

MCKINLEY TO MEDIATE.

The President Will Head the Appeal of Chinese Government.

CHINESE STATEMENTS CREDITED.

Our Government Assumes That the Foreign Ministers at Peking Are Safe, While European Governments Believe They Have Been Massacred.

Washington, July 24.—The president has listened to the appeal of the Chinese government as transmitted through Minister Wu, and has signified his willingness to mediate between the imperial government and the powers, but only upon conditions which first must be met by the Chinese government.

The United States' answer does not go to the length of the French answer to a similar appeal in laying down conditions which the Chinese government could not meet, even if so disposed, if it actually is struggling for its own existence. It does, however, look to the immediate relief of the foreign ministers in Peking, and moreover, to the protection of all foreigners, missionaries and traders in China, and to the restoration of order. With that much accomplished, the state department feels that it can properly approach the powers with the Chinese propositions for a settlement for what has occurred. The Chinese appeal came to Secretary Hay Sunday through Mr. Wu. The secretary promptly telegraphed it to the president at Canton, and after taking a full day for his consideration the president's answer came yesterday afternoon.

The imperial edict made public yesterday at the state department shows that the imperial government already has taken the first steps toward doing what the United States government requires as the principal condition for the exercise of its good offices, in enjoining the viceroys, magistrates and leading men to stop the disorders and protect foreigners. Our government will await the result of this before proceeding further. It is expected that adverse criticism upon the action of the state department in this matter will be heard from Europe, where the governments are acting upon the belief that all of the foreign ministers in Peking have perished, but our government nevertheless regards its course as the correct one.

All of the European governments have answered Secretary Hay's note reciting the Conger message, and all of them, in terms polite and diplomatic, express utter incredulity in the authenticity of the Conger message. Consul General Goodnow, himself a man of good judgment, also called a warning to Secretary Hay against the acceptance of the message without confirmation. But the state department has fully considered the message in all of its aspects, has carefully weighed the numerous objections and suspicions put forth here and in Europe, and without guaranteeing the authenticity of the message feels it to be a matter of prime duty to act upon the theory that it is genuine.

The dispatch from Mr. Goodnow, consul general at Shanghai, dated yesterday, says that Prince Tuan wires that an officer of the tsung-li-yamen saw all the ministers on the 18th; that none was injured and that no attack was at that time being made. He does not say to whom the dispatch of Prince Tuan was addressed, and it is to a certain extent at variance with the dispatch of Mr. Conger of that date, describing the Conger as being under fire at that time.

After mature consideration the officials of the state department have come to the conclusion that by a telegraphic error the name of the informant of Consul General Goodnow has been turned into "Tuan" from "Yuan."

The latter is the famous Yuan Shih Kai, the governor of the province of Shan Tung. He had always maintained an attitude of neutrality, and even has leaned toward positive friendship for the foreigners.

Two Hundred Rebels Killed and 130 Surrendered Last Week. Manila, July 23.—It is officially announced that last week 200 insurgents were killed and 130 surrendered or were captured. One hundred rifles were taken. Twelve Americans were killed and 11 wounded. This includes the casualties of Col. William E. Birkhimer's engagement with a force of the Twenty-eighth volunteer infantry, who attacked 200 insurgent rifles entrenched on the miles east of Taal, killing 38.

Senor Buencamino last Thursday sent to Aguinaldo, by means of Aguinaldo's mother, the amnesty resolutions adopted by the meeting of representative Filipinos here on June 21, together with Gen. Philippines here will give a banquet next Saturday in celebration of President McKinley's order of amnesty. The Relief of Kumassi. London, July 24.—Advices just received here say that Col. Willcocks, the commander of the relief column in Ashanti, describes his entrance into Kumassi, July 15, as presenting a scene of horror and desolation, burned houses and putrid bodies being visible on all sides. He adds that the native soldiers were too weak to stand, and that the British officers thanked God for the relief, as a few more days, they declared, would have seen the end. On finding Kumassi in such a terrible condition Col. Willcocks, after cutting bush and burning the bodies, placed the whole force upon half rations, an arrangement cheerfully borne.

No Trouble in Venezuela. New York, July 24.—Luther T. Ellisworth, United States consul at Puerto Cabello, Venezuela, was a passenger on the steamship Olinda, which reached her dock yesterday. "All reports about war in Venezuela are false. I left Venezuela July 8, and there was no trouble there whatever," said Consul Ellisworth. "President Cipriano Castro is one of the best presidents Venezuela ever had. He has all the states in charge of trusted military men, fully able to suppress an incipient insurrection at any time."

Exploding Gasoline Launch Kills Two. New York, July 24.—By the explosion of a gasoline launch on Long Island sound last night Mrs. A. E. second Tien Tsin massacre. It is as follows:

"Sacred edict. Issued by the Lord of Wealth and Happiness. 'The Catholic and Protestant religions being insolent to the gods and extinguishing sanctity, rendering no obedience to Buddhism and enraging both heaven and earth, the rain clouds now no longer visit us, but 8,000,000 spirits soldiers will descend from heaven and sweep the empire clean of all foreigners. Then will the gentle showers once more water our lands, and when the tread of soldiers and the flash of steel are heard, heralding woes to all our people, then the Buddhists' Patriotic League of Boxers will be able to protect the empire and bring peace to all its people. 'Hasten, then, to spread this doctrine far and wide, for if you gain one adherent of the faith, your own person will be absolved from all future misfortunes. If you gain five adherents to the faith, your whole family will be absolved from all evils, and if you gain ten adherents to the faith your whole village will be absolved from all calamities. Those who gain no adherents to the cause shall be decapitated, for until all foreigners have been exterminated the rain can never visit us. Those who have been so unfortunate as to have drunk water from wells poisoned by foreigners should at once make use of the following divine prescription, the ingredients of which are to be decocted and swallowed, when the poisoned patients will recover: Dried black plums, half an ounce; solanum delcarmara, half an ounce; encemalia ulmoides, half an ounce."

GERONIMO A MANIAC.

Bloodthirsty Indian Chief Crazy by His Long Confinement.

mad. He is a prisoner at Fort Sill, O. T. It cost the government a million dollars and hundreds of lives before he was safely behind iron bars. Deprived of his liberty as a punishment for his crimes, he could not stand the confinement. For 14 years he had been a prisoner of war—the last ten at Fort Sill. For almost half a century he led a band of bloodthirsty Apaches on the warpath. To the early settlers of the southwest he was a terror.

The Boxers' "Sacred Edict." The inflammatory posters used to arouse the Chinese.

New York, July 24.—Rev. Dr. John Fox, of the American Bible Society, yesterday received a translation of one of the inflammatory posters used by the Boxers. This was forwarded by Rev. Dr. John R. Hykes, of Shanghai, who received it from Rev. Charles F. Gammon, of Tien Tsin. It is a sample of many varieties, of which 200,000 copies were distributed in Tien Tsin city on July 4. Only the prompt arrival of foreign troops prevented a

SETBACK FOR BRITISH.

General De Wet Has Again Cut Roberts' Communications.

HUNDRED HIGHLANDERS CAUGHT.

Both Men and Horses of the British Army on Short Supplies and Out of Condition For Hard Work—British Operations Apparently Paralyzed.

London, July 24.—Gen. De Wet has again succeeded in cutting Lord Roberts' communications, both by railway and telegraph, and captured 100 of the Highlanders. The story of the federal commander's bold raid comes in the form of a telegram from Gen. Forester-Walker, dated at Cape Town, Sunday, July 22, forwarding a dispatch from Gen. Knox, dated Kroonstad, July 22, as follows:

"Following from Broadwood sent by dispatch rider to Honingspruit, tried thence to Kroonstad: 'Have followed commando since July 16. Hard, sharp fighting at Palmietfontein July 19. Prevented from pursuing laager by darkness. Eight dead Boers found. Our casualties five killed and 76 wounded. Reached Vaalkrantz today. Enemy doubled back through 'aarde Kraal in darkness. Shall march tomorrow to Koode Vaal station. Send supplies for 3,000 men and horses, also any news of the enemy's movements. I believe the commando consists of 2,000 men and four guns, and is accompanied by President Steyn and both the De Wets.

"The wire and main line of the railway north of Honingspruit have been cut, and the telegraph to Pretoria via Potchefstroom. According to my information De Wet has crossed the railway and is going north."

Gen. Kelly-Kenny telegraphs from Bloemfontein, under date of July 22: "The railway has been cut north of Honingspruit and a supply train and 100 Highlanders captured by the enemy. A report was received this morning that a large force of the enemy is moving on Honingspruit. All communication with Pretoria is cut off. The second and third cavalry brigades are following the enemy."

The war office has received a telegram from Lord Roberts, dated Pretoria, July 22, which repeats the news contained in the telegram from Gen. Forester-Walker, given above, and continues:

"Methuen continued his march after the occupation of Heckport, and engaged the enemy's rear guard at Zindfontein July 20. Casualties, one killed and one wounded. Early Saturday he attacked the enemy again at Oliphant's Nek and completely dispersed them, inflicting heavy loss. Our casualties were slight. By these successes Rustenberg has been relieved and Methuen and Baden-Powell have joined hands.

"Hunter reports that Bruce Hamilton secured a strong position on the Spitzkoppe yesterday, with a battery and the Cameron Highlanders, and 500 mounted men. Our casualties were three of the Camerons killed and Capt. Keith-Hamilton, of the Oxford, Capt. Brown and Lieut. Stewart and 13 men of the Camerons wounded."

Letters reaching London from the British troops in Orange River colony assert that both men and horses are on short supplies and out of condition for hard work. If this be true there is little cause for wonder at the failure to capture De Wet and at the apparent paralysis of the operations.

Generals Grant and Barry For China.

Washington, July 24.—Although the orders have not yet been issued, it is pretty generally understood in military circles that Brig. Gen. F. D. Grant, U. S. V., and Brig. Gen. Thomas B. Barry have been selected for assignment to duty with the military division in China. Their assignment, together with that of Brig. Gen. James H. Wilson, U. S. V., already announced, will give Major Gen. Chaffee three general officers of recognized ability to assist him in the management of military operations in China. Gen. Grant is now on duty with the troops in the Philippines, being stationed near Manila. Gen. Barry is a passenger on the transport Sumner, which left San Francisco on the 17th inst. for Nagasaki.

Not a Christian Endeavorer.

London, July 24.—Miss Caroline E. Keyes, who pleaded guilty a week ago in the Marylebone police court, London, to the charge of stealing a gold watch, a bracelet, hair brushes and articles of clothing of the aggregate value of £22 from rooms in the Norfolk Mansions hotel, where she had been staying, and who in the course of the hearing said she was an American and had come to London to attend the world's Christian Endeavor convention as a delegate from a church in Minnesota, has been sentenced to three months' imprisonment. The evidence showed, however, that she had no connection whatever with the Christian Endeavorers.

A Demand From Japan.

Denver, Colo., July 24.—Governor Thomas yesterday received a brief communication from Secretary of State John Hay inclosing an extended letter from N. Nabeshima, the Japanese charge d'affaires at Washington. The letter is in the nature of a demand upon the part of the imperial government of Japan that the Colorado state board of health raise the quarantine on Japanese subjects on account of the bubonic plague. The Japanese, according to the statement, should not be included with the Chinese in anything. They are not given to plague, and never have been. Japan will insist that the race shall not be discriminated against.

Mrs. Jannuscheck Stricken.

New York, July 24.—Mrs. Fannie Jannuscheck, the tragic actress, is a patient in St. Mary's hospital, Brooklyn, suffering from almost total paralysis of the left side. She was attacked during the recent hot spell, and her illness is due in part to her weakened condition caused by the excessive heat. It is hoped she will recover.

Mrs. Samuel Thomas wishes to say a word in Gratitude to Dr. Stites.

When I went to Dr. Stites 3 weeks ago I was to me a weary burden. I had catarrh in nose and throat was hacking, spitting and coughing constantly. Any little change in weather caused me to take cold. Could not enjoy my meals, because of dreadful feeling of fullness and distress in stomach after eating. In fact, I was badly run down and very thin. Discouraged when I went to see Dr. Stites, all this is changed now after only 3 weeks treatment I feel stronger and better—my appetite is returning and distress after eating has gone—my cough is gone and my entire system seems to have changed for the better.

I could not breathe through my nose and was constantly coughing and spitting. I began to grow quite thin, and there was a buzzing and ringing noise sounding in my ears most of the time. When Dr. Stites told me what he could do for me, I was quite happy, and now after only a short time under his care, I am improved wonderfully. All those terrible noises have disappeared and I now hear all right. I breathe through my nose and am improved in every way. I feel very grateful to Dr. Stites.
