MOSHANNON NO. 2.

An interesting event occurred at the pleasant country home of Mr. Weaver of Moshannon, June 27th, when Mr. Frank Lucas and Miss Sue H. Weaver were married by the Rev. J. V. Dye, the Lutheran minister of Kenadydin. Mr. Lucas, the groom, is a son of Ed. Lucas, of Snow Shoe and is an industrious young man, who has secured for himself a young lady of more than average good qualities. She was attired in white cashmere, with salmon silk and was a beautiful bride. The parlor was decorated with white flowers and green ferns. Some excellent music was rendered by Miss Lomison, of Moshannon. After the ceremony the guests, about twenty-five in number, were seated to an excellent supper, after which amid a shower of rice, the happy couple took the train for points west.

Another couple presented themselves as candidates for matrimony, but not having secured the necessary license, they had to post-pone their marriage—but the last the writer saw of them they were going towards Bellefonte at a rapid gait. So wedding bells in the near future are expected.

Mrs. A. H. Hoover, of Fillmore, attended the Lucas-Weaver wedding, at Moshannon last week.

BLOOD POISON. Mercury AND Polash Make Wrecks, Not Cures

In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored spots, and falling hair and eyebrows leave no room for doubt, as these are all unmistakable signs of Contagious Blood Poison.

Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial rheumatism and the most offensive sores and ulcers, causing the joints to stiffen and finger nails to drop off. Mercury and potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain.

S. S. S. acts in an entirely different manner, being a purely vegetable remedy; it forces the poison out of the system, and instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even though pronounced incurable by the doctors, S. S. S. can be relied upon to make a rapid, permanent cure. S. S. S. is not a new, untried remedy; an experience of nearly fifty years has proven it a sure and unerring cure for this disease. It is the only purely vegetable blood medicine known.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

Send for our Home Treatment Book, which contains valuable information about this disease, with complete directions for self treatment. Our medical department is in charge of physicians who have made a life-time study of blood diseases. Don't hesitate to write for any information or advice wanted. We make no charge whatever for this. Everybody is anxious for a festival, and we think there will be one before long. Miss Rose Hoover visited relatives at Port Matilda and Hannah during the week. John Thomas, of Loveville, spent a few days in this neighborhood last week. The farmers are busily engaged in storing away their crops.

"THE STANDARD"

SEWING MACHINES

Rotary Machines:

The following are a few reasons for buying a Rotary Machine: Largest Bobbin—holds half a spool of No. 80 cotton. First stitch perfect. Most perfect tension release. Runs 50 per cent. faster than old style shuttles. Most elastic stitch. Shortest needle in any machine. There are a score of other styles.

EVERY MECHANIC will vouch for the superiority of Rotary over Vibrating Shuttle Machines. You will only require one in this life. It will outlast any human frame.

Six Stitches in same time required to make three and one-half on old style shuttle machines. Just a trifle more than half the time required on other machines to do the same amount of work.

A Special Invitation

Is kindly extended to all while attending the coming Centennial of Centre county to call and see "THE STANDARD" Sewing Machine and allow me to explain its many excellent features and advantages over all other machines in the market. It is THE BEST and I can verify this statement by medals captured at the World's Fair, Atlanta, Omaha and other exhibitions. If you have an old Standard you can get the new attachments at little cost.
