STRIKE BEGINS MONDAY.

The long pending strike in the anthracite region of Pennsylvania was yesterday ordered by President Mitchell, of the United Mine Workers, to take effect next Monday.

It is expected that about 143,000 miners will respond, and that all the mines will be closed on Monday, if not before. The men will decide for themselves individually whether to quit work immediately or to remain in the mines until the day specified in the strike order.

Committeeman Frederick Dilcher still has hope that the trouble may be adjusted by arbitration or otherwise. Nevertheless the operators remain firm in their determination to grant no concessions.

Members of the National Guard of this state may not be surprised if they will be compelled to spend the next month in the anthracite coal regions. It seems that a strike is sure to come and that means much trouble. The outlook is not favorable for a settlement.

MANY RECENT DEATHS.

ARCHIBALD C. HUTCHINSON—After several years' suffering from Bright's disease Archibald Hutchinson died Sunday, at his home one mile south of Warriorsmark. Archibald Hutchinson was aged 71 years and 8 months. He was born, and with the exception of a short residence in Centre county many years ago, he always lived upon the same farm where he died. The deceased was married to Miss Margaret Gray, of Half Moon valley, and she with their four daughters, Laura, Annie, Alice and Maude, all survive him. He is also survived by two sisters, Mrs. Eliza Grazer, of Warriorsmark; and Mrs. Margaret Earnshaw, wife of Chaplain Earnshaw, of Dayton, Ohio.

Mr. Hutchinson was for years one of the most active and prominent men in his community. He was a Republican and has filled many positions of honor and trust. His vocation had always been that of farmer and dealer in grain.

MRS. JULIA BAILEY: A highly respected resident of Beech Creek, died very suddenly Friday afternoon, after an illness of only a few hours, from a stroke of apoplexy. The deceased lady was about 60 years of age. She was born in Hublersburg and went to Beech Creek with her parents when quite young. Mrs. Bailey is survived by four brothers, Frank Dunkle, of Wellsboro, Pa.; Forrest and William Dunkle, of Jersey Shore; G. Fremont, of Beech Creek, and one sister, Miss Annie Dunkle.

WILLIAM S. GRAY—A well known resident of Stormstown, who has been in declining health for a couple of years, and whose condition has been very serious for several weeks, died Monday evening at 8 o'clock. The deceased was a brother-in-law to I. V. Gray, of Phillipsburg, with whom he was associated in the mercantile business at Stormstown. A Doleful Record.

Forty good engines have been demolished in wrecks occurring on the Pennsylvania division of the New York Central since the first of this year, at an average cost of \$8,000 each, a total of \$320,000. Worse than this, twelve men from Jersey Shore have been killed on the road within the same time. This is a gruesome record and is not calculated to foster confidence in the road. The monied losses of the present management have met with since succeeding the Beech Creek is something tremendous. The freight business done on this road is entirely too heavy to be carried on anything but a double track line, which it is being converted into.

To Stop Tramps Riding.

It is announced that the Pennsylvania railroad company will increase its force of detectives and special policemen in the effort to put a stop to tramps stealing rides on their trains.

School Shoes

That Stand The Strain.

WE'VE just opened a line of the nebbiest shoes for school boys and girls that we have ever shown at any price—and these are not the most expensive sorts, either.

The man who owns and runs the factory in which these shoes were produced has been a practical shoemaker all his life. He used to make shoes by hand and did loads of cobbling for school children. It was during his early days that he studied the needs of children and saw the need of better shoes than had been made for the youngsters.

The result of his thought and experience in this direction is manifested in these shoes. The shapes, toes, the addition of strength here and there where most of the strain comes, and the little touches of beauty make these shoes very much different and very much better than the common-place, clumsy shoes usually turned out for children.

\$1 pays for a pair of the best in the lot. Some are \$1.75, \$1.50, \$1.25 and \$1.00; all very low-priced when the quality is considered.

Will you come in and look at them? MINGLE'S SHOE STORE, Bellefonte, Pa.
