cambria
county.

Meixel, Coleman & Co., of Lycoming,
are operating a large bark job southeast
of Carroll, on the timber tract they pur-
chased of the Neice estate recently. Be-
tween twenty and thirty men are em-
ployed in the camp at good wages. The
Sallada Bros., of Ranchtown, have taken
the contract to haul the bark to Anten
Port. The tract contains over 1,000 tons
of bark and about 2,000,000 feet of good
hemlock timber.

L. M. Karstetter has secured control
of all mountain pasture on the lands in
White Deer, belonging to Kulp & Co.,
and the Schrader estate, and will en-
gage in the business of herding cattle
through the summer.

C. S. Harter has purchased the saw
mill of F. V. Royer, at Vintondale, and
has taken a crew of men from here to
operate the mill. Charley also purchas-
ed the heavy team of horses from Harvey
Overdorf and will take the animals to
his lumber job at Vintondale in a few
days.

At a regular meeting of Loganton
school board last Monday, at the organ-
ization of the board, Samuel Stamm was
elected president, T. R. Harter secre-
tary, and John Brown treasurer. Mon-
day evening an adjourned meeting was
held at which Sept. 17th was the time
fixed to commence the schools, and the
salary of teachers was determined: gram-
mar school teachers, salary \$40.00;
intermediate \$32.00; and primary \$15.00.

The saw mill now nearing completion
in the Heckman woods, owned by Edgar
Holt, of Northumberland, will be ready
to commence operations in about fifteen
days. This is the largest and best mill
ever erected in Sugar valley.

Oak Hall.

On Saturday last Miss Anna M. Dale
entertained a number of young ladies by
a picnic at her home. An excellent
lunch, including ice cream, cake and
lemonade was served. The young ladies
present were Misses Bertha Geringer
and Sadie Feilding, of Linden Hall; the
Misses Feity of Shingletown; Miss Bess
Gramley, of Walnut Grove; Misses
Margaret and Gertrude Homan; Annie
Bohn, Annie Lesh, Cora Homan and Ella
and Kathryn Dale. They report a
pleasant time.

Miss Eva Bathgate, of Lemont, who
has been staying with W. O. Dougherty's
for some time, returned home on Mon-
day evening.

Miss Annie Rishel is numbered among
the sick.

Elsie Peters, of Shingletown, spent
Sunday with her parents.

Bessie Horner, of Walnut Grove, was
the guest of Margaret Peters on Satur-
day.

Oscar Williams, of Lemont, transacted
business in town on Saturday.

Miss Sadie Kaup, of Bellefonte, is
staying with her grandmother at present.

From Nebraska.

MR. EDITOR:
Please tell Mr. Royer to come again.
There was a car load of cattle, 19 in
number loaded at this place this evening,
for Chicago market. The average
weight was 1735 pounds. They were
fed by William Davis 2 1/2 miles north of
this village. From a western reader of
the Democrat,

Henry Brown and family were to
Farmers Mills and Centre Hall last Sat-
urday.

Miss Rebecca Royer died at Philadel-
phia on Tuesday, the 5th, and her re-
mains were brought here and buried in
the Fairview cemetery on Thursday.
She was born at this place 53 years ago,
and lived here part of the time. She
left to survive her one brother and five
sisters.

James H. Hall, son of John Hall, a
former citizen of this place, graduated
with honors at Dickinson College, Car-
lisle, on last Thursday, and has already
secured a position as second assistant
teacher in a seminary in the state of New
York, at a handsome salary.

The remains of Dr. Chas. Smith, of
Clintonville, passed through town on Sat-
urday and were laid to rest in Heck-
man's cemetery, in Gregg township.

J. H. Reifsvynder, Hal Crouse and
daughter Ruth, made a business trip to
Flemington and Lock Haven this week.

The rains of last week had a refresh-
ing effect on vegetation in this vicinity.

Another car load of western horses
will be offered for sale at the Musser
house this week, by Walter & Shively.

Council has passed an ordinance to
extend Fox alley across the tail race, a
distance of about 30 feet, which is cer-
tainly no benefit for public use, as it ends
in private property and would only be
a burden to a private corporation and no
tax payer could use or have any benefit
from said extension.

Some of the farmers are complaining
about the ants destroying their corn.

G. F. Tobias is home on a visit to his
parents.

Tommy Frank had a runaway last
week and got shook up pretty well.

LOW EXCURSION RATES.

PUBLIC OPINION.

Opinions From Various Sources on Questions of the Day.

The attempt to make three-quarter
citizens out of the Porto Ricans is cer-
tainly original.—Ex-Speaker Reed.

General Wheeler's estimate that only
one-sixth of 1 per cent of the popula-
tion of the Philippines has been fight-
ing us is dreadfully unkind, unless it
is humilatingly true.—Chicago News.

Teddy Roosevelt does not want the
vice presidency. Of course not. But
then Teddy Roosevelt was never yet
caught running away from an office—
unless there was another office in sight.
—St. Louis Republic.

In this matter of recognizing polygam-
y President McKinley is for once
consistent. He has given his official
sanction to this practice in Sulu and is
equally liberal with regard to it in
Utah.—Chicago Democrat.

Has none of the Republican manag-
ers in Kentucky any knowledge of the
mysterious Brutus who came out
of the mountains to assassinate Goe-
bel? Or are they all 'honorable men'?
—St. Louis Post Dispatch.

Porto Rico under the American flag
will enjoy the same privileges and the
same immunities as the citizens of the
United States and territories of the
Union.—From General Miles' proclama-
tion on invading the island.

I believe that the Porto Rican tariff
bill is clearly unconstitutional and vi-
olates all our agreements with and
pledges to the Porto Ricans. If I were
in the senate I should certainly vote
against it.—Ex-Senator Edmunds.

Hon. William McKinley in the Phil-
ippines and the Marquis of Salisbury
in South Africa are the twin evangelists
of Anglo-Saxon civilization, and civi-
lization of that type is not concerned
with past pledges. It is out for the
stuff.—Chicago Chronicle.

Senator Hanna, the keeper of the
president's conscience and interpreter
of the oracles (duty, destiny and the
various trusts), also favored the house
bill, and especially the tariff provisions.
He said that "from a party point of
view the tariff ought to remain."—Bal-
timore Sun.

President McKinley ought to give
more attention to the Porto Rican pa-
pers. They are telling the truth in a
frank, manly way, and are making
Americans who are not "in politics"
and not dependent upon campaign con-
tributions blush with shame at the in-
justice of which Porto Ricans are the
victims.—Baltimore Sun.

McKinley, Foraker and all the rest
of the imperialists are agreed as to one
thing. And that is that the people of
our new acquisitions have no rights
under the constitution of the United
States; that the only rights they have
are those which congress in its sover-
eign pleasure may be pleased to grant.
—Chicago Chronicle.

The people of Iowa are unalterably
opposed to the establishment of any
tariff between the United States and
any territory acquired as a result of
the Spanish-American war the people
of which accepted the sovereignty of
this government without resistance
and voluntarily passed under the ju-
risdiction of its legislation and laws.—
Iowa House of Reps. (unanimously).

To borrow a Bible quotation, "A
house divided against itself cannot
stand." Paraphrasing Lincoln's de-
claration, I may add that this nation
cannot endure half republic and half
colony—half free and half vassal. Our
form of government, our traditions,
our present interests and our future
welfare all forbid our entering upon a
career of contest.—W. J. Bryan.

"Our plain duty," said President Mc-
Kinley, "is to abolish all customs tar-
iffs between the United States and Por-
to Rico, and give her products free ac-
cess to our markets." It is not Repub-
licanism to defend the denial of plain
justice. Neither is it good morals.
Nor good policy. It can be defended
least of all by American expansionists.
It is rank imperialism.—Philadelphia
North American (Rep.).

Will Drive Flies Away.

People in the country who are annoy-
ed by flies should remember that clusters
of the fragrant clover, which grows
abundantly by nearly every roadside, if
hung in the room and left to dry and
shed its faint fragrant perfume through
the air, will drive away more flies than
sticky saucers of molasses and other fly-
traps and fly-papers can ever collect.

Not the Only One.

If all the book accounts of Levi G.
Coleman, a tailor of Reading, Pa., were
squared up he would have a snug fortune
to stow away. Mr. Coleman has been
tailoring for 67 years, and in that time
he has furnished \$50,000 worth of cloth-
ing to "dead beats." He claims to be
one of the most heavily victimized of a
loug-suffering class of tradesmen.

Big Shipping Point.

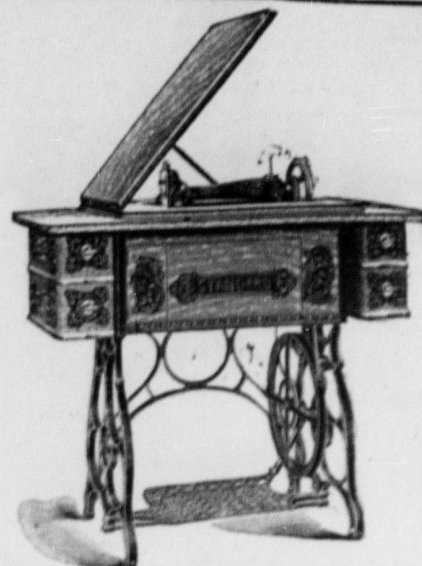

Linden Hall claims to ship more
freight than any station on the line of
this railroad, owing largely to the lum-
ber shipped by the Linden Hall lumber
Co. When the big Kettle lumber opera-
tion begins, with Centre Hall as its ship-
ping point, it will put this station at the
head for shipments.

If Afraid, Put on Your Rubbers.

The Scientific American suggests that
if you are afraid of lightning, simply put
on your rubbers and stand up so your
clothes won't touch anywhere. Whether
you are in doors or out of doors you are
perfectly safe, for rubber is a non con-
ductor and you are completely insu-
lated.

The electric lamps at night give the
streets a sort of a pole-light look.

The Standard Sewing Machine.

Every Mechanic

Will vouch for the superiority of
Rotary over Vibrating Shuttle Ma-
chines. You will only require one
in this life. It will outlast any
human frame.

Every Standard

Rotary makes both Lock and Chain
Stitch.

Reasons for Buying a High Speed "Standard" Rotary Shut-
tle Two-in-One Sewing Machine. Makes 176 Stitches
While Others Make 100.

- 1 The "Standard" Rotary has the biggest bobbin of any lock stitch machine. Holds 100 yards of No 80 cotton.
- 2 Bobbin more quickly wound.
- 3 The first Stitch perfect without holding ends of threads.
- 4 The tension is released when taking out the goods.
- 5 The finest goods are not drawn or puckered.
- 6 Less noise than any other machine.
- 7 RUNS 75 PER CENT. LIGHTER THAN OLD STYLE MACHINES.
- 8 Is the most rapid sewer—makes two motions of the treadle to three of other machines in sewing the same length seam.
- 9 Tension not changed by change of speed, size of thread, thickness of goods nor length of stitch—what other machine can do as much?
- 10 Most elastic stitch. Thread does not break when seam is stretched.
- 11 Does not break thread when machine is run backwards.
- 12 The "Standard" Rotary Needle dips only once when making a stitch—old style shuttle needles dip twice—hence that much more strain and wear.
- 13 The "Standard" Rotary Shuttle never stops when the machine is in operation. Old style shuttles start and stop twice to each stitch. Just think of the extra strain and wear that this makes! The "Standard" Rotary Shuttle moves onward continuously without a jar.
- 14 Shortest needle used in lock-stitch machines—therefore less liable to bend and skip stitches.
- 15 Owing to the construction of the shuttle and race, the point of the shuttle always comes in proper relation to the loop, hence almost absolute freedom from stitch skipping.
- 16 Shuttle so constructed that it cannot hit the needle—hence no broken needles from this cause.
- 17 Protection and packing of needle bar and construction of take-up and feed make less liability to oil goods than in other machines.
- 18 The face plate can be taken off by a thumb-screw, thus enabling the operator to clean and oil the parts without displacing any of them.
- 19 Feed motions all positive—no springs used—hence machine will feed over all thicknesses of goods and seam without "chewing" the cloth, no matter what the length of stitch.
- 20 Will wear twice as long as other lock-stitch machines.
- 21 Every part is independent of every other part, and can be replaced at a trifling cost. Therefore you can keep a "Standard" Rotary practically new a life-time.
- 22 Bran new set of attachments, self adjusting, and fastened to the presser bar in place of the foot.
- 23 Stand wheel and treadle run on adjustable steel points, which insures the easiest, smoothest bearings known to mechanics, and the wear is for a life-time.
- 24 Bent woodwork of the finest construction and finish known to art.
- 25 Automatic keyless drawer and cover locks, peculiar to the "Standard."
