The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

He was laid to rest in the Gatesburg Cemetery on last Friday afternoon. He leaves many friends to mourn his death.

The people of this place were terror stricken when they heard of the death of Prof. Geo. W. Weaver, of Clearfield, who has been the Superintendent of common schools of Clearfield for some time. He was familiarly known here as he spent his youth in this valley, and usually spent his vacations among his brothers and friends in this locality. Mr. Weaver was a cultivated Christian man, and was one of the best superintendents that county ever had. For many years he was the principal of the schools of Curwensville. He will be greatly missed by those who knew him, and also among our educators. His brother, Prof. J. A. Weaver and family and D. G. Meek and wife, of this place, attended the funeral on Saturday afternoon at Curwensville. We extend our deepest feeling and sympathy to the family and friends.

Walker's in Phillipsburg.

Among the guests were Mr. and Mrs. S. M. McCormick and son Clay, of Lock Haven. They seemed to enjoy every minute of the time spent at Roland. Their many friends are always glad to see them.

The wedding cards are out for the Kurtz-Hensyl wedding. Some of the Broadway people are recipients of the same.

J. Lattimer Curtin sent his photos home. We can scarcely recognize Janette for that wonderful growth of mustache, yet he looks well. If we could only see his teeth, or a broad grin it would be more like him. The mustache is somewhat more luxuriant than the one he carried in a paper before he left for Oklahoma.

I see our scribe of this place has neglected sending Roland items for some time so I have given a few.

Quite a pleasant evening was spent at the home of Col. and Mrs. Curtin, at Rolling mill. There were nine guests. The older set went in one carriage and the younger people in another. Asher, you will not gather up strength very fast if you walk up the road so often.

If there is any one that has a vacation to spend and wants to find a nice quiet place, don't fail to give Potters Mills a trial. You will find it the healthiest place you could find in a days travel.

You would believe it, if you knew the number of visitors that has been here this summer.

Dame Rumor has it that there will be no less than a half dozen weddings near and round town. We hope the parties will send us an early call; not as before too late. We will assure them a grand time with the pacer at a 2:20 gait, and the scribe of, Highvalley hanging to the lines. An early call.

It seems when some of our good natured people want to make some improvements for the benefit of the community they are always met with opposition. Nearly every man in town knows so much about law, but when questioned closely and to the point they know nothing. Why not let the water company do its work to a finish? How can a town improve when every man "shoots" his mouth off and has nothing in it. Let the good work proceed.

The Marriage Problem

"How to be happy though married" is really subordinate to a far greater question. How to be healthy though married. Solve the problem of preserving the womanly health and you will have solved the marriage problem. It has been entirely solved to the satisfaction of hundreds of thousands of women. There can be no happiness without health. The general health of woman is dependent on the local health of the delicate womanly organs. When there are debilitating drains, or inflammation, ulceration or female weakness, happiness in marriage is practically impossible. The first step to happy wifehood is to begin the cure of these womanly diseases which rack the nerves and spoil the temper, rob the form of its symmetry and the cheek of its bloom. The first step toward the regaining of the womanly health it taken with the first dose of Dr. Pierce's Favorite Prescription. The cures performed by this remarkable remedy are without parallel. Women given up by doctors, living in the house like condemned prisoners, have tried "Favorite Prescription" as a last resort and been made "well and happy." It is a positive cure for irregularity, inflammation, ulceration, disagreeable drains, and female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Well and Happy.

Mrs. Anna Willy, (Michigan House), Northville, Spink Co., S. Dak., writes: "I am enjoying good health, thanks to your kind advice and valuable remedies. I suffered very much with female weakness and other ailments for more than two years, when I wrote to you for advice. After carefully following your advice and taking six bottles each of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I am now a well and happy woman."

The People's Common Sense Medical Adviser, containing 1008 pages, and over 700 illustrations is sent free, on receipt of stamps to cover expense of mailing only.
